GRAND LODGE K OF P ANNUAL SESSION

Many Delegates Attend—Important Amendments Recommended—Resolution Unanimously Adopted—Officers Elected—Meet at Charlottetown Next Year—D. O. K. K's Amusing Parade.

The thirty-fourth annual convention of the Grand Lodge Knights of Pythias, of the Maritime provinces met with Ivanhoe Lodge, No. 7, holding the opening session Tuesday morning at which Grand Chancellor Wallace presided. The delegates were welcomed by Mayor Nodden, who is also a member of Ivanhoe Lodge. The following important amendments were recommended:

- 1.—That the minimum fee for the subordinate lodge rank be \$20.
- 2.—That a committee be appointed to revise or consider the revision of the semi-annual return forms before another supply is printed.
- 3.—That lodges be requested by an official communication from the G. K. P. S. to insure all their lodge property.
- 4.—That the printing committee be requested to insert an index or table of contents in the Grand Lodge Journal hereafter.
- 5.—That the amendments to the Grand Lodge constitution be printed and made available for the use of the Grand Lodge.

- 6.—That any legislation directly affecting subordinate lodges enacted at the biennial session of the supreme lodge recently convened at Minneapolis, be printed as soon as available by the grand lodge and distributed to the subordinate lodges.
- 7.—That all lodges be urged through their grand representatives and by official communication from the G. K. P. S. to pay due observation to the annual memorial and decoration days.
- 8.—That this grand lodge take into consideration the advisability of creating a relief fund for the carrying on of humanitarian work, either on its own responsibility or in connection with some other grand lodge.

In a very interesting report James Moulson, of St. John, keeper of records and seals, said there were thirty-two lodges in the dominion, an increase of three over last year. In June, 1919, he had reported the membership 3,758 and was able to report an increase in June, 1920, of 523, a total membership of 4,281.

W. M. Stewart, representative to the supreme lodge presented his report from that body.

The following resolution was passed: To his Worship Mayor Nodden, Town Council and Citizens of the Town of Woodstock—Greetings:—

Whereas the Grand Lodge Knights of Pythias, is this day meeting in your beautiful town, by the side of the wind-

D. A. MCKENDRICK DIES FROM INJURIES

Well Known and Respected Citizen—Many Years in Railway Service.

The community received a shock when the death of D. A. McKendrick was announced Sunday morning. He was known by railway men from coast to coast as "Dan" McKendrick, who spent the best years of his life to railway work in Canada and the United States, was frequently a delegate to brotherhood conventions in both of these countries where he was highly respected, and finally, when conductor was, superannuated by the C. P. R. about 10 years ago. He was about 70 years of age, a Conservative in politics, a Presbyterian in religion and one of our very best citizens—one who had not an enemy in the world, although his duties brought him in contact with hundreds of all classes of people daily.

Going down stairs in the early morning he fell fracturing his skull. Dr Rankin was promptly in attendance but the accident proved fatal at 11 o'clock, Sunday night.

The deceased is survived by the widow, two sons, Neil and Donald, Miss Gertrude and Helen (Mrs Peter Melvin Clark) and five grand children. The funeral was held on Wednesday afternoon, with prayers at the house and services at St. Paul's church.

The pall bearers were Fred Carson, Barney Craig, W. S. Sutton, Thomas Baker. The impressive funeral services were conducted by Rev. Mr. Pringle of Kincardine and Rev. W. J. Millar of Richmond.

There was a profusion of beautiful floral offerings.

ing St. John river and whereas we have been particularly attracted by the quiet but very evident kindness and hospitality of your citizens, their abundant prosperity, and up-to-date general appearance of your industrial town and whereas: we have after a careful investigation proved to our complete satisfaction that you are a courteous people and whereas: we are pleased as a body to have the privilege of breaking bread with you for a season—be it resolved: That we extend our sincere thanks to his Worship Mayor Nodden for his kind personal interest and gracious welcome, and to the citizens in general, with the hope and expectation of again having the pleasure of a visit to the smart little town of the far famed potato country, at no distant date.

Several other resolutions were passed dealing with matters concerning the order.

A feature of the meeting was the visit of Daniel F. Simney, Past Imperial Prince, of Cincinnati, Ohio, and Imperial Rept. W. H. Chase of Boston, Mass., who addressed the Grand Lodge

AS OTHERS SEE US

Campbellton Editor Favorably Impressed—Sees Good Results of Manager System.

During a recent vacation the editor of the Graphic spent a short time in Woodstock, that progressive Carleton county town, which has been so often mentioned during the past year because it has taken the forward step and is managed by a town manager. Woodstock, which is beautifully situated on the west bank of the St. John river is credited by a recent directory with a population of 4,000, while Campbellton is credited by the same authority with a population of 5,000. 'This, we would judge, would be about a correct comparison of population between the two towns.

While we believe that there is no town in New Brunswick which can equal Campbellton in beauty of location and business opportunities, we must confess that Woodstock impressed us as being a close second.

The town is well laid off and the streets generally are wide and the trees are beautiful. In the residential sections beautiful homes, with well kept lawns and gardens are the rule. The streets are exceptionally good, and although we were there after a heavy rain, there was little evidence of mud or water on the road bed, despite the fact that there are many cars in use.

The main streets are macadam covered with tarvis coating and of course are good.

Woodstock has been fortunate in having many educational establishments provided The Fisher estate having erected several schools and the public library consequently the assessment for this purpose is light, being \$22,000 for 1920.

We talked with business men of all kinds and failed to meet one who knocked the Town Manager scheme, most were boosters for it and spoke in the highest terms of Mr. E. Mair, a former Campbellton boy, who was chiefly responsible for the appointment of a town manager.

The town owns its own water works. Water is taken from the river, and thoroughly filtered before being pumped into the mains. There are eight hundred water services, while here in Campbellton only about seven hundred are annually taking water from our main, which is also another means of comparison as regards population.

A continuous electric light and power service is provided by a corporation, the town having a very advantageous light and power contract.

While a town manager has been in charge of affairs only a little over a year, there are numerous signs of his good work.

Mr. Armstrong, the town manager, attributes whatever success which may have resulted to the hearty cooperation of the Mayor and Council and the citizens generally.

MAN KILLS HIMSELF WITH GUN

No Reason For Rash Act—Had Been Under Treatment for Mental Disorder

Another suicide has been added to the list in Carleton county by the death of Benjamin Bull of River de Chute. Only a few weeks ago he was discharged from the provincial hospital where he was under treatment. On Friday last he seized a gun and attempted to shoot a young man who was working on the premises. The shots went wide and the unfortunate man turned the gun on himself and with a bent stick was able to push the trigger, the bullet entering his body causing instant death. He was a highly respected man and no reason, except that he was deranged, can be assigned for his rash act.

This is the fourth suicide in the county within a few weeks.

F. B. CARVELL HAS CONFERENCE IN HALIFAX RE COAL

Halifax, N. S., Aug. 23.—Hon. F. B. Carvell, dominion fuel commissioner and minister of railways, arrived in the city from Ottawa last night, held a conference with coal mine operators and representatives of the miners this forenoon and will leave this afternoon direct for Ottawa. The conference was private and no statement was given out.

Hon. Mr. Carvell told newspapermen that his hurried trip was simply to familiarize himself with mining conditions in Nova Scotia by first-hand information direct from the mines. Endeavor was being made to ensure coal supply for eastern Canada and there was no desire unnecessarily to hamper shipments abroad, and the embargo would not be retained a day longer than was possible, once the best interests of the people in the way of coal supply had been served.

Grand Lodge will meet next year at Charlottetown, P. E. I., on the third Tuesday in August.

The D. O. K. K's held an amusing parade and attracted much attention. Mayor Nodden was a prominent feature of the procession, holding the post of honor with a body guard of dignitaries of the order. This branch of the organization met in the evening and initiated several candidates.

A full report of the sessions of the Pythian Sisters will appear next issue.

Black Peter, 2.15 1/4, the fast trotting stallion, owned and raced successfully by Earle B. Avery, last season, has been sold to William M. He will be put into training at the Chatham track and likely to race here at the fall fair.
