FRIDAY, SEPTEMBER 13th, 1918.

INVASION OF GERMANY?

The military experts are debating whether Gen. Foch is contenting himself with harassing the retreating foe, with the idea of launching a real offensive at a definite time later or whether the present series of assaults is the extent of his purpose, he waiting to make the most of whatever the situation results.

Sufficient for us that the allied commander is succeeding in his plans whatever they may be. The foe is steadily pressed back and is given no rest.

Every day makes it clearer that the initiative has definitely passed. Foch and not the Germans is dictating the place of attack and the place of the Hun retreat.

The Huns are to-day behind the old Hindenburg line. The next few days will show the next move that Foch has in mind.

Perhaps the invasion of Germany is nearer at hand than is generally supposed.

CLEMENCEAU'S FAITH.

Premier Clemenceau of France, that grand old man on whom political friends and foe alike united when the very fate of France was at stake, is optimistic, and to him the end of the war is not a matter of years. He feels that Germany is bound to receive some shattering blows this year and that next year the end of the tunnel will probably be reached.

It is a good time to receive encouraging news from such a source. Clemenceau is only human, and it is human to err, but after all, if there is one man whose opinion should be worth while, it is the premier of France, who knows of things, knowledge of which is denied to the rest of us, who repeatedly goes to grand headquarters and even into the front line trenches.

We can take good heart from the premier's words. Yet he would be the last to give approval to any over-confidence. The premier bases his expectation of victory on the assumption that every nerve and every muscle will be strained toward victory. We can't ease our way along to the goal. We must work harder, fight harder, and be unrelenting in our war purpose.

SUCCESS ASSURED.

The success of the coming Victory Loan campaign is assured in advance in Carleton County, which has by nature and acquirement gone over the top in all war winning movements. But that success is doubly assured in view of the fact that Mr. S. S. Miller, of Hartland, has been secured as manager of the campaign. His work in Brighton, in the last campaign, demonstrated that his organizing facilities were highly developed, and when forces under his command get the word to advance they know that the attainment of the objective is a foregone conclusion.

A WILLING SACRIFICE.

Stein' as how we don't own an automobile and stein' as how there are no very healthy prospects of our

MAGIC BAKING POWDER CONTAINS NO ALUM MADE IN CANADA

ever own' one, we agree heartily with the suggestion that the government stop Sunday motoring. We're willing to make the sacrifice.

Will the mix-up over the street's appropriation be untangled?

If it is true that King George is wearing a \$14. suit we trust he will not forget to take his umbrella with him when it looks like rain.

The newspaper which does its duty fearlessly and faithfully will not suffer through the political grievance and malice of a few sore-heads. The people are with the newspapers that are supporting war efforts.

The council has issued a restraint against further street improvements. It is, unlikely, that this drastic step will change the method of doing town business. A change with a TOWN MANAGER is what the people want.

Motoring accidents are being reported every day. The authorities should take steps to enforce the speed law in the interests of public safety. An example made of some of these "wild drivers" would have a salutary effect.

Although Hon. Dr. Beland, M. P., will not accept a Canadian cabinet position because he is not interested in anything but the war, he will give support to all the war measures of the Canadian government. Dr. Beland is a Liberal and a member of the last Laurier administration. Union government can want no better endorsement than this announcement of Dr. Beland's political intentions.—Globe.

RALLY WEEK UNITED BAPTIST CHURCH

PROGRAMME Sunday, September 15th. 10 a. m. Devotional Hour, Pastor. 11 a. m. Children's Service. Presentation to the Church. 12:15 p. m. Bible Study. 7 p. m. "Our Home Base" Rev. J. B. Ganong. A Message from the Front Line, Rev. Malcolm Orchard. A cordial welcome to all.

THE SIZE OF THIS WAR

(From the Toronto Star). The way this present war overshadows by its dimensions all previous ones is shown by the fact that in the Crimean War Britain's total loss of men killed in battle was 4,000. Another 21,000 lives were lost from disease, there being in those days nothing like the present care of the health of soldiers on active service. In the American war with Spain only 161 men were killed in action, while 3,081 died of disease. More American lives were lost in the sinking of the Lusitania than fell in battle in the Spanish-American war. The present war has cost Canada alone 50,000 lives, and the total for all the nations is a gigantic one. In the Crimean and Spanish-American wars vastly more soldiers died of disease than of battle wounds. Until now, in fact, disease has been the enemy every army had most to fear. But in this war so complete is the organization for the care of the health of the troops, that in the British forces of every ten lives 'lost' only one has been due to disease. It is claimed that 90 per cent. of the wounded recover under the highly organized field and hospital treatment they now receive. It is a knowledge of such facts as these, probably, which caused the Germans, in their desire to be as logical as they are brutal, to bomb hospitals and destroy wounded men, doctors, nurses, and upset the entire life-saving service.

IN FLANDERS FIELDS.

The death of Lieut.-Col. John McCrae has been widely noted in the United States press, and many newspapers reproduce his famous poem, "In Flanders Fields." Senator Mark A. McGruder of Missouri, chairman of the committee on new capitol, constitutional amendments and permanent seat of government, was so impressed upon reading the poem in the Kansas City daily that he wrote The Globe as follows:

"('In Flanders Fields') has created more favorable comment than any war-time poem written 'hus far. I caught the spirit of it, and, desiring to pay him some tribute, answered his poem in a measure and am enclosing the same herewith. I believe it represents the feeling of our people toward those brave Canadians who have died that the world might be safer for democracy."

Senator McGruder's composition is as follows:—

IN FLANDERS FIELDS

In Flanders fields, where poppies grow Between the crosses, row on row, One marks your place, and in the sky The stars in silence standing by Will sing your praises while they glow And all of those who died In Flanders fields For us.

You're not the dead who days ago Lived, moved, felt dawn, saw sunset's glow, Loved and were loved, and now you lie In Flanders fields This age and each succeeding day Proclaim you patriot—well they may And all of those who died In Flanders fields For us.

Yours is our quarrel with the foe, To us your mighty hands did throw The torch. And we will hold it high, And faith will keep; since you did die Rest on in peace, where poppies blow, Rest all of those who died In Flanders fields For us.

In Flanders fields for us you died, Time and its changes will not hide, Nor dim the glory you have won; But every age till time is done Will sound the praise of you and yours, And all of those who died In Flanders fields For us.

MARK A. McGRUDER.

The royal commission appointed by the Dominion government, to investigate the perjury charges made in the House of Commons by Joseph Archambault, member for Chambly-Vercheres, against a number of officers of the engineer training depot at St. Johns, Que., will open in that town on September 12. Lieut. Col. Melville, who is mentioned in the charges, is a former resident of Carleton Co., N. B.—Fredericton Mail.

Some men stop drinking for the pleasure of beginning once more.

A busy person isn't necessarily industrious. Gossips are always busy.

Neighborly sympathy often turns out to be about nine-tenths curiosity.

A soft answer may turn away wrath but it isn't always best to call a man soft.

Save the food and help the fighter fight.

BOVRIL

BANQUET CLOSURE R. M. A. CONVENTION.

Satisfied that the convention had been an entire success from start to finish, the banquet Thursday night wound up one of the most enthusiastic gatherings that the Retail Merchants' Association of New Brunswick has ever held. Matters of outstanding importance were taken up and decided upon and the dominion officials concurred with the provincial officers that much good would result from the convention.

GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic, diarrhoea and dysentery come on so quickly that often a little life is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to cure them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THOSE MONSTER TRUCKS.

Sackville Tribune.

In the last issue of the Tribune we reproduced an article which appeared in the Press of Woodstock, N. B., wherein a boost was given to Sackville. During the course of the article reference was made to the fact that the road trucks now being used on the roads by the Foster government, were purchased by Hon. B. Frank Smith, when that gentleman was Minister of Public Works. Oh, yes, there is no doubt about it. Some of us recollect how the said B. Frank went to Boston and enjoyed for a season the courtesies of certain automobile companies and how as a result of his entertainment he purchased a number of monster trucks, which are white elephants on the hands of the Foster Government, which succeeded the reign of corruption, historically known as the Fleming-Smith-Baxter government. The said trucks are about two or three times too large, a truck carrying one and a half or two tons being much more serviceable and efficient. The smaller truck is the one used generally throughout the United States and it is passing strange that the Hon. B. F. should have been "loaded up" with trucks so large and cumbersome when the experience of the United States is that the lighter mobile truck is the proper kind to use. Yes, Hon. B. F. started something all right, but that something was not very creditable to himself or to the dying governmental aggregation which he then represented. For anybody to give credit to the Fleming government or B. F. Smith for the present excellent condition of New Brunswick roads is absurdity in the extreme.

Minard's Liment Co., Limited. Dear Sirs,—I had a Bleeding Tumor on my face for a long time and tried a number of remedies without any good results. I was advised to try MINARD'S LIMENT, and after using several bottles it made a complete cure, and it healed all up and disappeared altogether. DAVID HENDERSON. Belleisle Station, Kings Co., N. B. Sept. 17, 1904.

Woodstock, Sept. 10.—At the early hour of 6.30 o'clock this morning, in St. Gertrude's Church, Rev. John J. Ryan united in marriage James Daley, of Elgin, Albert Co., now of Fredericton, and Miss Jessie, daughter of Mrs. John McMullin and the late James B. McRae. The bride looked charming in a navy blue suit, with hat to match, and was attended by Miss Eileen Dunston, while J. Troy supported the groom.

After the ceremony the bridal party had a sumptuous breakfast at the bride's home, after which Mr. and Mrs. Daley took the Valley Railway train to Fredericton, where they will make their future home.

The Home of Good Clothes

Style Store For Men

Clothes for Men

WE have always given big values in Clothing. This summer we are beating our previous records. Values so uncommon that they are hard to believe will greet you at every turn. Come in and look our stock over. We will to show you the Suits.

Suits \$8 to \$33.00

Clothes for Boys

OUR Boys' Clothes are built for the hardest kind of service. We guarantee you satisfaction in every way. They have the style and snap that the Boy likes so well. The Boys feel like men when wearing a Suit from here.
