TOWN COUNCIL IN SESSION

Manager Rutledge Submits Report
--New Sidewalks Before Winter
--Bank of Nova Scotia and Tax Appeal--Counsel Will be Engaged.

The regular meeting of the Town Council was held on Monday evening. Present, Mayor Brown and all the councillors with the exception of Coun. Dunbar.

Minutes of last meeting were read and approved.

Manager Rutledge presented his report which was received and filed.

Magistrate Comben submitted his report for August, and a check for \$22 due the town for fines received. Filed.

Coun. Creighton submitted a detailed account from Stephen Green for repairs to the Town Hall. The contract was for \$400, which amount had been paid, but Mr. Green claimed a balance due of \$315 for additional work to what the contract called for.

On the suggestion of Coun. Creighton it was decided to secure a competent carpenter to go over the account with the Town Manager and report at next meeting.

Coun. Gallagher, supported by Couns. Dibblee and Augherston, made a strong plea for a concrete sidewalk from Hall's store to Oldham's marble works, which was promised by Manager Armstrong last year, and Manager Rutledge promised to have the sidewalk laid before the cold weather sets in.

Edgar A. Neal, manager of the Vogue Theatre, presented a petition, asking for a concrete sidewalk on the eastern side of the theatre, and the matter was left to the street committee and town manager.

Solicitor Hartley explained the present position of the Bank of Nova Scotia appeal case. He had been served with the necessary bond and papers from A. B. Connell, the solicitor for the Bank, covering an appeal to the Supreme Court of Canada. It is the intention of the finance committee to engage Hon. J. B. M. Baxter to assist Mr. Hartley in preparing the case and presenting it before the Supreme Court, which case will likely be heard in February.

In his very full and interesting report for September Manager Rutledge, among other things, said:-- To the Mayor & Council, Woodstock, N. B., Gentlemen:--

I submit herewith report covering details administered from the Town Office during the month of September, 1923.

REVENUE FROM TAXES:

Since the discount period for taxes the receipts have been quite small and there is an amount outstanding of \$16,137.73 on the 1923 assessment roll. In the case of those tax payers several years in arrears executions have been issued, and where no distressed circumstances prevail, will be enforced. In the case of property holders we wish to point out once more that the assessment law only requires that there be one year's outstanding taxes in arrears in order to sell the property to cover same. SILENTS

The work of scarifying and regrading the main streets continued for two weeks during the past month.

WATER
A new service was put in on St. Andrews street to serve Lewis Parker house.

The water and sewer services to Mr. Churchill's house on Pine street was completed this month.

Everything is in readiness to put the 10" water main across the Creek, but no work can be started until the rivetting is completed and the timber bents removed.

FIRE

The changes in the fire house have been completed and the interior painted.

The Steam Fire Engine is now undergoing a thorough overhauling and will be put into shape and then thoroughly tested.

No fires occurred during the past month, and only one during the month previous, which is a pleasure to report.

REMARKS

The work of the Woodstock Exhibition occupied the Town Office for about two weeks during the month. The principal effort during the coming month will be the collection of back taxes, and it is earnestly to be hoped that those in arrears will come in and arrange for payments and

Carleton County Vocational School

Excellent Showing at Woodstock Exhibition.
Students Score in Many Competitions.
Jacksonville Lad Wins the Mair Cup.
The Bacon Hog Contest Won by Turney Hale.

(Junior Agriculturist)

The following young men, students and ex-students, known to most of our readers, were prize winners at the Woodstock Exhibition, 1923.

Warren Bull won \$63.80, of which amount \$13.00 was won by Wendell Bull, on the following Dual-Purpose Shorthorns:

Junior Bull Calf, 1st--\$6.00

Bull Calf, under 12 months and over 6 months, 1st--\$5.00

Senior Heifer Calf, 3rd--\$2.00

Norman Palmer took his share of the money when he drew a cheque for \$58.53 on the following awards:

Best plate of Alexanders--1st.

Best plate of St. Lawrence 2nd.

Any other variety, crab apples, 1st.

York Sow, over 6 months under 1 year, 3rd.

York Sow with litter, 1st and 2nd.

Grade Bacon Type Sow with litter, 2nd.

Grade Dairy Herd, 2nd.

Grade Dairy Heifer, Junior Yearling 1st.

Private Dairy Tub or Crock of Butter 5th.

Turney Hale's winnings, although only amounting to \$24.00, were the ones which aroused in the editor the most enthusiasm. Turney, on a choice barrow purchased from Norman Palmer, early last spring, and which Turney fitted and finished, won first prize for the Best Bacon Hog, any breed, in pretty strong competition.

avoid the necessity of taking proceedings against them.

Current Bal. Sep. 30, 1923 \$13,464.40

Cash on hand 232.00

Our ank Bal. \$13,232.40

Outstanding checks 237.21

Pass Book Bal. \$13,419.61

To Turney also fell the honor of winning the \$15.00 bank account given by the Woodstock branch of the Royal Bank of Canada to the Best Pure-Bred Yorkshire Sow of Bacon Type, under one year, the property of a young man, between the ages of 14 and 26, resident in Carleton County. Turney won second money in the open class with his Yorkshire sow under 6 months.

Lorne Britton took home \$13.50, made up as follows:

Matched Team, Mares or Geldings, 2nd.

Pulling Match for teams weighing between 2400 and 2800 lbs, 2nd.

R. W. Maxwell, with a 1st and 2nd on his Plymouth Rock Utility Pullets, and a 3rd on a Pen consisting of cockered and three pullets, was quite satisfied with \$6.40.

Everett Cronkhitte squeezed out \$4.95 by taking the following awards:

Best plate McIntosh Reds, 1st.

Best Plate Wolf River, 4th.

Best plate Baxter 1st.

Best collection of six Commercial Varieties of Apples 1st.

The interest displayed in the Stock Judging Competition for young men was not what its importance merits. Only five young men competed this year, out of a possible thirty odd (very odd) young men living within driving distance of Woodstock who, as a result of their training and experience while at Vocational School, are capable of making a creditable showing in the stock judging competition. It may be that the day upon which it was held this year, or the time at which it was held, did not suit the majority. Believing that to be the case, the writer intends to make a change next year with the hope that the number competing might be made greater. Norman Palmer, Jacksonville, won the Mair Cup, being "high man" in the competition, while Lorne Britton, Hartland, a first year student, landed second place and \$10.00. Aubrey Reid, Plymouth, took third place and \$5.00. Just look over the above outline of Exhibition prize winners again, and then take another peep at the result of the Stock Judging Competition. Knowledge of, and appreciation for, good livestock comes most readily to those who are themselves breeders of good livestock.

THE OBSERVANT CITIZEN

996,326 motor cars entered Canada from the United States last year. From the record kept by Chief of Police Kelly most of them must have passed through Woodstock.

Some one rises to remark that the government will reap a rich reward in amusement taxes, from the attendance records at some of the exhibitions, if the figures given out are correct.

Fall is at hand, and automobilists will be wise to guard against the danger of skidding on the slippery leaves that are falling on the highways. The fallen leaves, especially when wet, constitute a real motoring danger.

Every season seems to have its distinct type of danger. Now that the hunting season is upon us we must expect to hear of shooting accidents. The most that can be hoped for will be that hunters will make a firm resolve to exercise every precaution against accidents. There will be tragedy enough at the best.

What about the skating rink project? Put away the "Velvet hammer" that are brought out from time to time and put some real work into this project, which is really of as much importance as some other lines of sport that are pushed to the limit. To get anything good a powerful lot of boosting and work is needed. The rink is of interest to every man and woman in Woodstock. Don't let "George" do it, but all hands push.

WEDDING

BOWLIN-COGER

St. Gertrude's church was the scene of a very pretty wedding on Tuesday morning October 2nd,
