

UNITED FARMERS OF NEW  
BRUNSWICK IN SESSION

(Continued from Page One.)

follow party blindly. Conditions have been brought about by the war that have made some move necessary. The Military Service Act took away in some cases the sole worker from the farm. We will have a say in the events now taking place in Canada. In 1906 there was only one firm from which to buy twine. The farmers met and organized and as a result twine was bought in Europe and sold at a lower price. Now twine is bought here from the manufacturers and they are glad to sell. The farmers Co-operative Company had a surplus of nearly \$2,000,000 last year. They bought timber lands in British Columbia and are selling lumber at a reasonable price. We have met together today and I hope we will drop party politics where it affects the farmer. I have found no fault with the grocers or others but let us stand together, shoulder to shoulder.

Mr. Gordon Sharp, the secretary of the organization arose and said: "What do you people think of having newspaper men here? The farmers have not always been treated fairly by the papers are they are too slow to give us credit. We had better discuss matters among ourselves. A motion should be made that the newspaper men retire from the building."

Mr. Fisk took exception to Mr. Sharp's remarks and moved that the newspaper men be allowed to remain. His motion was seconded by Mr. George McLeod and carried amid loud applause.

Gordon Sharp gave a history of the organization and said that only one place was opposed to putting up a candidate to contest the county in the coming by-election. Previous policy of nominating men was only a farce. We have two men representing us now and neither is a farmer. He read a letter from Victoria county favoring the farmers putting up a candidate.

President Smith was opposed to introducing politics into the organization. It was proper to propose to both political parties that they allow the United Farmers to select a man and elect him by acclamation and avoid turmoil and strife.

Gordon Sharp wanted to know how many real delegates were present.

A Voice—"I'm not a delegate but if you want to shut me off I will go out."

Mr. Sharp insisted in knowing how many delegates were present and said one delegate to every twenty members is allowed.

Mr. Caldwell suggested that those not delegates sit on the side. This was complied with.

G. Sharp—"The word sent out was that delegates would meet."

Mr. Fisk—"I am not a delegate, but if you are going to shut off these men you are making a mistake. I feel that I ought to have something to say."

Cries of "Hear, Hear."

The Chairman—"We would be pleased to hear from all farmers, but delegates only should vote."

T. W. Caldwell was personally not in favor of putting up a candidate as the organization was young yet and should move carefully. He moved the following resolution—seconded by Mr. Doherty:

"That the delegates of the United Farmers of New Brunswick appoint a committee or committees to wait

on the leaders of the two political parties and ask them to allow us to elect a representative by acclamation to fill the vacancy in the local legislature caused by the death of Mr. L. White, of Carleton County, N. B."

Mr. Fisk—"If I am allowed to speak I would say I am the man that proposed a candidate by acclamation. The two parties will kick but it will be better for the farmers."

Mr. Barker would support any man who would support the United Farmers, but said Mr. Barker, we ought to proceed very carefully."

George McLeod—"We have been called here for a definite purpose and we must decide whether we will or will not nominate a man."

A. A. H. Margison thought the resolution looked cowardly.

Mr. Fisk—"Discretion is the better part of valor. How many members have we got?"

Mr. Barker—"Why not put up a man today and then go to them?"

Mr. Doherty—"Will it be wise to go into a three cornered fight—Will it not weaken us?"

John Fulton—"If we don't want a man say so today. I think it is too soon and may hurt our organization. Our branch thought it better to not put up a man."

Some other delegates, whose names the reporter could not get, spoke on the matter—one delegate said "Our society is young and it is wise for us to stay out of politics until we get started."

George McLeod said it would be very unwise to enter politics at this time. A three cornered fight will rend our organization. He moved an amendment along these lines which was seconded by Mr. Peters.

E. W. Melville came here with the idea that it was not advisable to nominate a man. Parties are sick and tired of elections. An appeal to both parties will give us an advantage. Is there any prospect of an election?"

The chairman said Premier Foster had told him there would be an election this fall.

Mr. Doherty said it was foolish to put up a man in a three cornered fight. Ask to let our association have a man. The farmers are not all behind us—in the upper end of the county half the farmers are not members.

Mr. Caldwell—"I think the organization will thrive on opposition."

Mr. Raymond did not think much of farmers that did not stand by farmers. "I believe, said Mr. Raymond, that the big parties will welcome the child that may be born here today. Go to the partisans in the right spirit and we will be welcomed."

Mr. H. Sloat advocated nominating a man and going into the thing with no uncertain sound.

Fred Brown would drop party politics and vote in the interests of the farmers.

Mr. Phillips said a strong sentiment existed in the county that it was time to nominate a man.

Gordon Sharp said the society had 1000 members in Carleton County.

George McLeod—"What have we to gain by putting a man in the field at this time. The government will have a man. I can't see where we will gain anything by dabbling in politics now. It will hurt us—divisions will arise and I insist that it will be unwise."

Mr. Hagerman saw a new spirit here, but it would be well to remember that party politics would hot die in Carleton County as easily as in this convention. Use energy to acquire strength and we will be felt when we enter a contest. When we get big enough and strong enough

the government will cater to our wants."

Rennie Tracey thought everything very conflicting. Personally he was opposed to putting a candidate in the field. We need a good organization to elect a man, and we want good common sense politics.

Moved by Fred Brown and seconded by G. Sharp—an amendment to the amendment—That Mr. Caldwell's resolution be adopted—if turned down by political parties the U. F. to place a man in the field.

Pres. C. L. Smith announced that he would not be a candidate as was rumored. A fight at the polls will be a damage.

Both amendments were lost and Mr. Caldwell's motion carried.

A committee of four, two Conservatives and two Liberals was appointed to wait on the leaders with Mr. were appointed: E. W. Melville, A. A. Caldwell's resolution. The following: H. Margison, C. L. Smith and T. W. Caldwell.

The following resolution was unanimously carried:

"We, the U. F. of N. B. wish to put ourselves on record as being strictly opposed to all forms of bribery in the running of elections, and pledge ourselves to see that the election law regarding bribery is enforced to the best of our ability, and we consider this practice tends to the government of the people by the mean interests."

A vote of thanks was tendered the representatives of the press who were present, and the convention closed.

## HOW IS YOUR APPETITE

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to distress them, and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the nutriment that should come from the food is not being distributed to the various organs of the body. In other words the blood is growing thin and watery.

You need a summer tonic, and in all the realm of medicine there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills now and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will no longer complain that the hot weather tires you out.

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## DUTY FREE

Hon. F. B. Carvell has received the following from the Commissioner of Customs:

In the circumstances instructions have been wired to the Sub-Collector of Customs, Grand Falls, N.B., as follows:

"You may allow free entry except as to War Tax in respect of Watson's Soluble Arsenoid manufactured by John Watson and Company, Houlton Maine. Inform G. M. Taylor."

St. John, N.B.

Hayden-Gibson Offers a Gala Week  
Of Extraordinary Features  
Next Week

Commencing next Monday the management of the Hayden-Gibson Theatre will offer patrons a series of features absolutely in a class by themselves. For instance on Monday the special attraction will be the select attraction "Magda," a dramatization of the play of the same name with Clara Kimball Young and her own supporting company. This is a most elaborate production and Miss Young is seen at her best in the name part. On Tuesday the fourth episode of "The Railroad Raiders" will be shown, together with the world Broadway drama, "The Awakening", starring Montague Love.

Wednesday "Southern Pride" is the title of the picture and Gail Kane the star.

Thursday, Viola Dana will be seen in the Metro classic, "A Weaver of Dreams."

A special drama will be screened Friday in the Goldwyn prize play, "Joan of Plattsburg" and the dainty little girl, Mabel Normand, will be the principal artist.

Saturday is set apart for a mixed program. Included in this will be the third of "The Price of Folly" series, the "fifteenth chapter of The Bulls Eye" and Billy West, Chaplin's greatest imitator, in a bomb of laughter "My Hero."

## RURAL SCIENCE

The Rural Science School opened Wednesday with twenty students in attendance. The staff is composed of the following:

Prof. A. F. Baird, University of New Brunswick, Fredericton.

Mr. F. A. Dixon, Agricultural Department, Sussex.

Mr. A. H. Walker, Instructor in Horticultural Department, Macdonald College, Que.

Minard's Liniment Cures Garget in Cows.

Mrs. C. S. Hassel, and daughter, Mrs. R. P. Davis of Sebec Station, Maine, are guests in the family of their uncle, Mr. F. A. Glidden.

The Patterson house on Elm St., has been purchased by Mr. Willan Chapman and Mr. Chapman and family moved into their new home last week.

William O'Donnell, a soldier from the Depot Battalion, Sussex, and belonging in Mineral was before P. M. Holyoke, Monday, on a charge of indecent assault. The evidence of the young lady concerned, who is a school teacher, and a man named Shannon who came to her rescue was taken. O'Donnell was committed for trial at the October term of court. Bail was accepted in the sum of \$1500, furnished by relatives.

## ATTENTION!

There will be a meeting in the Town Hall, Wednesday evening, July 17, at 9 o'clock, of all the citizens interested in the newly organized Navy League. Try and make an effort to be present and help this good cause along.

HON. J. L. CARLETON, President.  
W. S. SUTTON, M.L.A., Acting Sec.
