

LOCAL AND GENERAL

The Woodstock schools will open Monday, August 30th.

Have you seen the new Oldsmobile FOUR? It is up-to-date in every detail.

WANTED—A few copies of the Sentinel of Aug. 13th. Please mail to this office.

The new Oldsmobile FOUR is at The Bell Motor Sales Co., warehouses for your inspection.

And Woodstock \$167. Chatham has a tax rate this year of \$4.50 on the \$100. Fredericton's tax rate is \$2.20.

The Crops.
The reports obtained by the Sentinel from all parts of the county indicate comparatively good crops.

Will the person who picked up a coat Sunday, between Houlton and the boundary line return it to this office. 1 ins—24.

When attending the Fair do not fail to see the new Oldsmobile FOUR, which will present to you the latest and most efficient four cylinder Car on the market.

Will Sing at Exhibition.
Miss Evans of Toronto, who sang so efficiently here a short time ago with the 67th Regt. Band, will again assist the band at the Provincial Exhibition in Woodstock.

A Letter from England.
The postmaster has a letter from Hastings, England, addressed "Mrs. Nellie Davenport, Carleton County, N. B." The owner will please call or write the postmaster.

Good Work.
The new sidewalk now under construction on Main street is a good piece of work and people who travel this busy street appreciate the decided improvement already made.

Sacred Concert.
The 67th Band played a program of sacred music at Skiff Lake, Sunday. The music was greatly enjoyed by the large number of summer visitors now at this popular resort.

Honors for Jacksonville.
In the competition for the Lieutenant Governor's High School Entrance Medals for 1920, Miss Hazel Hagerman of the Jacksonville Superior School, was the winner for Carleton county.

A Narrow Escape.
Owing to something going wrong with his car, Harry Smith went over a bank at Florenceville, Wednesday, a fall of about fifty feet. He escaped injury and the auto was only damaged slightly. It was a miraculous escape.

Name Omitted.
In our last issue containing the names of the Carleton county pupils who passed the matriculation examination, we inadvertently omitted the name of Miss Muriel Newnam, Woodstock, who passed well up on the list.

Lemon Extract.
Rev. W. B. Wilson, chief inspector under the Prohibition Act, has prepared a special book for retail dealers in lemon extract, in which are to be placed the name and address of purchasers and the quantity of the extract procured.

A City Manager.
Tentative plans for a return to the aldermanic system in St. John suggest that the city can be divided into eight districts each with a representative, and that there be no aldermen at large. The question of a city manager is also being considered.

Good Potato Crop.
The last good bulletin issued from Ottawa, relative to potatoes, shows \$19,000 acres planted in Canada, compared with \$18,767 last year, and the crop condition 98 compared with 95 per cent a year ago. Reports from the different provinces are very satisfactory.

Not Creditable to Owners.
The vacant lot between the Bank and Sentinel office should be cleaned up. The present condition of this piece of property is not creditable to the owners, or those in charge of it and necessary steps should be taken to have the place put in decent shape.

Horse is Improving.
Doctors McCoy and Pugsley were here Saturday and after a thorough examination of Oro Fino, the Woodstock Driving Club's horse, pronounced an improvement and permanent recovery from the injury received at Presque Isle. The veterinarians returned to Fredericton, Sunday.

Many Autos.
From a record of passing foreign cars, kept by Chief Kelly, two hundred and fifty have passed through town to various points in Canada and the United States. Several cars were from the state of California. This of course does not include all the cars but those only seen by the Chief. The entries are from July 1st, to date.

Pedestrians Have Right of Way.
Many owners of automobiles have little or no thought for people who travel by foot. Many cases have been cited when drivers will not give citizens a chance to cross from one side of the street to the other. Pedestrians have the right of the road when they are crossing from one side of the street to the other, providing it is at a corner,

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scalp sores, eczema and teething rash. All dealers 50c box.

Broken Glass.

It is the most natural thing in the world when a window or a bottle has been broken on the sidewalk to sweep the remains into the roadway adjoining. In doing so people do not give consideration to the fact that a great deal of harm is often occasioned by this action. Broken glass is a menace to children playing in the streets, to horses' hoofs and to automobile tires, and the damage done in this way is by no means inconsiderable.
