

## THE ECONOMY OF A LIGHT WEIGHT CAR

"Light weight in an automobile means more than it ever did before."

"Less weight in a car means less expense for gasoline—less expense for oil—and less expense for tires. It means longer service for less cost—the very thing that is eagerly sought by every motorist. The man who drives a light car isn't carrying around a lot of excess weight which he cannot utilize but must pay for dearly in extra fuel and tire wear."

"The light car not only costs much less to operate, but it is easier to drive, especially in congested traffic. For long distance driving it is far more dependable. It can travel with ease over rough roads and get in and out of places where the heavy car handicapped with its own weight could never negotiate."

"But in spite of the many advantages of the lightweight car, which anyone can easily understand, if they give the subject a moment's thought, there are many laboring under the delusion that a light car lacks strength. That is not so. If built right, the lightweight car is just as staunch and sturdy as the heavy weight car. As a rule it also possesses longer life and depreciates less in value from year to year all because there is less weight which means less strain, less wear and tear."

"Anyone skeptical on this point should inspect the Chevrolet 'Four-Ninety' touring car. Here is a car weighing less than two thousand pounds yet possessing ample strength for all uses to which it could possibly be put to and power enough for all occasions. Because of its lightweight and famous valve-in-head motor, twenty-five miles on a gallon of gasoline is a common performance for this car. And a set of tires on a 'Four-Ninety' will give exceptionally high mileage."

The Chevrolet, Model "Four-Ninety" is sold in Carleton County by G. W. Jackson, Manager I. Clark & Son, Ltd., Woodstock; H. N. Dickinson, Hartland; F. L. Tompkins, East Florenceville; W. J. Gallagher, Bath, and B. E. Cliff, Centreville.

Mrs. Bynum, wife of Dr. Bynum, had a slight attack of paralysis on Sunday; Dr. Kierstead was called and she is improving.

Mrs. F. B. Green and Mr. W. E. Skilton have gone to Halifax to take charge there of the Maritime Pure Food Co. exhibit at the exhibition.

Dr. Bynum, while getting over a fence on Tuesday morning, stepped on a rolling stone and sprained his ankle; the injury, fortunately, is not serious.

Watson, Connel street, at eight o'clock on Wednesday evening, when his daughter, Miss Ada Laura Watson and Edwin Lawton Clarke, were united in marriage. Rev. C. T. Phillips was the officiating clergyman. Only the immediate relatives of the bride and groom were present. The bride was the recipient of a very large number of lovely and costly presents from personal relatives and friends, among them being a handsome wicker chair from the F. B. Christian Endeavor Society; expensive presents comprising full set of table silver ware from W. F. Dibble & Son, and from the employees of the same establishment, a remarkably handsome urn. After the ceremony and wedding supper, the happy couple proceeded to their future home, Chapel street. The Sentinel joins most heartily in tendering congratulations and good wishes.

On Tuesday afternoon, Sheriff Balloch served Secretary Jones and Contractor P. McCana, with an order issued by Judge Vanwart, on the application of Dr. I. B. Curtis, to stop further proceedings on the construction of the new gaol, and prohibiting the municipality or committee thereof, from borrowing any money to be expended in the construction of the said gaol. The penalty is placed at four thousand dollars. Dr. McLeod Vince is plaintiff's attorney, and Fisher and Connell and R. K. Jones have been retained to defend. The stoppage of the work at this stage, must involve a very great expense. A largely attended public meeting in the interests of the local opposition was held at Hartland on Wednesday.

## TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A Little Danderine tonight—any time—will surely save your hair.

Get a small bottle of Knownell's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a Little Danderine. Save your hair! Try it!

## IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

On Thursday the Wm. Parish S. S. convention was held in the Methodist church. The business was entirely disposed of at the afternoon session as that of the evening was given up to the plebiscite party. Reports were received from all the thirteen schools of the parish excepting Avondale. Two new schools were reported as having been organized, one at Rockwell Corner, another at Charleston. Owing to the removal of two good workers from Bakem Settlement, that school had ceased to exist. Messrs. Watters and Strong and Mrs. George Smith were appointed a committee to resuscitate it. The new Methodist Church, Bairds-ville, will be dedicated for Divine Worship on the first Sabbath in October. The chairman of the district and other clergymen are expected to take part in the services. Persons of 11 denominations from a distance will be hospitably entertained. The ladies of the church intend holding a quilt sale with basket social on Saturday evening, first of October. All are invited to attend and bring baskets and spend a pleasant evening. A silver collection will be taken on Sabbath at each service. Great credit is due the few who have worked so heroically to bring the church to a completion and to Mr. Kinney, of Bath, who has done the carpenter work and painting in the most workmanship manner. Help in any form from friends of the cause will be thankfully received.
