CAN PUBLISH MY EXPERIENCE

St. John Citizen Wants Others to Benefit by Reading What Dreco Did for Him

Constipation, Dizzy Spells, Stomach Disorder Quickly Overcome

People who have given Dreco a fair trial and got relief from their troubles speak out in positive terms about it in the hope that others, suffering as they did, may obtain relief

Such is the following case:

"It's really the best medicine I've taken yet," says Mr. Densmore Chapman, 207 Prince Edward Street, St. John, N. B. "Doctors have been treating me for the past two years and I have tried all kinds of tonics and laxatives without results. I used to get up in the morning feeling miserable and take dizzy spells during my work. These dizzy spells often compelled me to quit work and that was a big loss in money to me. My appetite was poor. The little I did eat I could not digest. Doctors used to tell me to try liquids only, but even that did not help me.

"I read about Dreco in the papers and determined to give it a trial. After taking one bottle I have gained two pounds. I get up in the morning feeling fine and I can put in a hard days work without trouble, feeling as fresh at the end of the day as I did in the morning. The dizzy spells have disappeared, I can eat anything that is put in front of me and my food digests properly.

"I feel like a new man and am glad to recommend Dreco to all my friends."

Many people are daily testing the merits of Dreco for constipation, stomach trouble, pains in the back and limbs, catarrh, nervousness, rheumatism and general debility. Increases the appetite, soothes tired nerves, rouses sluggish liver and kidneys, drives impurities from the blood. Being made from the juices of roots, herbs, barks and leaves it contains nothing injurious.

Dreco is being specially ntroduced in Woodstock by Newnham & Slipp.
