"Back to childhood's days," remarked a young lady on Albert St. when telling of falling out of bed the night previous.

Rev. Frank Baird was elected assistant clerk of the Presbyterian Synod of the Maritime Provinces now in session at Charlottetown, P.E.I.

Spanish Influenza is only a camouflage name for LaGrippe as we know the malady here. It is the old enemy under a new name and of a very severe type.

Complaint is made that boys around the theatre doors every evening are an annoyance to patrons. It would be a good idea for the police to give this matter some attention.

A Woodstock citizen lost, Monday night, a tan gauntlet glove, probably on Park's hill on way from Boulton. If the finder will not return please write the Sentinel and the other glove will be sent him.

All the staff of the C.P.R. general office were absent from duty last week, with one or two exceptions. Whether from Grippe or Spanish Influenza some of the men were very ill and continue so up to this writing.

Word has been received of the death of Joseph Lamb in Massachusetts General Hospital. He had been ill at his home in St. Andrews for some months and went to Boston with the hope that an operation would restore him to health. The body was brought to St. Andrews for interment.

Stanley Smith brought to the Sentinel Office, Saturday, three potatoes whose combined weight was 24 lbs. We thought this a winner until Harry Faulkner came along with one potato, of the Green Mountain variety that weighed 24 lbs. So far as present records are concerned this spud is the daddy of them all.

The Ladies' championship golf match was played during the past week and was won by Mrs. G. Fillet. Lately of Magog, Que., with a score of 369 strokes for 54 holes, breaking all recent records by making a 46 on one of the rounds. Mrs. Fillet plays a very fine game and was a record player on one of the Quebec city links previous to her marriage.

A very large number of passports have been issued to men who have gone to Maine for the potato picking season. Five dollars a day and board seems to be a strong inducement although the same amount has been paid in some places in Carleton County. That great scarcity of labor did not materialize. The weather has been the great drawback to the farmers.

The President of the "Social Service Council", lately organized here, has called for a meeting of the council for Thursday afternoon at three o'clock in the Vestry of the United Baptist church on the 10th inst. for the chief purpose of electing the permanent officers. Other matters will probably be taken up. Each church and related societies are requested to send five delegates to this meeting. It is hoped that there will be a good attendance.

CARD OF THANKS.
