## COMPARATIVE SELF DENIAL.

Consider the soldier in the field. It is a truism that he faces death in its most violent and lingering forms 24 hours a day for weeks on end. A certain number of the soldiers we have sent abroad will never come back. They have paid for their share in the war with their lives. What would the future have had in store for those who have, and will die?

The promise of many brilliant careers have been spoiled by some German shell or bullet.

Young men have died who, had they lived, would have been leaders in intellectual life, and would have heard the sweet music of sincere praise, but they fell that their country might live.

All this we know to be true. The long and short of it is that our boys showed the very limit of self-sacrifice when they denied themselves the realization of their future which, in all probability, would have been a sweet stretch of life through which to live.

We who remain at home amid our friends and within the sacred bounds of our family should surely be willing to deny ourselves the lesser things. The person who asserts that he has already contributed enough for patriotic purposes, or has not time to help out a patriotic movement, shows either a minimum of brains, an inability to grasp the situation, or a maximum of the type of selfishness that a real Canadian cannot distinguish from a lack of loyalty.

There is one safe rule in time of war, which is to shut your mouth and keep it shut.—Montreal Star.

A citizen who made the trip from Houlton in 35 minutes, by auto, advises hitting the man, who is complaining of the roads, over the head with a sledge hammer. Why the head? Why not deliver the blow on some part of the anatomy where it will do some damage and not break the sledge hammer?

It is pointed out that no one but an authorized police officer has any right to ask a person to show his or her registration card. A landlord or a proprietor or manager of a hotel or restaurant who knowingly permits an unregistered person to be entertained is guilty of an infraction of the law. But the police are the only persons who have authority to ask for the production of a card.

There is no reason why decent Canadians should be decent to those who are not supporting the boys at the front. The food slacker, the money slacker, the rumor monger, and all his kind, should be made to feel deeply that the esteem in which they are held is nil. If a person boasts of having much flour or sugar on hand, or of not regarding the rules of the food administration, or who makes fun of the government or the soldier, or who expresses a belief in the course the government has taken against Germany, then the iron is about hot enough to strike.

## WAR VETERANS AND THE Y.M.C.A.

At a meeting of the War Veterans Association in Fredericton the work of the overseas military Y.M.C.A. was taken up and discussed at length.

It was the unanimous sentiment of those present that the work of the Y.M.C.A. was of the highest order and something that was a great benefit to the soldiers in the field.

The meeting went on record as saying that the work of the Y.M.C.A. was to be commended.

A Dominion convention will be held in Toronto, July 29th. Delegates will be present from Woodstock.

## TO AID WOUNDED FRENCH SOLDIERS

July 14th is the French national holiday. In all allied countries an appeal is being made to the public for wounded French soldiers and sailors.

Each local "French Red Cross Society" has appointed a day in which appeals will be made for the wounded French who have so nobly fought in this gigantic struggle.

The local Red Cross Society has appointed July 15th as the day of their appeal.

## THE SPLIT-LOG DRAG

There is not half enough split-log dragging done on the roads in Aroostook county. We are not among the number that think split-log dragging is about all there is to be done 'to the roads, but we are pretty well aware that it is one of the very most important things to do, and will do work of great benefit to the roads that cannot be done nearly so well or cheaply in any other way. In travelling over the country we frequently pass over very bad pieces of road that would instead be very good indeed if they had 'only received, a few days before, when sufficiently moist, even one dragging. It is too bad that more of this bad road cannot be converted into good road in this way, when this conversion can be so easily, quickly and cheaply done. Let no one make the mistake of thinking that it costs a good deal to have good roads—it costs very much less to have good roads than to have poor ones, for no community can afford to ride over and through rough roads, with their bumps, their holes, their ruts, their mud puddles, etc., when many of these nuisances could easily be abolished.—Fort Fairfield Review.

WEDDING RINGS

BATH.

A very serious accident took place here on Thursday last when Ralph Foster while walking along the railway track, was struck by the engine of the 'up going' night train, and thrown over an embankment and badly cut about face and arm.

The news of the sudden death of Mrs. Wellington Page, formerly Miss Kate L. Barker, at Lowell, Mass., was a great shock to her friends here. Mrs. Page is the daughter of Mrs. Harriett Barker residing here, and was for several years teacher in one of our schools here and also at Knowlesville and Holmesville. Her widowed mother, now well advanced in years, and family have the heartfelt sympathy of the community.

E. F. Shaw, Stipendiary Magistrate, John Ryan and W. H. Brantly, M.P., were visitors at Woodstock on Monday last.

Rev. Mr. Champion of Centerville, occupied the pulpit of the Methodist Church here on Sunday last in exchange with Mr. Wightman.

Mr. S. W. Tompkins and George Nixon of this place, spent several days on the Miramich on a fishing trip last week.

John McIntosh who purchased the Eber Kearney house is having a concrete foundation placed under it, the work is in charge of W. N. Dyer of this place.

Pte. Wendell Jones of 1st Depot Batt., Sussex, spent a few days at his home here this week.

Mrs. Frank Paken, formerly Miss Myrtle Jones of Haverhill Mass., is spending a few days with her parents, Mr. and Mrs. James Jones. She is accompanied by Miss Taylor of the same place.

## FORECAST DISMISSALS OF OFFICERS IN HALIFAX

Some Who Have Not Been Overseas to be Replaced by Returned Men

In its account of a patriotic celebration and presentation of S.O.S. badges at Riverside Park on the afternoon of Dominion Day the Sussex Record says:—

"Mayor McKenna before bringing the afternoon's successful celebration to a close, after thanking the honored speakers for their attendance, made an appeal to the citizens of Sussex to welcome the men of the 1st Depot Battalion and make their stay here as pleasant as possible. Sussex, His Worship said, has hundreds of her boys overseas and in their name let us remember the strangers within our gates. He said that on Saturday last he had received a letter from Hon. Frank Carvell, Minister of Public Works, assuring him that in the near future the 'Safety First' officers at Halifax 'who have been holding down good positions in the military service since the commencement of the war and who have never been 'over there,' and have no intention of ever going, are to be dismissed at once and their places filled by returned men—and Hon. Frank Carvell when he says a thing, Ladies and Gentlemen, means it. The announcement of the proposed removal of the Halifax officers was received with applause."

## REGISTRATION ACT DOES NOT APPLY TO PEOPLE LIVING IN THE UNITED STATES

According to the official statement of the Registration Board, the Registration Act applies only to people permanently resident in Canada and does not affect even remotely anyone living in the United States; no registration at a post office is necessary, and no passports are required. The possession of papers showing the holders to be American citizens is all that is necessary to cross into Canada. At the international boundary line the holders of these papers are given an identification card by the Canadian immigration officials, which enables the visitors to travel freely where they wish without any interference on the part of Canadian officials.

Senator Robertson, chairman of the Registrat on Board, has announced that "neither in the instructions issued, nor the regulations for Canadian registration is there anything that would indicate desire or intention to impose restrictions upon Americans or aliens, entering, travelling in, or leaving Canada."

The experience of those American visitors who have already come to Canada verifies Senator Robertson's statement, but unfortunately there are many across the border who have not read this announcement, and may still be influenced by the false reports to stay at home, spoil their vacation, and cause a mutual loss to themselves and to Canada.

## INSPECTOR MEAGHER'S STIRRING ADDRESS

(Continued from Page One.)

by the thought that while you are fighting the Hun in the furrow, your fathers, perhaps, or brothers or other near relatives are fighting the same foe in the trenches. You are giving up your holidays so dear to every schoolboy's heart and many of our ranks have refused offers of much better pay at home, preferring to do their bit by helping to work on the farm. For this is the spirit of sacrifice which is being evoked by this cruel war. We see it exemplified in the supreme sacrifice of life itself made by our gallant boys at the front; in the case of devoted nurses who are daily risking their lives in the danger zone to care for our wounded soldiers; and in the 'self-denial and unremitting toil of women and little children at home; all in order that the forgotten brave who lie in France and Flanders' field may not have died in vain.

All boys, whether they attend school or not are eligible for admission to the S.O.S. Boys from fifteen to eighteen years of age may be placed with strangers, but from thirteen to fourteen years of age they must work for relatives or be under their immediate supervision. Boys attending school who wish 'to grade on their return from work must have certificates from their teachers that they were in good standing on the 1st day of May. It makes no difference if you are working 'on your father's farms. You have shown your willingness to assist in increased production by enlisting in Canada's second line of defence. You know that your country values your services and is interested in your welfare. Your patriotism and enthusiasm cannot fail to be aroused, and you will do more and better work than you otherwise would have done. The Central Committee will visit you occasionally and see how you are getting along. They are busy men and can with difficulty spare the time to do so but they have profited their services freely and I
