NOTHING but the tea leaves left to tell my fortune by, eh, Dot?

"Well there's no sugar left anyway. Harry I can see good fortune in that. You make the money, and I'll help on the savings by using Lantic. It certainly takes less."

As fine as the silver, as snowy white as the linen in homes of refinement, yet its thrifty goodness earns for Lantic a hearty welcome in the humblest home. Multiply your saving of sugar in each cup, at each meal, by 365 days, and the yearly saving by using Lantic becomes considerable.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

CARD

To the Electors of Carleton County:—
Ladies and Gentlemen:—The Government having dissolved the House of Assembly and issued writs for an election to be held on the 9th day of October, I have decided to be a candidate in opposition to the present administration. Having represented this County for a number of years, and in view of a very large measure of confidence that has been placed in me by the electors of this constituency in the past, especially on the last two occasions in which I appealed to them, also in view of the fact that there are many questions that require careful consideration, I feel that I can safely trust my interests in your hands at this time. I am not opposing the United Farmers' ticket. Their platform, as I have been able to view it, is largely in accord with my own views. This constituency having gone so strongly in favor of the present opposition party in the last contest, it is only right in my judgment that at least one member should be returned with two farmers to represent the people as a whole. I am strongly in favor of increased revenue from stumpage rates upon our Crown Lands, as advocated by the opposition members at the last session of the legislature. We need more revenue in order to pay our school teachers a higher salary and to provide for better roads, especially in the rural districts, which have been sadly neglected by the present administration. Burdens of taxes have been imposed by the present government upon the common people, when they (the common people) own this important asset. The large owners of timber lands have been allowed to reap immense profits from the same, while the price for all lumbering materials has been soaring far beyond our expectations. I am safe in saying that \$1,000,000 more should have been gathered from our Crown Lands the last year. Had this been done it would have been unnecessary for the government to have added to our bonded indebtedness as they have, which has placed burdens upon us for years to come. It is common knowledge that the big Crown Land interests have control of the present administration. Our Crown Lands are being devastated, not only by the axe, but by insect pests, blow-downs and other things common to the forest and a careful analysis of the conditions shows us that we are today cutting thirty-two logs for one thousand feet, whereas a few years ago, from eight to ten logs produced the same amount. This in itself tells the whole story and plainly shows us all that we want to conserve our forest wealth as much as we can and to get full returns in stumpage rates from lumber that may be cut from year to year.

I am in favor of a prohibition that prohibits. I am strongly opposed to some of the methods which have been employed in enforcing the present law. The sale of liquor should be handled in such a way that it would be possible for those who require to use the same for medicinal purposes to get it at cost price, plus the commission for handling.

I wish to take this opportunity to correct an impression, which seems to prevail in some parts of the County, that I had purchased a residence in the County of York, in Marysville, and intended to remove there. There is no foundation, however, for these statements, as the purchase of such property was in common with the purchase of a number of other real estate purchases which were made purely from a standpoint of business. And I may say to the electors of this constituency that I have absolutely no intention whatever of removing from Carleton County. My interests here are growing larger from year to year, my business is also increasing annually, and my home is here in Carleton County, the place of my birth, and I purpose to remain here.

The time before polling day is so short that it will be absolutely impossible for me to call upon the electors of the County personally. Having appealed to you many times, and being well known throughout the County, I feel that I can safely trust the result with the utmost confidence.

FROM NATURAL CAUSES

"Death from natural cause," was the verdict at the inquest held by Coroner Boyd yesterday afternoon in the Canadian National station on the body of Auldson Dow who was employed on a farm in Stanley owned by Thomas Miller.

Yesterday afternoon Dow took out a sick horse for a little exercise, but the horse returned to the farm without him. Mr. Miller immediately went in search of Dow and found him lying unconscious on the road.

He put Dow in his wagon and carried him to the station, where he was put in the train, and brought to the city. Dr. Gillie awaited the arrival of the train, but Dow had died on the way down from Stanley.

Until a few days ago Dow was employed on the government roads work

ing near Stanley, when he offered to help Mr. Miller with his haying. Mr. Dow had been rejected as militarily unfit to go overseas. He enlisted in the 1st depot battalion, Manitoba Regiment, on October, 1918, and was demobilized in December, 1918, being in a lower category than Class B.

Deceased is survived by many relatives, all living in the eastern provinces, his mother living in Canterbury, N. B.—Fort William News.
