What about geographical lines in the formation of tickets?

A vote for Connells and Simms is a vote for pure and honest government.

Of course all hands are confident of victory. That's part of a candidate's stagecraft.

Sugar is coming down in price. But it seems a long way to go to reach Woodstock.

It is the general feeling that the majority of women will support the Foster government in recognition of granting the franchise.

When all men are despots, all men have the absolute veto power over all their fellow despots, and the rule of the jungle prevails.

When a group of men consider themselves a party, and subordinate all others into a servile state, then it is time to move and look around immediately for relief.

If we want the good work on our highways, schools and other forms of provincial activities to continue it is absolutely necessary to support the Foster administration.

G. W. V. A. Festival October 14-16, in the Armories. Big Event of the season.

The situation indicates clearly that there is no pronounced opposition to the Foster government in this county.

"B. F. Smith's back is broken," says a former supporter. That is only figurative language, however. What he means is that B. F.'s political boom is on the wane.

The first duty of a citizen is to do his share in the conduct of the government. That means that every citizen should vote at the election Oct. 9th.

Be sure and discharge your duty by going to the polls.

There seems to be in evidence the old theory that in politics one must claim everything. Some of the claims have been so ludicrous that they are beginning to react because people knew they could not be so.

Messrs. Harold and Ernest Deming have made a contract with L. E. McKen for a large quantity of pulp wood, rossed, which they will get out at St. Martins.

The rise of water to eight feet did considerable damage along the river. Parts of the new work at the Hartland bridge was carried away, causing a loss of several thousand dollars. The Woodstock E. L. Co.'s new dam was also damaged. The Smith Lumber Co. lost a large quantity of lumber. The water is now falling very fast.

Will Trot Here

James W. Gallagher has bought May Gratian from Faulkner of Montreal, while attending the Charlottetown races, and she will trot in the races on the latter track this week.

Wins Damages

John N. Willard, the well known horse driver, of Presque Isle, recently sued the Northern Maine Fair Association for \$20,000, for damages sustained him while driving Royal McKinney a trial mile September 4, 1918, preparatory to racing in the afternoon by colliding with a car on the track. The case was fought out at Caribou last week. Mr. Willard getting a verdict of \$4,600. It is understood the case will be taken to the law court.

Auto Prices Down.

There is a depression in the automobile business, especially in the United States, where business has been very poor during the past season. Most factories are working on short time and have also laid off a large number of hands. Last week Henry Ford reduced prices on his make of cars thirty percent, which brings them to prices asked in 1914. Other manufacturers are following his lead and several have announced reductions of 25 per cent.

FOR SALE—Two Jersey heifer calves, prize stock, also one young Jersey cow, at a bargain. MRS. W. D. RANKIN. 39-1

Superiority Must Be Proven to Be Superior.

Dr. Friedman astounded the medical world a few years ago by his discovery of the Radium cure for tuberculosis. His claim of the superiority of the discovery over the old methods failed when put to the test. The result was failure.

The claims of superiority of the "Shadow Test" over the "Subjective System" is proving its claim every day in hundreds of cases which got only partial relief by the old system.

The leading specialists in Boston, Montreal, Toronto, and other large centres all heartily endorse the "Shadow Test" system to be the highest proven advanced system of Scientific eye testing known to modern science.

We know Mr. F. W. Mayor, the eye specialist to have few equals and no superiors in his profession as the success achieved by him in other places is well known to us, coupled with the wonderful results he is showing in all cases proves the superiority of the "Shadow Test" system beyond all doubt. The result of this success to those who consult him is "Maximum Eye Efficiency." He will be here for two weeks starting Thursday, October 21, to Wednesday, Nov. 3rd. Consultation free, appointments reserved. A. B. Atherton, Watchmaker and Jeweller, King Street, Woodstock.

CHAUTAUQUA—October 21-24 September 21st, 1920.

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lanette, Immaculee Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NOTICE.

Owing to the high cost of materials entering into the conduct of our business, and the loss caused to us by bad debts at a meeting of the Horse Shoers of the Town of Woodstock it was decided that on and after October 1st, we will conduct our business on a cash basis. Will our customers kindly bear this in mind, as we decided on the plan much to our regret, but it is necessary for our self protection.

Per Order of Committee for Association.
