DANGER TO SYSTEM UNLESS ACTION IS TAKEN

Ignorance alone can excuse neglect of health when all indications point to kidney trouble. Everyone should know that from the hour the kidneys fail to remove the poisons from the blood stream, these poisons are accumulating ready to cause sickness, pain and suffering.

How are you to know that the system is in danger from poisoning? One or more of the following symptoms should leave no doubt in your mind. If you are the victim of backache, pains in the back or sides, or lumbago, be sure nature is calling for better kidney action. Take Gin Pills.

At the first twinges of Rheumatism, swollen ankles and joints, or any other manifestation of uric acid poisoning, take Gin Pills. Dozens of Testimonials prove Gin Pills to be the sovereign remedy.

Take the warning given by constant headaches, restless nights, dizziness when you stoop, frequent chills, bladder urinary trouble, or constipation, and turn to the remedy which is so sure that it is sold on the money-back guarantee—Gin Pills.

Gin Pills are sold by all dealers—50c. a box or 6 boxes for \$2.50. A free sample will be sent if you address your request to the National Drug & Chemical Co. of Canada, Limited, Toronto; or to the U.S. address, No-Dra-Co Inc., 222 Main St., Buffalo, N.Y.
