A NERVOUS BREAKDOWN.

When the Blood is Out of Order the Nerves Are In a Starved Condition.

The nerve system is the governing system of the whole body, controlling the heart, lungs, digestion and brain; so it is not surprising that nervous disturbances should cause acute distress. The first stages of nervous debility are noted by irritability and restlessness, in which the victims seem to be oppressed by their nerves. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown. The victim, however, need not despair for even severe nervous disorders may be cured by improving the condition of the blood. It is because Dr. Williams' Pink Pills actually make new, rich blood that this medicine has cured extreme nervous disorders after all other treatment had failed. The nerves thrive on the new blood that is made by these pills; the appetite improves, digestion is better, sleeplessness no longer troubles the former nerve-shattered victim, and life generally takes on a cheerful aspect. Every sufferer from nerve troubles, no matter how slight, should lose no time in getting Dr. Williams' Pink Pills, a fair trial, thus regaining their old time health and comfort. Mrs. Victor Booth, Parry Sound, Ont., offers proof of the value of Dr. Williams' Pink Pills in nervous troubles. She says: "Some years

ago I was taken ill with typhoid fever. The attack was not a severe one and after a few weeks I was around again. But I did not recover my former strength, and my nerves began to give me trouble. The trouble went on from one stage to another until finally St. Vitus dance developed. I was under the care of our family physician but my condition appeared to be growing worse. It was at this stage I decided to try Dr. Williams' Pink Pills, and after taking a couple of boxes I could see they were helping me. I continued taking the pills until I had used eight boxes when I was fully restored, and I have since continued to enjoy that blessing. I have recommended the pills to others and I always keep them in the house, having proved their great value. You can get these pills through any medicine dealer or by mail postpaid at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
