Fredericton, N.B., March 17.—A delegation from the U.N.B. Alumni will meet the provincial government on Thursday evening and urge a grant towards the fund for the erection of all those related to the province at a \$75,000 memorial building in honor of university who have taken part in the war, and especially to provide in this way a permanent memorial to those who have given their lives in the great conflict.

NEW CHAPTER IN WOODSTOCK

Mrs. E. Atherton Smith, provincial organizer for the Imperial Order of the Daughters of the Empire, returned to St. John on Saturday afternoon from Woodstock where, on Friday she organized a large and representative chapter of the I. O. D. E. The organization meeting was held in the lecture hall of the very artistic and carefully planned town library and was a very enthusiastic and interesting one. Holyoke; first vice-regent, Mrs. A. B. Connell; second vice-regent, Mrs. Chas. SENIOR W. A.

The Senior Branch of the Woman's Auxiliary of St. Luke's church held their annual meeting on Friday afternoon at Mrs. Herbert Dibblee's, with a very large attendance. Mrs. Belyea, the president, was in the chair. The usual opening devotional service was conducted by the rector, Rev. Mr. Rigby, who also gave a short, happy talk on "Be not weary in well doing." The reports of the treasurer and other officers were read and were all very satisfactory. The election of officers resulted as follows:

1st Vice-President—Mrs. Seeley

With the arrival of warm weather the serious shortage of water will be relieved. On account of the extremely cold winter practically all streams have been frozen solid making it very hard for the farmers in many sections to secure enough water which is badly needed for their stock.

A quiet wedding took place at the home of Mrs. W. Gilden on Wednesday, March 10, when Rev. Mr. Ackland united in marriage Mrs. Myrtle Carpenter and Mr. Henry Carpenter, of Union Corner. The bride was attired in her travelling suit of brown with black hat. Mr. and Mrs. Carpenter left on the afternoon express on a trip to Fredericton.

Mrs. H. V. Dalling, who has been seriously ill, is recovering. Miss Annie Birmingham, of Hartland, N.B., is the guest of Mrs. Jack J. Daye.

The Memorial to Carleton County's Honored Dead

Two Hundred Heroes Gratefully Remembered

The above is the design of the monument to be erected on the court house grounds in memory of Carleton County's fallen heroes. The design and estimate were submitted to the municipal council by Mr. O. S. Tarbox and accepted by that body.

It was intended to have the dedication during the June session of the council but owing to the severity of the winter, which made quarrying impossible, there may be some delay in the erection of the memorial. In the granite world Mr. Tarbox is recognized as a leader. Many of the finest monuments on the continent are the products of his skill. He specializes in soldiers' monuments, pedestals and large monumental work. In his hands the memorial to Carleton's honored dead will be a work of art, strength and durability. When it is understood that this memorial will be 23 feet high and weigh 40 tons, some idea can be formed of the massiveness of the work.

LEGISLATIVE OPENING WAS A MOST BRILLIANT CEREMONY— ABLE SPEECHES DELIVERED

Floors and Galleries Were Thronged With Spectators—Mr. Magee and Second of Address Broke New Ground—Mr. Mower on Water Power Development—Opposition Leader Has the Floor Today.

The attendance of spectators at the opening of the Legislature yesterday afternoon was larger than usual and the ceremony, which was in every way quite as brilliant as those of previous years, was greatly enjoyed. The floor of the Assembly Chamber was thronged with spectators present by invitation, while the galleries also held their full quota. The delegates to the Labor Convention now in session here, were present in force and occupied seats reserved for them in the speaker's gallery.

At three o'clock Speaker Hetherington took the Chair, and Chaplain Fash invoked God's blessing on the gathering. The appointment of John Murray Keefe as clerk and James Bacon Dickson as Clerk Assistant was announced and confirmed by the House. The speaker then retired and a few moments later the Lieutenant-Governor, preceded by the Sergeant at arms and accompanied by his A. D. C.'s, the official secretary and a retinue of military officers, entered the Chamber. His Honor, who was arrayed in his Windsor uniform, was escorted to the Speaker's chair, where, becoming seated, he read the speech from the throne. His voice was distinct and clear and penetrated to all parts of the Chamber. Upon completing his task, he withdrew, and before returning to his hotel inspected the guard of honor, which was drawn up facing the main entrance to the building.

After the withdrawal of the governmental party the Speaker resumed the chair and the House immediately got down to business. Following is the official report of the proceedings.

Assembly Chamber, March 11th, 1920.
The fourth Session of the Seventh Legislative Assembly of New Brunswick opened at three thirty o'clock this afternoon by His Honor Lieutenant Governor Pugsley with the usual ceremonies. At three fifteen o'clock Hon. Mr. Speaker took the Chair and announced the appointment by Order-in-Council of John Murray Keefe to the position of Clerk vacated by the death of George Young Dibblee. The appointment was confirmed by the

INDIANS WERE CAUGHT KILLING GAME IN YARDS

Chief Game Warden L. A. Gagnon has received information that three Indians were caught near Debec, Carleton County, Monday, in the act of slaughtering deer and moose. Game Warden William Johnson caught them and took proceedings. It is expected that they will come before Magistrate Comben at Woodstock.

As far as is known the Indians were operating upon the plan of killing all animals in the yards which they discovered. The exceptionally deep snow this winter gave the animals no chance to escape. Poaching of this variety has occurred in previous winters.

House, as also was the appointment of James Bacon Dickson as Clerk Assistant.

The Speech from the Throne with which His Honour opened the session was printed in Thursday's issue of The Mail.

HON. MR. BYRNE, on the Speaker resuming the Chair, introduced a Bill to amend the Consolidated Statutes 1903, respecting the registry of Deeds and other Instruments. He explained that the Bill was a consolidation of the Act and Amendments passed since the year 1903.

The Address in reply to the Speech from the Throne was moved by Mr. Magee, and seconded by Mr. Melanson and was as follows:

To His Honor William Pugsley, D.C.L., L.L.D., K.C., P.C.
Lieut. Governor of the Province of New Brunswick.

May it Please Your Honour: We, His Majesty's most dutiful and loyal subjects of the Legislative Assembly of the Province of New Brunswick, now in Session, beg leave to extend our humble thanks to Your Honour for the gracious Speech which Your Honour has addressed to us, and we assure Your Honour that all matters which may be submitted to us during the Session will receive our most careful attention and consideration.

Mr. Magee's Speech
MR. MAGEE, in rising to second the Address, said: Before the consideration of this motion and subsequent action by the House, I desire to make a few observations in connection with the Speech we have just listened to, and its relation to Canada and New Brunswick. The Hon. Premier did the courtesy of a Westerner in the honor of requesting one of its representatives to start the proceedings of the Legislature for the year 1920. On behalf of that Constituency I desire to thank him.

His Honor has been pleased to refer to the visit of His Royal Highness the Prince of Wales to the province during the year just passed. We in this province, irrespective of race and creed, are considered loyal to the British Crown and constitution. It was only natural, therefore, that we should tender to the Prince a sincerely loyal reception, for did he not represent that spirit of freedom and democracy that has characterized the British attitude towards this confederation for the past half century. I feel I express the sentiments of this House and country when I say that the spontaneous expression of loyalty extended to this young man from Atlantic to Pacific is a Canadian recognition of devotion to empire and to its governmental institutions. It was a pleasure for us to note the innate modesty of this British Prince, who will in the natural course be the first citizen of the Empire. Couple this trait with his spirit of toleration, his diplomacy, his gentlemanlike utterances, his democratic tendencies, his good-fellowship and sympathetic character, and we feel that the Empire is fortunate in its Prince and future King.

The Governor General is always a welcome visitor, whether officially or otherwise. New Brunswick recognizes in him qualities of statesmanship unexcelled by British public men. It has been said in certain quarters that Canada would be better served by a Governor General Canadian born and bred. I cannot subscribe to this doctrine. We must not sever this tie with the mother country unless we wish to loosen the bonds that make the British Empire the greatest under the sun. In my opinion, the sentiment would forbid such procedure.

Agricultural Development

The Speech of His Honor made reference to Agriculture as well as to the production of the farm of the province. This industry in my opinion is ably assisted by the present capable Minister of Agriculture and his efficient staff of assistants. The inauguration of the District Representatives throughout the different counties has been a popular move, and one appreciated by Agriculturists. I would suggest that the Department intensify its work along this particular line and bring the policy of the present administration direct to the door of the farmer. Through the efforts of our District Office in Moncton cooperative selling of Wool, Poultry, Lambs, Beef Cattle, etc. have been tried out with beneficial results to the shipper. Information is always ready for the enquiring farmer and every assistance is forthcoming. We hear much concerning the need for increased production and much is spoken and written administration has been referred to, and I wish to congratulate the
