FRIDAY, February 15th, 1918.

## WATER POWER.

The fuel shortage is calling attention to the importance of a development of New Brunswick's water power. There are great possibilities of harnessing the waterfalls of the St. John river and it is estimated that thousands of water horse power could be produced. The vast amount of cheap electric power that could be produced would result in a notable transformation of agricultural life, permitting the lighting of farm houses and barns by electricity and the use of power for farm machinery and household purposes. Power could be furnished for any number of factories and make possible the manufacture of goods valued at millions annually.

That the day is coming when the water powers of the province will be developed is as certain as it is night follows day. It may be remote, it may be at hand, but the trend is that the day and the arrival is inevitable. The question is so large and important that the federal government should handle it. It will meet with opposition, but what constructive ideas have not had to pass through their period of unpopularity?

## ENTERPRISING LADIES.

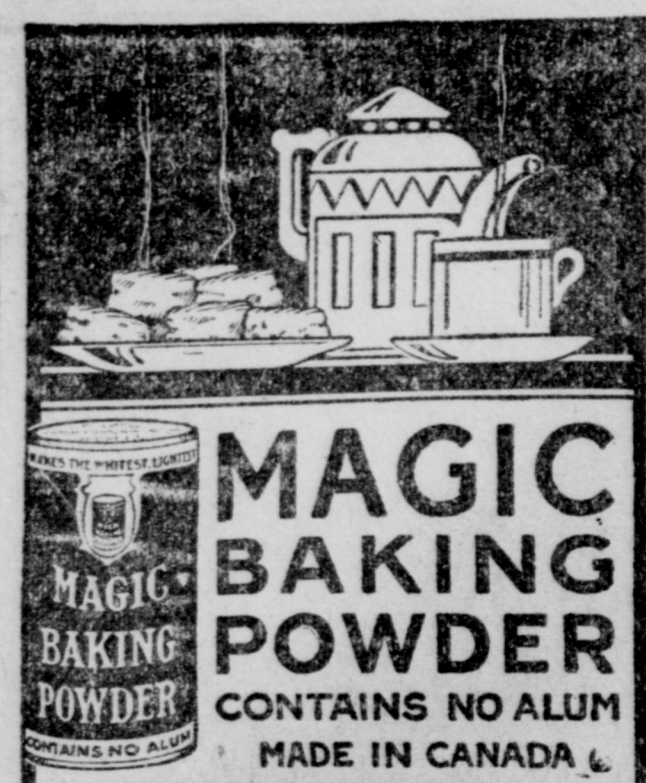

The ladies of the Women's Institute, of this town, are deserving of commendation for their enterprise in introducing for the first time to this locality a feature of the reputation of the Chautauqua Festival, which will appear in the Hayden-Gibson theatre for three days this month.

The twenty gentlemen who so kindly assisted them, in guaranteeing against loss, are also deserving of much credit. It is expected to be a great success as those interested are anxious to make the Chautauqua Festival an annual event. The ladies will call on all those possible within a few days to canvas for the sale of season tickets.

"You send us away with a brass band and welcome us home with a warrant of arrest" remarked a returned veteran to a minion of the law.

To some observers it would seem that the town fathers were specializing in the art of camouflage in advancing salaries and calling it economy.

At the salary raising Friday night the janitor was not included. It is safe to assume that the princely sum now paid him will not be spent in riotous living.

## CUNARD LINER TORPEDOED IN WAR ZONE

2,179 American Soldiers En Route for France Were on the Liner, of Which 1900 Have Been Accounted for—First Troopship Crossing Atlantic to Fall Prey to Enemy.

Washington, Feb. 6.—The Cunard liner Tuscania, carrying 2,179 American soldiers has been torpedoed and sunk off the Irish coast and at a late hour tonight 1,912 officers and men had been accounted for in a despatch to the State Department from London.

News of the great disaster in the war to America's armed forces came in a brief despatch to the War Department. It did not mention the possibility of further survivors, but hope was built here upon the fact that all of those rescued were landed at two widely separated Irish ports and indications that relief vessels were at hand quickly.

Feb. 8.—British Admiralty figures given to the Associated Press at London tonight show 166 missing, 147 of them soldiers—four officers and 2,060 men on board the Tuscania, and the Admiralty reports among the survivors 113 officers and 1,197 men.

### AMERICANS RARE COURAGE.

The official report of the sinking of the Tuscania show the rare courage and discipline of the American soldiers on board the transport.

"But that is the sort of thing to be expected from such gallant men as America is sending over here," is the British comment.

The loss of life in proportion to the large number of men on board the Tuscania is commented upon as being remarkably small, and that again is evidence of the character of the American soldiers, their coolness, discipline and fine courage in the face of appalling danger.

### SALVATION ARMY TAG DAY AND STREET COLLECTION

The local corps of the Salvation Army are planning to do their bit in an effort being made throughout Canada to raise \$20,000 for Salvation Army work among the Canadian troops. A Tag Day is being held here on Feb. 23rd, and everyone is urged to assist.

What is being done for our boys overseas will be evident from the following statement: Huts, Homes, etc., for soldier at some 100 Centres in England thousands of men helped daily. Numerous Homes and Agencies

for Soldiers in Northern France Work amongst the Forces in Canada, Egypt, Malta, South Africa, Australia, New Zealand, India, Ceylon, etc. (thirty-four Salvation Army Officers are officially appointed as Chaplains). Visiting of wounded in French and English Hospitals by Women Soldiers doing line work. The Army's Motor Ambulance Cars and Officers. Canteens and Lodging-Houses for Employees at Munition Works. Officers Tracing the Missing on the Continent, and Caring for Relatives visiting their dying men. Food and Clothing for Prisoners of War in Germany. Rest Rooms for Troops at Railway Stations. The Army's fifteen permanent Naval and Military Homes, where thousands of Service men are cared for. Organized Visitation of Soldiers' Wives and other dependants. Out of the thirty-four Chaplains mentioned above six are with the Canadians. This work must be kept up. Heavy expenditures have been incurred in connection with this War-Time Work, and the above-named sum is needed at once. We ask our friends, therefore, to give generously on Tag Day. Donations for the above work will be received and acknowledged by Frisign Peter Forbes, Box 357, Woodstock.

## THE AFTER EFFECTS OF LAGRIFFE

Often Worse Than the Disease Itself—Victims Left Weak, Nervous and Worn Out.

La Grippe—the name by which influenza is most generally known—is a disease prevalent throughout Canada during the winter and spring months. Any one who has felt its pangs is not likely to forget the trouble. La Grippe starts with a slight cold—and ends with a complication of troubles. It lays the strong man on his back, torments him with fevers and chills, headaches and backaches. It leaves him a prey to pneumonia, bronchitis, consumption and other deadly diseases. In fact its after effects are more serious than the trouble itself. You can avoid la Grippe and winter colds by keeping your blood rich and red by the occasional use of Dr. Williams' Pink Pills. If you have not done this and the disease lays you low, you can banish all its evil after effects by his same great blood building, nerve restoring medicine. This has been proved in thousands of cases throughout Canada by la Grippe victims who have been made well and strong through the use of Dr. Williams' Pink Pills. Among the cured is Miss Irene Booth, Portsmouth, Ont., who writes: "I take much pleasure in recommending Dr. Williams' Pink Pills, because I have proved their worth in my own case. Last winter I had a severe attack of la Grippe and it left me weak and all run down. I had severe pains in the chest and under the arms, palpitation of the heart and attacks of neuralgia which left me with the feeling that life was scarcely worth living. I was taking doctor's medicine, but it did not help me and I was much discouraged. I was advised to try Dr. Williams' Pink Pills and began their use only on the principle that I would try anything that might better my condition. I had only been using the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved, and in a little more than a month I felt all my old time vigor had returned. I am sincerely glad I was persuaded to try Dr. Williams' Pink Pills, and I shall always have a good word to say for them."

Dr. Williams' Pink Pills not only cure the disastrous after effects of la Grippe, but are also a specific for all these troubles due to poor blood, such as anaemia, rheumatism, indigestion, women's ailments, and the generally worn out feeling that affects so many people. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

## DEATH.

MILLER—At Canterbury, Jan. 31, George Isaac Miller, aged 83, leaving two sons, two daughters, and many relatives, some at Tracey Mills, to mourn their loss.

\$20.00	\$30.00

## The John McLaughlan COMPANY. QUALITY ALWAYS FIRST

## The Results of 1917

The Thirty-first Annual Report of The Manufacturers Life Insurance Company shows a record of growth unsurpassed by previous achievements.

The new assurances amounted to the large sum of \$16,485,403, and the Insurance in Force, \$98,128,631.

The gain in insurance, \$9,010,272, was the largest in the history of the Company.

The increase in Assets was \$1,891,348. The Assets now total \$24,585,783.

The Income exceeded \$5,100,000 and also established a new record.

The mortality was again very favorable, despite the extra claims imposed by the war, being more than 25% below that provided for.

Notwithstanding the fact that the Company made large purchases of War Bonds during the year, the average rate of interest earned was 6.52%.

The Surplus, exclusive of Special Reserve, now amounts to \$2,530,054.54. This Surplus, compiled under the Canadian Government Standard, would amount to \$3,670,589.54, showing a gain over the previous year of \$226,805.69.
