NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of your medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. Chas. Baker, 21 Spencer Ave., Hornell, N.Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

The Prize List of the Woodstock Exhibition to be Held Sept. 12—13—14—15, can be obtained by dropping a card to the Exhibition Manager.

SAVED FROM HANGNG BY A LONG PRAYER

A correspondent of the Toronto Globe gives this interesting reminiscence:—In regard to the man, mentioned in to-day's Globe, who was saved from hanging at Victoria about 100 years ago by means of a long prayer, I can give you some information. This happened before the criminal laws were reformed, and stealing a comparatively small amount at that time was a capital offence. The condemned man, although a young man, was married and had a family. He was in extreme poverty and the members of his family were in danger of starving to death. He stole a cow and was condemned to death for it, but the Judge sent in a strong recommendation that he be treated with mercy. Quebec, and not Toronto, was at that time the Capital of Canada, and the Governor-General lived there. A messenger went to Quebec with a petition signed by practically all the people of the community. The roads were in very bad condition, and the day of execution came before the messenger returned. The Sheriff, though very reluctant, had to commence the proceedings at a certain hour, but there were no restrictions in regard to the length of the time the proceedings should last. The Rev. Mr. Ryerson, or Ryerse, as the name was originally spelled, asked leave to say a prayer, and leave was granted. After he had prayed for more than three hours the messenger rode furiously up and handed a reprieve to the Sheriff. His horse and he were completely covered with mud. The bad roads had kept him back. The condemned man lived to be an old man, and died in Buffalo many years ago.

"THE WAY TO SAY IT"

London, July 22—Reuters Melbourne correspondent cables that the Australian federal government has refused to agree to the appointment of German consuls in Australia. Premier Hughes, while not asserting that trade never can be resumed with Germany, declares that the Australian Ministry does not feel called upon to "grease the wheels for German trade."

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestional infection. The intestinal anticeptic, Adler-i-ka, acts on BOTH upper and lower bowel, removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought about.
