NEW HONORS WON BY CANADIANS

Have Driven Wedge 15 Miles Into Enemy Territory

A NOTABLE ACHIEVEMENT

Dash and Gallantry of Dominion Troops Win Universal Praise-- Capture of Troop Train With 27 Officers and 500 Men

Ottawa, Aug. 18--The following despatch from overseas was received here tonight:

"The sixth day of the battle finds the Canadians penetrating into the German lines to a depth of fifteen miles from their starting point, with brisk fighting in progress and the enemy resistance stiffening. The entire situation is encouraging, the Canadians are nullifying the counter-attacks and pressing ahead. Prisoners unanimously admit the marvelous success of the surprise effect of the whole Canadian operation."

The Canadian corps participated in the most notable combined co-operative effort of all arms of the service--infantry, artillery, motor machine guns, cavalry, tanks and aeroplanes--in the history of the war. There was perfect liaison throughout. The success is an outstanding tribute to the staff work and organization.

One hour and forty minutes after zero, the Canadian field guns had dashed forward and were in action two miles beyond the German front lines. The dash and gallantry of the Canadian infantry in overcoming the perfect sleet of machine gun fire is universally praised. The Canadian cavalry unit captured an enemy troop train containing twenty-seven officers and 500 men just as their detachment was commenced.

Accounts of the spectacular courage of individual officers and men are being recounted by hundreds.

MR. E. W. JARVIS GOES TO CHATHAM

Mr. E. W. Jarvis who has been manager of the Bank of Montreal, here for the past five years has been transferred to Chatham and left for his new field on Wednesday. Before his departure Mr. Jarvis was waited upon by a number of citizens and presented with an address and a mahogany serving table. The table was "made in Woodstock" by Mr. G. N. A. Burnham, and was especially appropriate owing to the recipient's deep interest in the town and its industries.

Mr. Jarvis made a feeling reply to the good wishes of the committee and dwelt on the improvements in the town since his coming here, five years ago, and was glad that any efforts on his part for the advancement of the town's interests were appreciated.

Mr. Jarvis was active in church and patriotic work and has been for two years president of the Board of Trade. He was also a member of the Woodstock Golf Club; P. M. Woodstock Lodge F. & A. M.; H. P. Woodstock Chapter R. A. M.; Warden, Christ Church Corporation Parish, Woodstock; President, Board of Trade; Sec. Canadian Patriotic Fund; Director of Agricultural Society; was military representative at Exemption Tribunal; Chairman First Red Triangle Y.M.C.A. drive.

Mrs. Jarvis and the members of the family have always taken a deep interest in patriotic work and will be much missed. They expect to leave about Sept. 1st.

TWO WOMEN CRUSHED TO DEATH

A most distressing automobile accident occurred on the Chance Harbor Road about eight miles from New Glasgow on Saturday afternoon, as a result of which Mrs. Warren Ogilvie, of Truro, N.S., and her sister, Mrs. Dr. F. C. Bonnell, of St. John, N. B., were killed, Mrs. D. Ross Cameron of Montreal, suffered a fractured arm, Mrs. E. G. Moxom, of Truro, and Mrs. J. E. Sponage, of Truro, sustained injury to the head and face, and the chauffeur, Louis Lance of Truro, had his leg badly injured. The only occupant of the car to escape injury was Mrs. J. S. Boyd, also of Truro.

The car plunged over an embankment trying to avoid collision with another car. The road was extremely narrow at the point of the accident.

ALBERT SHALE BURNS FREELY

Demonstration this Morning Was Most Satisfactory

That Albert County shale burns and burns freely, and gives out a great heat has more than once been demonstrated, and the demonstration seems to establish the value of the shale as a fuel. A few days ago a fire of Albert shale in the office of Dr. J. H. Frink, fuel controller, was the subject of much interested comment. To-day the Globe saw a similar fire in the grate in the office of Dr. Smith, dentist, corner of Princess and Charlotte streets. A few lumps of the shale, weighing altogether about 8 pounds, were placed on a little kindling and lighted. The shale quickly caught fire, burned with a bright blaze, almost entirely free of smoke, and threw off a great heat. The result, in every way satisfactory, furnished more convincing evidence that this material, which can be easily mined and sold in St. John at about \$6 a ton, will furnish a satisfactory heat producer in homes where there are open grates. A spur has been run to the mine near Albert and plans are making to bring one hundred tons of the shale here for a larger demonstration of its possibilities.--St. John Globe.

MARITIME PRESS ASSOCIATION

The Maritime Branch of the Canadian Press Association held a meeting in Sackville Wednesday afternoon. It was decided to retain affiliation of the Maritime Association with the Canada Press Association and the following officers were elected for the balance of the present year:

President, Mr. J. C. Keating, Vice-President for Nova Scotia, Mr. Edward A. Young; Vice-President for New Brunswick, Mr. J. P. Malaney; Vice-President for Prince Edward Island, J. R. Burnett; secretary-treasurer, R. A. N. Jarvis; auditor, J. W. H. Sutherland; executive, the officers and Mrs. P. M. Fielding, Ralph Watts D. F. McLean and Clement Cormier.

During the afternoon there was much discussion in regard to many things affecting the newspaper business.

A paper entitled "The Relation of the Advertising Agency to the Newspaper" was read by C. C. Avar; a paper entitled "Country Correspondence, how to obtain and maintain it" was read by Mr. J. P. Malaney; Mr. W. K. C. Parlee opened the discussion of "Job Printing Prices" and a number of the members took part.

It was decided to hold a meeting of the association in Truro on the 23rd and 24th of October.

IMPROVEMENT IN CROP CONDITIONS

A telegram from the Alberta Department of Agriculture dated August 10, states that recent rains throughout the southern country have made a material improvement in crop conditions. In certain districts of the south where the prospect was poor two weeks ago, heavy rains have fallen and the grain is now filling nicely. On account of this moisture the feed situation in many localities is greatly relieved, and conditions are much more encouraging than they have been for some time. After the frost it was apparent that the greater portion of the wheat and barley crop was destroyed, but as the season advances some improvement is noticeable.

The figures expressing condition for the whole of Canada indicate a total yield in 1918 for wheat of nearly 232,000,000 bushels as compared with 223,742,850 bushels in 1917 and for oats a total yield of about 415,600,000 bushels as compared with 493,000,000 bushels in 1917. For the three Prairie Provinces the yield indicated by condition is for wheat 216,488,000 bushels, and for oats is 4,930,000 bushels.

Mrs. Harry Currie and her daughter Miss Jean, have been visiting Mrs. Burpee in South Devon.

The report received here of the serious accident to Jack McAfee, by falling from a building in Boston, was unconfirmed. A letter from the young man Wednesday states that a mistake must have been made in the name, as he was in perfect health and was surprised to hear that such a report had been circulated. On receipt of telegram, Mr. Ira McAfee went to Boston.

IMPRESSIVE MEMORIAL SERVICE

Large Congregation Meets in Grief and Mourning

TO HONOR LATE BURDETTE HARMON

Rev. Dr. Keirstead Pays Tribute to Splendid Young Soldier-- "Lived and Died a Brave Man."

In the United Baptist church Sunday evening a memorial service was held in honor of the late Burdette Harmon. The church was filled to overflowing with relatives and friends who mourn the loss of a genuine patriot. The sermon was delivered by Dr. Keirstead who paid a splendid tribute to the young soldier who was a personal friend. Special music was rendered by the choir. Dr. Keirstead said in part:

"The career of Burdette Harmon throughout the war is one that will call forth admiration and pride from all Canadian hearts. It is filled with

BURDETTE HARMON.

deeds of heroic bravery; he was awarded the Distinguished Conduct Medal for conspicuous gallantry and devotion at Festubert and Givenchy. At the former place he repaired a barricade while under fire from a machine gun sixty yards away, and at the latter place the order conferring the decoration upon him says, in part, "After the first line of trenches had been taken and nearly all the party killed or wounded, Sapper Harmon armed himself with bombs and continued to force his way forward until he had exhausted the supply and could get no more." He was severely wounded during the latter attack. Early in 1917 he received the Military Cross because he "led a raiding party, bombed three dugouts, inflicting many casualties, and brought back two unwounded prisoners."

In April of 1917 he was again wounded, and upon recovery entered the air service. His major said of him that he was "popular, and that his keenness and dash marked him for distinguished career with the corps." His squadron commander said that he "was a brave and efficient pilot upon whom he could always rely for great support in an aerial combat." He went over the German lines a great many times and brought down several German aeroplanes. He met his death over the German lines in attacking a squadron of ten German aeroplanes, single-handed, while his Major and Burden attacked a squadron of four machines above him. Harmon brought down one of the enemy but while doing so, he was attacked from above, and his machine was seen to break up and some time later the Germans reported him dead. His body lies in the soil behind the German ranks; he received his wounds in raiding German lines. A writer of the "Civilian" says of him "Sure it is that in Burdette Harmon there lived and died as brave a man as even wore the British uniform." His previous record is known to you all. You are aware of the ambition, energy, and industry that he displayed in working his way through College and maintaining a high standard of scholarship throughout his undergraduate course. After graduation he entered the civil service and made rapid advancement until at the time of the war he was on the Pribiloff Islands in the North Pacific acting on an international commission inspecting the breeding grounds for free seals. As soon as he heard of the war, without a moments hesitation he went to Boston.

FATEFUL MESSAGES ARE ARRIVING

Two Bright Young Men Die For the Country's Honor.

Mr. Grover Campbell received the sad news Monday morning that his brother, Capt. Robert Campbell, had made the supreme sacrifice in the cause of humanity. He was here with the 55th and after arriving overseas was transferred to the 26th, with which regiment he was serving when he met his death. He took part in the Vimy Ridge and Hill 70 fights where he distinguished himself. At the early age of 27 this young man died for the liberty and peace of the world which is another reminder that compels us to stop and think of the fearful conflict that is still going on.

He is survived by his father, Mr. Charles Campbell, of Richmond, two brothers, Clifford of the United States, and Grover of Woodstock, and one sister, Mrs. Raymond Gabel, of this town.

A telegram Monday to Mr. Whalen, Upper Woodstock, told of the death of his son, Daniel. It was the usual brief message that has saddened so many homes.

Daniel Whalen responded to his country's call two years ago when he enlisted with the 65th Battery. After the usual course of training in England he crossed to France and was attached to the 10th Field Battery. He was 20 years of age and is survived by his father, mother, two sisters and two brothers, in the service, and one brother at home.

The memory of these young heroes will linger long, and mingled with grief over the sacrifice, there will be a touch of pride that the sacrifice was made in a cause than which there can be none nobler--the cause of humanity.

PTE. LEMUEL SAUNDERS REPORTED WOUNDED

Mr. and Mrs. J. B. Saunders received the following official notice Thursday morning: "Sincerely regret to inform you that Pte. Lemuel Bernard Saunders, infantry, reported seriously ill, First Australian General Hospital, Rouen, Aug. 19th. Gunshot wounds back shoulder."

Director of Records, Pte. Saunders left here with the 140th and was afterwards transferred to the 26th. He is only 19 years of age. Sympathy will go out to the family of the young hero with the hope that he may recover from his wounds.

LOCAL WAR PICTURES

Very large audiences were present at the Hayden-Gibson Theatre Wednesday when views of Woodstock's activities in the war were shown. Pictures of some of the boys, who now lie under the blood stained soil of France, recalled their bravery and heroism in giving up all for humanity's sake. Mr. Hurley's remarks and his rendition of Flanders' Field were most appropriate and received with marked approval. He thanked the relatives of the soldier boys and others who assisted in securing the photographs for the occasion. It is hoped that Mr. Hurley will again be able to furnish the public with other military views in which the town of Woodstock has been so prominent since the war was declared.

FROM WOODSTOCK?

A car bearing a New Brunswick license tag, broke all speed records Sunday forenoon, when it dashed through Main St. so fast that onlookers could not catch the number, and disappeared over the hill in a cloud of dust.

Had the car not contained several ladies, one might have suspected the driver of being intoxicated, on account of his utter disregard of rules of the road, and the sanctity of the day.--Houlton Times.

The schools will re-open Monday, 26th inst.

Mr. E. W. Mair was in St. John last week.

Miss Mary McGibbon is visiting friends in Fredericton.

Sergt. Jack Chandler returned Wednesday from an official trip to Fredericton.

Joe Folkins of the Royal Flying Corps, Toronto, is visiting friends here this week.
