NEW BRUNSWICK HUNTING SEASON OPENED THURSDAY SEPT. 15

Indications Are That Number of Visiting Sportsmen Will be Well Up to Average and That Local Hunters Are Looking Forward to Season's Sport—The Regulations.

The fall hunting season opened Sept. 15th, and indications point to it being a successful one. According to Chief Game Warden George F. Burden several inquiries have been made at his office and he is of the opinion that there would be any hunting parties visiting New Brunswick from the United States and elsewhere this year as could be expected with present unsettled business conditions. Many of the guides report that their bookings cover the entire season and they also say that there is no shortage of big game. Local vendors of licenses said yesterday that they had received many applications for licenses, and indications pointed to an active season on the part of local hunters.

The season, which opened the 15th, is for moose and deer, as well as duck and other game birds, and will close on November 30. There will be a short partridge season this year, from October 1 until October 20.

While the province has jurisdiction over the big game and local game birds, migratory game birds come under the dominion act. On ducks, geese, brant or rails the open season in this province is from September 15 until December 31. The open season for black breasted and golden plovers and greater and lesser yellow legs is from October 15 to November 14, and on Woodcock and Wilson, or Jack Snipe, from September 15 to November 30.

A close season until January 1, 1922 is called for the following migratory

game birds:—Band tailed pigeons, little brown sandhill and whooping cranes, swans, curlew, and all shore birds, except those mentioned heretofore. Until January 1, 1922, there will be a close season on the woodcock and elder or sea duck. The bag limits are fixed as follows:—Ducks 25; geese 15; rails (coots and gallinules) 25; black bellied and golden plovers and greater and lesser yellow legs 15; Wilson or jack snipe, 25; and woodcock, 10.

There has been considerable discussion concerning the exact terms of section 18 of the Game Act of 1921, and to settle doubts, the section is given here in full as follows:

"Everyone is guilty of an offence, and liable to the penalty hereinafter provided, who, at any time or season: (1) Sells, or offers or exposes for sale, the carcass, or any part thereof, of any game. Provided however, that it shall be lawful for the holder of a hunter's license to sell, or offer for sale the carcass, or any part thereof, of any moose or deer, which he shall have lawfully killed.

(2) Being the proprietor or manager of an hotel, inn, restaurant or boarding house, advertises on his menu or bill or fare, serves or sells any cooked game or dish composed in whole or part thereof, between December 15 in any year and October 1, or then next following, except in case where such game has been purchased

from a warden, under the provisions of section 77 of this act."

This section has been a source of trouble to hunters and game dealers from purchasing game from hunters and reselling it and, as a consequence, it is expected that very little game will be offered for sale, as the hunters themselves, unless their dealers, will be unable to sell their meat in the market.

A hunter's license may be issued to any person more than eighteen years of age, authorizing such person to hunt and kill one bull moose and two deer during the open season for such game during the year for which said license is issued. The fee to a non-resident of the province is \$50, and to a resident of the province, \$3. All non-resident hunters are required to enter the woods in company with a registered guide, and no guide can accompany more than two persons at the same time. A non-resident is required to have a license to shoot migratory and shore birds under the law and regulations of the federal government. The fee is \$15.

The department of lands and mines is issuing cards to intending hunters warning them against danger from fires during the game season and emphasizing the need for unusual caution in the handling of small fires and while smoking in the woods, owing to the unusually dry state of the forest lands after the long drought of the summer.

WHY HE HESITATED

A Scripture lesson was proceeding, and, having spoken about Heaven and the happy life all good little boys would lead after they died, the Sunday school teacher said:

"Now, will all the little boys who wish to go to Heaven, please stand up!" All the little boys in the class stood up with the exception of Leonard.

"And don't you want to go to Heaven, Leonard?" the teacher asked kindly.

Leonard was a boy who always told the truth.

"Not yet," he said.—Stray Stories.

YOUR CUP OF TEA

It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast.

Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON

NEW ROCKLAND, P. Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter.

I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives'." Mrs. J. M. PENNINGTON.

LIBERALISM FOR ALL THE PEOPLE

To the Editor:

What are the Political Issues?

Premier Meighen says "moderate protection" vs free trade. On that issue must the battle be fought. You are wrong, sir. What is not an issue today. The leaders of all groups and parties have publicly said that there must be moderate protection to provide revenue and safeguard home industries.

We have however read in the Conservative press, articles evidently inspired by those "higher up", advocating a continuation of government by "business men."

That is an issue. That is one reason why the present Government is condemned by the man in the street who will eventually be the man of the hour, when the long deferred election day dawns. The common people have become satiated by the rule of business plutocrats, otherwise called political profiteers by students of recent events. A man who can sell paint is not necessarily a good politician, nor what is more in demand, a good statesman. Neither does it follow that because another man is a ship owner, he can navigate the Ship of State through stormy ways. Business men by virtue of their training, are mostly men of one idea. Rarely have they the ideals which representatives of the people should have. The question people are asking today is not about the tariff; it is how soon can we get rid of the pork packing, ship owning and paint making politicians of the mercenary out-look, and replace them with men of a different and better calibre. Men whose one aim and ambition is to extricate Canada from a difficult position, and place her on the firmest foundation of solid prosperity. Men who are not actuated by the size of their indemnity, nor influenced by the interests of this or that clique. Men possessed by noble ideals and catholic views. Men who can see and act continentally. That is, men who can see the whole world in its true perspective, and then act for the best interests of their own homeland. Men who will not run at the first sign of danger, betray the people, or sell their country. Those men live and can be found, but they do not live in the limelight. You know them and I know them, but they are not to be found in packed conventions. Do you want men, exceptional men, to represent you? Men imbued with the true spirit of an up to date Liberalism which seeks to serve all the people, not a part thereof. You can have what you want, if you want it enough. Another time I will tell you how to get the best men. Also discuss other issues.

GOLF MATCH ENDS IN DRINKING BOUT

French Distiller Sees Much Drunkenness in America.

NEW YORK, Sept. 14.—Gaston Monnet, owner and representative, of one of the largest French distillery companies, who has been touring Canada, investigating the effects of prohibition enforcement, declared today that he found more drunkenness in the Dominion and the United States than in any other part of the world. He sailed for France today on the steamship Paris.

As an example, Mr. Monnet said in "allegedly dry Manitoba," at the golf tournament in Winnipeg, three weeks ago, he had seen between 500 and 600 bottles of whiskey produced immediately after the games, with the result that the windup of the tournament was more suggestive than a drinking bout than a golf match.

Despite this the French distiller gave it as his opinion that if prohibition were put to the vote in the Dominion the law would be upheld, and that it is only reasonable to suppose that eventually the whole country will become prohibition territory.

He did not think that the present system would continue, but thought the Dominion would have some system of control such as the Swedish law or the liquor control laws of the Province of Quebec.

"Taken as a whole," he said, "it is safe to say prohibition does not prohibit, but that Government control is fairly successful."

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARY W. LINDSAY, 810 Robinson St., Regina, Sask.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dreads of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsay.

HARD UP?

Presque Isle Star-Herald: Talk about the good folks of Aroostook and New Brunswick being hard up when they go into their jeans and dig up over a thousand dollars for a ball game. However, it must be admitted that such stunts frequently indulged in would put the average community on the road to being strapped.
