"AND SEEM A SAINT."

We are told to "cast thy burdens on the Lord," presumably by means of prayer. This may include the necessities of disquisition and endless perplexities involved in the deliberations of the Municipal Council, as the official report says the councillors have passed a resolution creating the office of Chaplain for that worthy body.

It is a marked coincidence that the councillors who introduced and supported the resolution were the gentlemen who were most opposed to the monument in memory of our fallen soldiers, with the exception of Coun. Perry whose decisions are largely guided by the price of potatoes. It is fair to suppose that his attitude was one of thanksgiving for the season's prospect. The other members of the group may also have been moved by a spirit of thankfulness and it is well that they be indeed grateful. Many a young man as fair and promising as the youthful councillor from Aberdeen has collapsed on his way to a dressing station, or parted out his life amid poison gas in a shell hole. The representative of the town of Hartland is about the age and somewhat resembles the organizer of the Princess Pats whose sacrifice and glory will ever remain unfaded. The worthy mayor of our sister town can enjoy the pleasure of his family in safety because thousands of our fallen Canadians have died to give him

## MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my household work. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—MRS. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

that security. Well may they be thankful to a self-sacrificing Deity that has implanted His spirit in the breast of mortals for the good of their fellow men.

Then prayer shows faith and faith leads us to believe that some day, somewhere, beyond the shadows there will be a meeting where the martyrs that held Langensmark three days without food or drink will meet the opulent councillors from Brighton who have referred to the emblem of their memory as a "pile of rocks."

After all it is well settled that prayer is mainly for the benefit of him who offers it—to bring him in a proper relation to his Creator. It will be a small benefit to have the formal exercises of a Chaplain. The practice is handed down from a time when it was believed that legislators were the human agents of Divine will, but in this day of blatant selfishness and sectional strife it is a mockery to attempt to clothe the least of our political functions with a garb of religious sanctity. Small wonder some councillors smiled. It was enough to make the sphinx of Egypt grin. It is well summed up by Shakespeare:

Thus do I sigh and with a piece of scripture Tell them God bids us do good for evil.

Thus do I clothe my naked villany With all the odds and ends stolen forth from holy writ. And seem a saint when most I play the devil.

I. O. D. E. FOR WOODSTOCK

The Imperial Order of the Daughters of the Empire, of which there are countless branches in the Dominion of Canada, was founded in 1900. Since that date it has grown and

spread from coast to coast in such a splendid way, that when the World War threatened civilization some five and a half years ago, it was on foot ing firm and strong enough to enter the stage of untiring activity for patriotic war work with a masterful hand. The effort made were far reaching, far-felt and world-known. The underlying principle of the I. O. D. E. is Patriotism in the deepest and broadest sense of the word.

Anything that will stimulate and promote the sentiment of patriotism which binds the women and children of the Empire around the throne and person of their gracious and beloved Sovereign, is the watchword of the order.

Besides patriotic work and patriotic ties—its chief functions—members are pledged to forward every good work for the betterment of the country and people, nationally and locally.

Accordingly some chapters are devoting their energies, respectively, to child welfare problems, anti-tuberculosis work, the improvement of hospitals and their equipment, and countless other local needs.

The time is surely present when every town should have its own chapter. Woodstock womanhood realizes this. Plans are under way for organization. They will not fall through with your co-operation. The membership fee is nominally very small.

Names of persons wishing to join will be gladly received by Miss E. Dalling before Feb. 26.

See that your name is not missing. The flame of patriotism must be kept well ablaze!

Lumbermen are complaining of the freight car shortage. In some cases the situation is acute.

The social gaieties are giving way to more serious diversions during the penitential season.

Mansonsville, June 27, '13. Minard's Liniment Co., Limited, Yarmouth, N. S. Gentlemen,—It affords me great pleasure and must be gratifying to you to know that after using 36 bottles of your Liniment on a case of paralysis which my father was afflicted with, I was able to restore him to normal condition. Hoping other sufferers may be benefited by the use of your Liniment, I am, Sincerely yours, GEO. H. HOLMES.

## NOTICE OF LEGISLATION

Notice is hereby given that a Bill will be introduced at the next session of the Legislative Assembly of New Brunswick, to amend section 1 of the Act 3 Edward VII Chapter 45 as amended by Chapter 90 of the Acts of Assembly 9 Edward VII, section 1, and intitled "An Act to incorporate the district known as the villages of Andover and Perth, for supplying said district with electric light, power and heat," that such proposed legislation will provide for the further extension of the boundaries of the district incorporated by the said Acts.

Dated the nineteenth day of February, 1920.

## Fighting the "Flu"

NURSES—Nurses—where can we get nurses?

WHERE can we get any kind of help during this epidemic of sickness?

THE answer is difficult, but forty young lassies from a training Home—the entire Cadet class in fact—volunteered their services in the past week to assist in nursing sickness from the "Flu!"

EXAMPLE is a great teacher. Christ ministered to the suffering. It was a privilege for these young Salvationists to follow His example.

## WINNIPEG MAN HAS GAINED 35 POUNDS

All His Troubles Were Overcome by Taking Tanlac—Feels Fine Now.

"I don't believe there is a man in the world who has been helped by Tanlac more than I have, and if it was possible I would go out and tell everybody personally what this medicine has done for me," said E. J. Coleman, a well known painter and decorator who lives at 195 Michigan Ave., Winnipeg, Man.

"After an attack of double pneumonia about a year ago," he continued, "I got out of bed almost a wreck, was so weak I could hardly stand up, couldn't walk by myself, and now since I have taken Tanlac I have gained thirty-five pounds and feel so well and strong that it seems more like a dream than anything else for such a remarkable change to come over a man."

"My stomach was in an awful condition and I suffered so with indigestion that I ate hardly enough to keep alive. My nerves were completely shattered, and just to show you how nervous I was—a friend walked up behind me one day and slapped me on the back and I almost collapsed and he had to catch me to keep me from falling. It was one of the questions for me to sleep at night and sometimes my nerves would be on edge so bad that I was even afraid to be alone in the dark and I couldn't stay in a room by myself. My kidneys were out of order and nearly all the time I had a pain across the small of my back, and I lost so much weight that I actually looked like a frame."

"One day my folks brought me a bottle of Tanlac, but I didn't want to take it because I had taken so many medicines that had done me no good. I didn't care whether I ever took any more medicine or not. But they insisted so that I finally consented to take it, and to my complete surprise I commenced feeling better right away, and by the time I had finished that first bottle I had improved so much that I was able to go down town myself and get my second bottle. Now I am on my fourth bottle and I never felt better in my life and can do as hard a day's work as any man. My nerves are steady and I can stand any kind of noise. I eat anything I want, digest it perfectly and don't feel a trace of indigestion or gas, and the pain across my back has completely disappeared. My kidneys are in fine condition and I sleep all night long as sound as a child and get up in the mornings feeling just fine. If any man had told me that Tanlac would do me just half as much as it has I would have laughed at him. As long as I live I will never be able to praise Tanlac enough for the wonderful good it has done me."

Tanlac is sold in Woodstock by E. W. Mair, in Bristol, by Dr. G. W. Summersville, in Centerville by Stevens Bros., in Hartland by Estey & Curtis Co., Ltd., in Denton by W. E. Porter, and in River de Chute by Daniel B. Baird.
