The Right Way and the Right Price.

Have you ever thought of the way a Pure Copper Gable Lightning Rod will protect your School Buildings, Churches, Dwellings and Barns and the lives of children that come under your care?

If somebody would come along and show you a device that would guarantee absolute safety from runaways, you would at least take heed. It is well enough to carry life insurance so that if the team gets scared at an automobile, runs away and kills you there will be some return for the damage done. But infinitely better is it to live uninjured. We know of no such device or would surely recommend it.

But we have a parallel case that needs your attention. Professor Day, of the Department of Agriculture, Guelph, Ontario, produces figures to show that properly made and properly installed lightning rods will be 99.91 per cent. efficient.

A prominent insurance authority says lightning losses upon farm property, in Ontario and Quebec, cost the insurance companies well over \$500,000 a year and losses not covered by insurance probably amount to an even greater sum.

Just suppose all those buildings were insured—which is unlikely. The barns contained hay, grain, machinery and live stock, and in many cases persons were killed therein, who had taken refuge from the storm. The houses contained the usual necessary equipment for housekeeping, many valuable heirlooms that could not be replaced, and human lives, the value of which cannot be estimated. Will insurance repay the loss? Never! With the insurance money you may be able to rebuild but that does not replenish the barns with feed, machinery and live stock that are seldom insured, nor bring back the loved ones stricken down in the homes. Insurance is a good thing, but absolute prevention of loss is better. Carry insurance; it is not always lightning that does the damage. But by all means have the best lightning rods to protect your lives and property. A good lightning rod properly installed is absolute protection from lightning.

With sincere appreciation of the wants of the public we extend to you our kindest regards for the liberal patronage of the past, and assure you your confidence in us will not be misplaced.

C. LeB Miles has a party surveying at the Tobique Narrows in the interest of the pulp mill. The survey is to find levels as to the distance back the water will flow from a dam of the different heights.

Mr. McManus, a bridge builder and contractor, is here to commence work on the Tobique Steel Bridge, to be built at the head of the Narrows by government. Mr. Manus has also the long piece of road to build. This will make an improvement in the business part of the place and will last till Fall. We hope our men from the various sections of the country will be employed.

James Stewart, who has three miles of the new railroad from Caribou to Van Buren to build, has about completed his work and came home on Saturday last to spend his Sunday; he has another piece to build later.

Sheriff Tibbitts started for Dorchester on Friday last, in charge of the prisoner Smith, who was sentenced to two years in the penitentiary by Judge Stevens, under the Speedy Trials Act. Prisoner Smith is serving the above sentence for stealing money to the amount of \$22 and some clothing, from one Coffin, living in Tilley Settlement.

Mr. Porter keeps his saw mill running at full blast and supplies lumber for a number of new barns that are being erected, and some new houses at Perth Centre. Edgar Cameron is building a new barn at his farm near Aroostook Junction and the "barn raising bee" will be on Tuesday next.

Mrs. T. J. Carter went to Hartland, on Saturday last, to make a visit at her father's home, Mr. George Burr.

We were told at Andover, the other day, that the prospect for a pulp and paper mill at the Narrows, Tobique, was considered bright. An engineering staff, under charge of C. LeB Miles, C. E., is making a survey of the ground.

The Militia.—Woodstock Field Battery.—Lieut. Colonel F. H. Dibble's tenure as commanding officer is extended until the 30th of November.

67th Battalion, Carleton Light Infantry.—To be and lieutenant provisionally, Lieut. J. B. Stevenson from Brighton engineer company.

**COENTREVILLE.**

A good many of our citizens have gone to St. John to take part in the celebration. Capt. Perkins has his flag flying at top mast.

Mr. Henry Sloat of Keswick was in the village yesterday, calling on old friends.

Miss Fannie West went to Andover to stand the examination for Normal School.

Dr. Green and wife and G. L. White and wife are on the Mirimichi fishing, taking their tent and boat.

Dr. H. W. Peppers has concluded to remain in this place to practice his profession; we wish him every success. We understand Dr. Baker intends to take a special course in medicine.

H. C. Perry, our very popular teacher, was called home upon important business, he is to remain here another term.

A. C. Gibson, V. C. R. and H. J. Clark representatives from Court Carleton No 162 have gone to Sussex to attend High Court.

Rev. G. Sellar preached his farewell

**NO MORE NERVOUS HEADACHES**

Since She Tried "FRUIT-A-TIVES",  
The Famous Fruit Medicine.

MISS ANNIE WARD

112 Hazen St., St. John, N.B.  
"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-tives'. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives'."

After I had taken several boxes, I was completely relieved of these troubles and have been unusually well ever since."

Miss ANNIE WARD.  
'Fruit-a-tives' is fresh fruit juices, concentrated and increased in strength, combined with finest tonics, and is a positive and reliable remedy for Headaches and Constipation.

50c. a box, 6 for \$2.50, trial size 25c.  
At all dealers or Fruit-a-tives Limited, Ottawa.

sermon on Sunday last. On Monday evening a farewell was held in the Methodist church, when a large number gathered to say good-bye. Addresses were given by Rev. E. B. Grey, F. B., and Rev. J. Cahill, each speaking of the high esteem of the Rev. gentleman. A neat address and a large purse was presented to Mrs. Sellar by the ladies of the Methodist church. Mrs. Sellar replied in a short talk, she being nearly overcome with parting with her many friends; the best wishes of all denominations in the village go with Mr. and Mrs. Sellar to their new field of labor. Mr. John Pinkerton, who has assisted Mr. Sellar in his work on this circuit, goes to Lindsay to labor.

S. W. Burr has Mr. Howard Reed's new house up and nearly enclosed.

G. E. McLintock is to work on Dan Rice's new house.

The Exchange Hotel is receiving a large patronage this summer.

Rev. J. E. Flewelling is most ready to move to Canterbury; he returned home last week from the Synod.

A few of our farmers have commenced haying.

Chas. Wilkinson, agent for Frost & Wood, is doing a good business in machinery of all kinds.

Perhaps the oldest horse in the county, died at the farm of David Alexander, July 8th. Nell, the Tom Lang Mare, raised by himself and in his possession or in the family for thirty-two years. For a number of years, she was owned by John Alexander, Coentreville, she did the family driving and never knew a day's sickness to within a few hours of her death.

**BANQUET TO REV. R. G. FULTON**

The Brotherhood of the Charlotte-town Methodist Church gave expression to their appreciation of the services of their departing pastor, the Rev. R. G. Fulton, in a splendid banquet which was held last evening in his honor in the Hearty Memorial Hall.

It was entirely a man's gathering, even lady attendants at the tables being debarred, their places being taken by Brotherhood waiters decked out in spick and span waiter costumes with the word "Brotherhood" labelled on their hats.

About 125 men were present and were seated around four large tables the centre one headed by an arch also having the same good word "Brotherhood."

Sheriff W. Turner, the President opened the proceedings with a short address of welcome touching on the object of the gathering and referring to the progress in different ways made by the Church during Mr. Fulton's regime as pastor.

The main feature of the proceedings was the reading of an address by the President to Mr. Fulton, expressing appreciation of his services in the church, dwelling on the splendid and whole-hearted manner in which he has gone about that work and attained permanent results. The address was accompanied by the presentation of a well-filled purse of money.

Mr. Fulton made a fitting reply in which he warmly thanked the Brotherhood for their kindness and he expressed regret that the time had come to sever his relations with the congregation. He had tried to do his work as well as he could, and asked that his successor be backed up thoroughly in every good work which he endeavored to put through. He referred to various phases of the church work, the union of the new Methodist congregations, his contention with the prohibitory law and spoke words of the strongest encouragement to the brethren in regard to all activities of the church in which they were concerned.

In concluding he said: "I thank you all for what you have said and done and I pray God that I may be worthy of those things you have said and be worthy of what you have done."—Charlottetown paper.

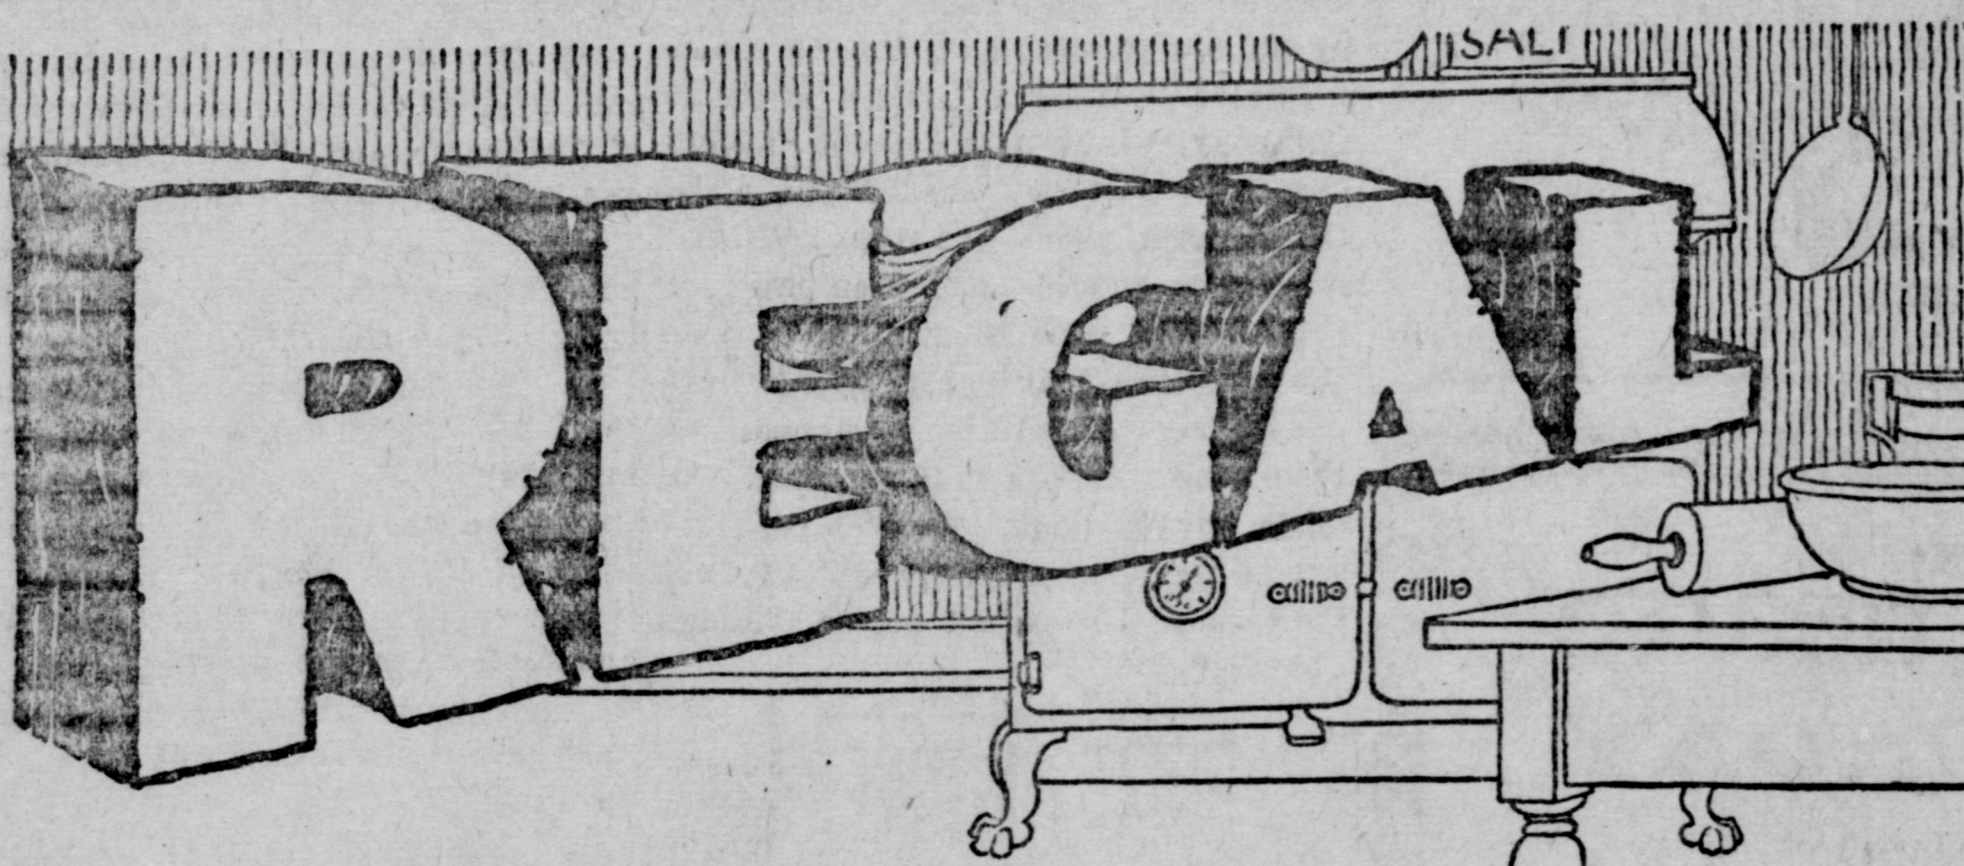

**COPENHAGEN CHEWING TOBACCO**

Copenhagen is used differently from ordinary chewing tobacco.

Take a small pinch, for a start, and put it between the lower lip and gum, in the centre.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire. Copenhagen is strong, because the tobacco of which it is made is cut into fine grains, which makes it impart its strength thoroughly and quickly.

Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

**The Big Value in FLOUR**

IN THE KITCHEN, the big event is baking day. And the important thing on baking day is to use "REGAL"—the ideal flour for bread. "REGAL" means bread of uniform texture, lasting freshness and wholesome qualities.
