

LOCAL AND GENERAL

Minard's Liniment Cures Diphtheria.

Threatened labor trouble on the construction work at the Island Park last week, were satisfactorily adjusted.

The grist mill, recently damaged by fire has been repaired. The old electric light building has also received the attention of carpenters.

A man was hit by an automobile, on Main street, Sunday evening. He received a broken rib and his escape from very serious injury was miraculous.

The Kinkaid Kilties gave very creditable entertainments during their engagement here. Some features were exceptionally good. The attendance was not as large as the show deserved.

The decided change in weather conditions interrupted haying operations to a considerable extent. But the rain was most welcome in several districts where the springs had gone dry and many root crops were greatly in need of moisture.

The members of Carleton Lodge, No. 41 I. O. O. F., are requested to meet at their Lodge Room on Sunday, Aug. 3, at 2.30 p. m., for the purpose of marching to the cemetery to decorate the graves of deceased brothers. Usual dress: Silk hat, black clothes, white tie and gloves.

The following is published at the request of the Houlton authorities, and will no doubt attract the attention of some of the local motorists: "New Brunswick automobile drivers, going into Houlton, should bear in mind that the use of the cut-out is prohibited with the village limits, and should govern themselves accordingly."

A meeting of the guarantors of the Woodstock Chatauqua, was held Thursday evening, when the following committees were appointed: Tickets—E. W. Main, Chairman, E. R. Teed, Mrs. S. J. Parsons. Theatre—J. R. Gilliland, Chairman, S. L. Lynott, C. O. McDonald. Advertising—C. M. Augherton, Chairman, S. L. Lynott. Treasurer—C. O. McDonald. The dates fixed for the entertainments are Sept. 29th, 30th, and Oct. 1st.

Mr. and Mrs. Elwood Burrill returned last evening from an auto trip to Woodstock, Houlton and Bridgewater, (Me.) When the Valley train left here Saturday night they were at home dressing and having their car put in shape for the trip. They started soon afterwards, overtook the train and arrived in Woodstock about half an hour ahead of it. Mrs. Burrill drove the car the most of the way up and speaks in terms of praise of the condition of the roads between this city and Woodstock and between Woodstock and Houlton.—Mail.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Everybody is anxiously waiting for the annual picnic of St. Gertrude's Catholic church, which will be held on the church grounds Wednesday, August 6th.
