A YOUNG MAN'S PROBLEM

There is a stir in candy circles. A couple of large dealers have cut prices and are saying things and the whole trade is thrown into a state of uncertainty. No one knows what will happen, but there is a suspicion that all the other candy merchants will have to follow suit. So it has been with pigs and pig iron. Why not with candy?

Perhaps it will be so. But we are by no means certain. There are other things to consider. Candy is one commodity in which the buyer has not always a free choice.

Fancy a fellow taking a pound box to his best girl and boasting that he had bought it for 59 cents! It just isn't done. His fidelity would be suspected and all sorts of complications might arise. He dares give nothing but the best and takes pride in the costly. Price is the measure of the compliment.

The lower priced stuff may do for one's sweetheart—when she buys it herself. Also, one may buy it for the children and—if married long enough—possibly even for one's wife. But the high cost of candy will remain forever an unsolved problem for the young man with intentions who has been kept in a state of wholesome uncertainty.

THE THOUGHTLESS MOTORIST

A railway engineer remarked not long since: "I can't see for the life of me why motor drivers persist in running their cars full speed ahead when approaching a moving train at a railway crossing. Of course they don't intend running into the train, but they so often try to beat us to it, and many are the hair-breadth escapes, and many are the fatalities. Why do they persist in this flitting with death? I have had them shoot across just ahead of me and then turn and laugh at me. They may think it a joke, but it is a serious matter to a locomotive driver. The engine driver has enough to watch for and think about to pilot his engine and train in safety without being wrought upon by the foolishness and foolishness of the motorist."

Among the numerous applicants for the vacant Senatorship it is doubtful if there is one who has stronger claims on the party than Hon. B. F. Smith, ex-M. P. P. of East Florenceville. Mr. Smith has been running elections for over twenty years and has given and taken some pretty hard knocks for his party. He is an able and shrewd politician and it can not be said that a man who is not afraid to face Hon. F. B. Carvell on the hustings is lacking in courage. The appointment of Mr. Smith would give representation in the Senate to one of the finest agricultural districts in Eastern Canada.—Fredericton Mail.

SHOT TO DEATH?

As we go to press it is reported that a fatal shooting affray occurred at Biggar Ridge, in which a man was killed. There is a woman in the case.

FIFTY CENTS

Will pay for a trial visit of the Carleton Sentinel to your home to January 1st, 1922. This offer is open to bona fide new subscribers only and resident anywhere in Canada. We desire to give our big mailing list another boost, hence this remarkably low price.

Good Health Can Be Yours

If Your Blood Supply is Kept Rich and Red.

It is a waste of time and money to fight merely the signs of the disease; in the long run you are probably worse off than when you started. What is far more important is that you should intelligently examine the various symptoms and trace the cause. When you remove the cause, health will be yours. For example, anaemic people often endure months of suffering while treating its symptoms, such as indigestion, shortness of breath, palpitation of the heart and exhaustion after any small effort.

The apparent stomach and heart troubles are generally nothing more than the result of an insufficient supply of pure blood. This anaemic state may have followed some previous illness, or an attack of influenza; or it may have arisen from overwork, worry or too little fresh air. To obtain good health the simple and proper course is to build up the blood, but to do this you must select a reliable remedy with a reputation such as Dr. Williams' Pink Pills. These pills enrich the blood which carries nourishment to all the organs of the body and enables them to do the work nature expects of them. Thousands of men and women have proved this for themselves. One of these is Mrs. T. Flynn, R. R. No. 1, Erinsville, Ont., who says: "Last spring I got into a badly run down condition. I had no energy; work left me exhausted, and the least exertion would make my heart palpitate violently. I had often read of Dr. Williams' Pink Pills, and decided to give them a trial and got a half dozen boxes. I had not been taking the pills long when I felt a decided improvement in my condition and by the time I had used the six boxes I could do my housework with ease. I can strongly recommend Dr. Williams' Pink Pills to all weak people."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

AN APPEAL FOR CONTRIBUTIONS TO NURSES' HOME

Open letter to the present board of Councillors of the Municipality of Carleton:

Whereas the management of the Carleton County Fisher Memorial Hospital have acquired and fitted up a "Nurses Home" in connection therewith at a large expense, and as there are several rooms unfurnished which are urgently needed for the accommodation and convenience of the nurses, the undersigned is going to take the liberty of making a proposition for the present board of Councillors; that is that each Councillor contribute one day's pay that he receives from the municipality towards the furnishing of one of the said rooms and to be designated as "1921 Councillor Room". All those to whom this proposition may appeal can hand to a forward their offering to Councillor Robert Bell, Woodstock, N. B. When all have contributed on or before the 15th day of September, 1921, acknowledgement of each contribution will be duly made in the Press and Sentinel.

H. D. STEVENS
One of the Councillors for 1921
Woodstock, Aug. 26th, 1921.

When vegetables are very plentiful it is a good idea to prepare them as for vegetable soup and can them. In winter just add them to the meat stock.

Economical

because it is all pure tea

"SALADA" TEA

yields generously in the teapot and always gives the utmost satisfaction.

Squinting the eyes is a bad habit. When you light the oven to do your which is rather attractive when young baking or roasting fill your tea kettle but which will induce all sorts of and set it on top of the oven. Then wrinkles around the eyes when one you will have hot water without using an extra burner.

Dry fresh grated lemon peel to use. Include a generous portion of fruit for cakes and puddings. in the daily menu.

Opportunity is Knocking at the Investor's Door

6 P. C.

and over yield

on Provincial Government and high grade City and other Municipal Bonds is something most unusual in financial history. All agree that it will not last—the exact length of time, of course no one wishes to predict. One thing is almost certain, prices are not likely to go lower.

Don't you think that now is the time to buy? We would suggest that you make sure of high yields for years to come by exchanging your short term bonds for long term.

A Second Canvas

Eighteen hundred names were omitted in taking the census in Saskatoon according to the result of a second canvas made by the Chamber of Commerce. The lists of omission are being sent forward to the Dominion Statistician who has promised to check them with the first returns before making official announcement of the city's population.

THE CARLETON COUNTY
VOCATIONAL SCHOOL

Woodstock, N. B.

Opens September 6th, 1921

Offering, at that time, TWO COURSES for Young Ladies, namely,

COMMERCIAL COURSE

Embracing a thorough training in

Shorthand, Commercial English
Typewriting, Commercial Arithmetic
Book-Keeping, Commercial Geography
Office Practice

HOME MAKING

Which is essentially a course aiming to fit all young women, but catering especially to those from the farm home, for the greatest vocation in life—that of the successful home-maker. This course includes an excellent practical training in

Plain Cooking Household Management
Plain Sewing Invalid Cookery
Millinery Household Accounting
Poultry Raising Practical Dairying
Related and Appropriate Academic Subjects

The above courses are of one year's duration, commencing September 6th, 1921, and ending June 30th, 1922.

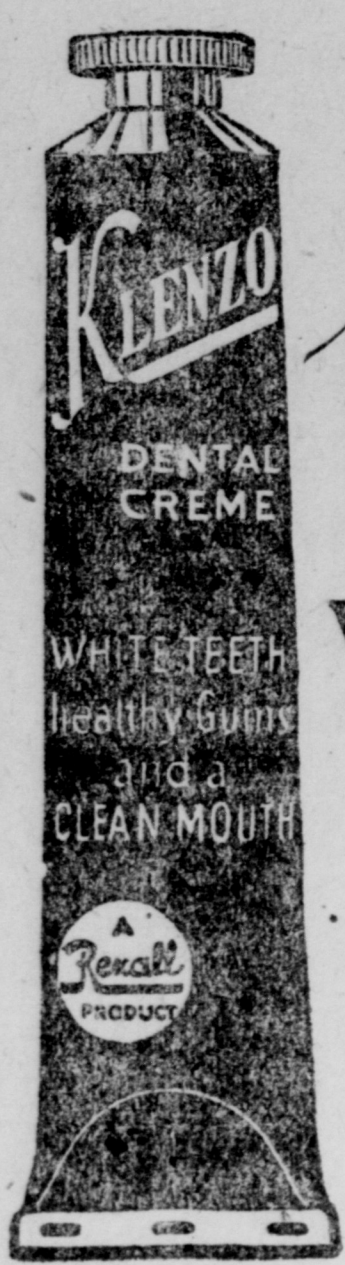

A special effort is being put forth to enroll a large group of young ladies in the Home Making Course, representing the different sections of Carleton County.

The course in Agriculture [Two Winters] begins November 1st, 1921, and closes April 15th, 1922.

A copy of the school calendar, which contains an application form, will be mailed to any person interested. Address
