A WHIRL WIND CLOSE OF VICTORY BOND CAMPAIGN

Four Parishes Win Honor Flags--Woodstock, Aberdeen, Northampton and Brighton Over the Top in Magnificent Style--\$311,650 From Town a Notable Accomplishment

No more convincing evidence of the loyalty, to say nothing of the prosperity of the people of New Brunswick could be found than is shown in the figures which have been issued at the close of the Victory Loan campaign. New Brunswick answered the call of the dominion the empire and the men who have borne the burden of the fighting overseas and their answer is a magnificent one. Instead of the \$13,000,000 which was set as the objective, and which some doubt would be secured, the total will be well over \$16,000,000. The province wins the governor-general's flag by a wide margin and when the figures are complete it is believed that they will show that New Brunswick is entitled also to a crown, signifying that the total is twenty-five per cent greater than the amount set as the objective.

When the effects of the epidemic banning of public meetings and limiting canvassing as well as preventing the participation in the campaign either as canvassers or subscribers of many citizens, the results secured are more creditable than is shown even by the magnificent figures of the totals.

The above allotments to the various

parishes were based on their assessed valuation and consideration was also given to the manner in which the districts subscribed to the previous loan, and it is to be very much regretted that only four parishes in the whole County reached their allotment--Carleton County--the Garden of the Province--has fallen down--not because we did not have the money but because our people in some of the districts refused to make any sacrifice. This is not true however of the four parishes winning their flags. The Town of Woodstock subscribed \$75.00 per head of its population and one person in every 51 bought a bond.

The Parish of Northampton over-subscribed its allotment \$3000, averaging \$48.00 per head and 1 in 41 of its population.

The Parish of Brighton is again to the front over-subscribing its allotment \$20,000.

The Parish of Aberdeen--as last year--over-subscribed its allotment.

The committee in charge of Woodstock was--F. O. Creighton, J. S. Leighton, J. L. Ross, E. R. Teed, Wm. Sutton, C. L. Rogers and E. W. Mair, chairman.

Thanks is also due the Boy Scouts for valuable assistance, and Mr. Geo. Ransom who gave his entire time for the three weeks, to help bring Woodstock over the top.

The following places of business in Woodstock who employed five or more persons won honor emblems for subscriptions exceeding 25 per cent of their staff:

George W. Gibson Co.
C. P. R. Offices
John Cogger
E. W. Mair

The Geo. E. Barbour Co.
The Boy Scouts
W. F. Dibblee & Son.
Manzer's Store.
The Bank of Montreal.
The Royal Bank.
The Empire Garage.
J. Clark & Sons.
Carlisle Hotel.
The Fireman.

Credit for this is generously given to Mr. Alex Strong, Mr. George McElroy and Mr. Arthur Gibson who worked up to the last moment to bring what credit was due to Northampton.

Since above was written the Parish of Simonds has gone over the top.

The provincial figures, subject to further increases, show \$10,081,100 and it is expected there will be raised at least a \$100,000.

WILL HOLD BIG EXHIBITION

Enterprising Promoters get Down to Work--Assets Sufficient to Make Start--Energetic Board of Directors and Officers Elected--Connell Park Scene of Activity Next Spring

Thursday afternoon the annual meeting of the Carleton County Agricultural Society was held in the town hall with a good attendance. Deep interest was manifested all through the deliberations and it was the expressed wish of all present that preliminary preparations should be undertaken at once to arrange an exhibition for next year. With the money subscribed by the merchants of the town and the prospective sale of the society's land and lumber a sufficient amount of money would be forthcoming to make a creditable start on buildings and race track.

The following board of directors were appointed--Warren Bull, W. G. Kearney, H. B. Durand, H. W. Rogers, C. W. Connell, Robert Strain, Colonel Dibblee, James W. Gallagher, E. W. Mair, J. R. Brown, F. B. Armour, J. A. Lindsay, Jas. A. Gibson, M. DeWitt, George Dent, H. T. Stevens, Henry DeWitt, Robt. Hamilton.

The directors met and elected the following officers:

Col. F. H. J. Dibblee, President.
W. Rogers, 1st Vice Pres.
W. G. Kearney, 2nd Vice Pres.
F. B. Armour, secretary.
J. R. Brown, treasurer.
J. A. Lindsay, auditor.

Voted that the secretary cast a ballot for the above names.

The directors then reported the result to the society.

J. A. Lindsay was added to the land committee, which now consists of J. W. Gallagher, Mel DeWitt and J. A. Lindsay.

J. R. Brown, the treasurer, rendered his report showing that there was a credit balance of \$463.69 on hand; they had land worth about \$1800; lumber worth about \$2000, and \$422 in the hands of a former secretary.

J. A. Lindsay was appointed auditor. He examined the books and vouchers and reported that he found everything correct.

With the money on hand the treasurer was authorized to buy Victory Bonds. If the money is needed later Mr. F. B. Armour will take the bonds.

EASTERN PROVINCES ASK FOR INCREASE IN SUBSIDY

Ottawa, Nov. 19--The provincial premiers and ministers spent the afternoon in conference in the senate chamber over the question of handing over the natural resources in the prairie provinces, now held by the federal government, to the ownership and control of the provincial administration.

for the handing over of their interest in the federal domain.

The maritime province delegations headed by Premier Foster, Murray and Arsenault, are pressing vigorously for a larger proportion of the taxes collected by the federal government. Their contention is that

The western representatives, while not actively supporting the demands of the eastern men for increased subsidies, will raise no objection so long as the easterners do not object to the transfer of lands. This was the general situation when the conference adjourned this evening.

The proposal of the eastern provinces is in a general way that the annual provincial subsidies be increased by five millions of which \$2,800,000 should be divided between Ontario and Quebec and \$2,200,000 among the three maritime provinces.

NEW BRUNSWICK PROPOSALS.
The New Brunswick delegation, which consists of Premier Foster,

puty minister of railways, with reference to the question. They were promised that the new government railway board of directors would soon go to the maritime provinces and make an inspection trip over the Valley Railway.

The value of the road as a part of the government system could then be appraised and a recommendation made to the government. The New Brunswick representatives believe that the case they have presented is so strong that the government here must recognize its equity and justice.

Hon. Mr. Venier is also arranging with the minister of railways to re-open negotiations for the acquisition of the Carleton branch line.

Premier Foster tonight said that he had been consulted in regard to the proposed appointment of A. P. Barnhill of St. John as a director of the government railways and had approved of the choice.

Hon. Messrs. Carvell and Foster are confident that the interests of the province will be amply safeguarded in his hands.

The interests of the province will be amply safeguarded in his hands. When parliament meets the government will ask for legislation giving parliament's sanction to the placing of the Intercolonial under the control of the C.N.R. board of directors.

TOWN COUNCIL IN SPECIAL SESSION

\$12,000 to "Break Even"--Collector of Taxes Will be Appointed--Filtration Plant in Operation this Year.

A special meeting of the town council was held Friday night to consider the collection of taxes. Coun. Leighton told the board that it would require about \$12,000 to "break even." He suggested that a collector be appointed by the finance committee to collect the real estate taxes. \$4,000 was due and not paid.

During the discussion of certain properties that would be, or should be, taxed, Coun. Gallagher advised not taking too harsh measures and explained where, in certain cases, it was very unfair and unwise to proceed against the parties. He strongly urged that some steps be taken to make a settlement. The finance committee was given power to appoint a collector. Several properties on motion of Coun. Leighton, seconded by Coun. Smith, will be taxed.

Coun. Fewer advised action is referred to persons running around with a few tools doing plumbing work. They should be made pay a license, as it was not fair to those actively engaged in the plumbing business.

The Jewel Filtration Company, according to Coun. Smith, had resumed work on the plant and he was hopeful of the work being completed this year. Adjourned.

CARD OF THANKS.

Mrs. Nettie B. London wishes to express to the friends and neighbors her appreciation of their kindly help and sympathy during her recent bereavement.
