THE PASSING OF C. E. GARDEN C. E.

The Last Male Member of Family--
Associated With Woodstock's
Early History--Filled Important
and Responsible Positions
in Engineering World --- With
First C.P.R. Party Over Rockies

In the death of Charles Garden, C. E., which occurred at the residence of Col. F. H. J. Dibblee on Sunday morning last, there passes away the last male member, in his generation, of a family associated with the history and progress of Woodstock for well nigh, if not quite, a century. Mr. Garden was the son of H. M. Garden, C. E., who himself was of an old New Brunswick family, of Scotch extraction. Born at Upper Woodstock some seventy years ago, Charles Garden was educated at a school conducted there by William MacIntosh and at the Carleton County Grammar School under the head mastership of James McGoy. His first venture in the engineering field was during a vacation, when he filled the position of "back picket" in the first survey of the Woodstock branch of the St. Andrews and Quebec railway, made by James Hartley, C. E. From this time he did surveying work off and on assisting his father. His father died when he was nineteen years of age and although still a boy, Charles Garden was appointed a provincial land surveyor in 1879 he was engaged with his brother Edward Garden, C. E., on government work. He was connected with the building of the C. P. R. through the Rockies. He was one of the advance guard of the exploration party. The route of this party was via the N. P. R. to Bismark, Dakota, up the Missouri to Benton and thence by trek to Calgary and up the Bow. Only one party came over the Rockies' summit. This party was in charge of Mr. McMillan, with Mr. Garden as transit man and consisted of fifteen men. They came through the Vermillion, south of Kickinghorse and made their way to what is now called "Golden." They built "The Cache" which has ever since remained, with, of course, extensive restorations and is now known as Moodie's House.

In 1884-5, Mr. Garden worked on C. P. R. construction near Lake Superior on White River, Peninsula Harbor, and it was at this time that the first through C. P. R. train went to Vancouver. He was later engaged on construction on the Deloraine branch to the Coal Mines for the C. P. R. He had charge of location and construction on Souris Branch and was for some years in office work in Winnipeg. In 1897 he was on the location of the Crows Nest branch, locating the loop and tunnel at Michael Creek. In 1898 he was employed by McKenzie & Mann at Rainy River and Fort Francis. For this same concern he afterwards located for the Swan river winter survey and in the summer following he located a line across Red Deer River.

In 1901 he was on the Algoma Central, Sault Ste. Marie to Michipicota Iron Mines and in construction work at Trout Lake Chippewa and Mackie Creek. In 1903 he was in St. Paul as an expert witness in a railway case between Foley Bros. and Cook and the side for which he testified, won. Coming nearer home Mr. Garden was engaged on the Transcontinental between Grand Falls and Andover, on the Woodstock Shogomoc branch and in the Minto Chipman district. Among his many activities he was engaged on the Vancouver Electric Railway.

Within a few years past, ill health caused Mr. Garden to retire from active work, and he came to Woodstock last autumn. He is survived by his widow, formerly Miss Alice Connell, and one sister, Mrs. R. Wilmot Balloch.

As Mr. Garden was away from Woodstock the most of his grown-up life, he was not as generally known as his brothers who lived here, but those who did know him found him a kind friend and a pleasant companion, well read, a man of wide and varied experience and with a vein of humor thrown in. His life was a useful one and as must be noted from the foregoing narrative, was associated with great events in the up-building of this country. Like every other good citizen he had his part to do, and he did it well.

That he was highly esteemed in his profession is evidenced by the fact that not very long before his death he received word that he had been made an honorary member of the Engineering Institute of Canada, an association with which he had been actively connected since its inauguration. Mrs. Garden received many

NATIONAL HOSPITAL DAY

Fisher Memorial Has Many Visi-
tors--A Pleasing Reception--
Presentation to Miss Newell--
Pleasing Musical Program.

The National Hospital Day was observed here last Friday, May 12th, when the doors of the Fisher Memorial Hospital were thrown open to the public. A very large number of people availed themselves of the privilege of visiting the hospital (and the nurses' home as well), and learning of the improvements that have recently been made and of those expected to be made in the near future.

The guests were received by the Matron, Miss Budd, and the assistant matron, Miss White. During the afternoon short speeches were made by Mr. T. C. L. Ketchum and Dr. W. D. Rankin. Miss Newell, who graduates the latter part of this month, was presented with her diploma, by Dr. Rankin. She was also presented with a bunch of roses by the nurses in training. Afternoon tea was served in the office. Mrs. T. F. Sprague, Mrs. W. D. Rankin and Mrs. James Wulverton poured, and Mrs. N. P. Grant, Miss Madeline Griffin, Miss Jean Sprague, Miss Marjorie Rankin, and Miss Mildred Balmann served. The hospital had been nicely decorated for the occasion and for the pleasure of the guests. The Veterans' Orchestra, under the leadership of Mr. Wightman B. Manzer gave a number of musical selections.

IS BENNY SWIM INSANE?

His Peculiar Actions cause Com-
ment--Belief that He is Not
Feigning Insanity--Petition to
Minister of Justice asks for
Commission--Some Improvement
During Past Few Days.

Bennie Swim, who is condemned to die on the gallows, July 15th, for the murder of Olive Swim, has been causing the jail authorities considerable anxiety by his actions since his sentence. For a week, after the close of his trial he raved continuously and for four days refused all food. A physician was in daily attendance and the condition of the prisoner indicated a general weakening of the whole system--In fact the symptoms were so serious that his parents were sent for. He, however, quieted down, within the past few days and has recovered considerable strength and, except for his wanderings, in which he drives horses and attends to farm duties, etc, his physical condition shows decided improvement. There is a feeling that he should be given a thorough examination by medical experts, as it is the belief of those who have seen him that he is not simulating insanity. In view of his condition the following petition is in circulation and many signatures have been attached: Woodstock, N. B., May 15th, 1922 To the Minister of Justice, Ottawa.

Dear Mr. Minister--"It is our belief, and the belief in general with those who know of the case, that Bennie Swim, who is now in our County Jail awaiting his execution on July 15th, 1922, is of unsound mind and at present in an insane state of mind, therefore we wish to make application to you for the appointment of a Commission to examine the said Swim as to his mental condition, so that his case may be presented to the Governor General through your Department, in order to have him removed to a proper institution for care."

Hal, 2.03 1/4 through the Maine fairs circuit a few years ago, is in Bangor with the Calvin Gretchell horses, which include the Exponent trotter, Bingmore, the green trotter Seldon See, Mr. 2.19, and the Silent Brook gelding.
