SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at han thed baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentry and colic are most prevalent. Any one of these troubles may prove deadly if not promptly treated. During the summer the mothers best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stom ach and keep baby healthy.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

THE KOLAPORE CUP

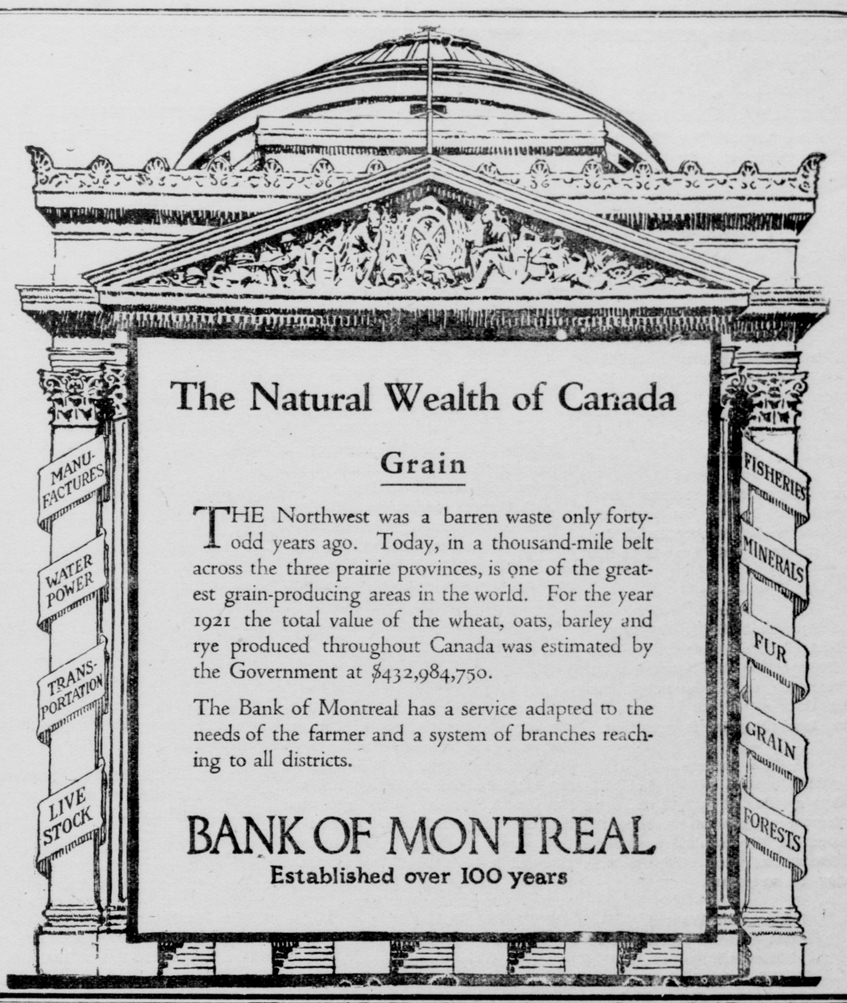

The famous Kolapore Cup presented to the National Rifle Association by the Rajah of Kolapore fifty years ago to be competed for by teams of eight men each from Great Britain and her colonies, was won at Bisley, this week by a team from the Mother Country. A team from Canada made a magnificent fight for the coveted tro phy, and was only nine points behind at the finish. All New Brunswickers should be proud of the fact that the top scorer on the Canadian team was a New Brunswick boy, Lieut. Chandler of Woodstock, who distinguished himself at Bisley, on a former occasion. The match was shot for at King's ranges, ten shots at each and according to press reports Lieut. Chandler put on the magnificent score of 142 points out of a possible 150. To pile up such a score on an important team match is a remarkable achievement and shows that Lieut. Chandler is possessed of a keen eye and a remarkably cool head. It is doubtful if his score was excelled by any member of the winning team.—Fredericton Mail.

The Natural Wealth of Canada

Grain

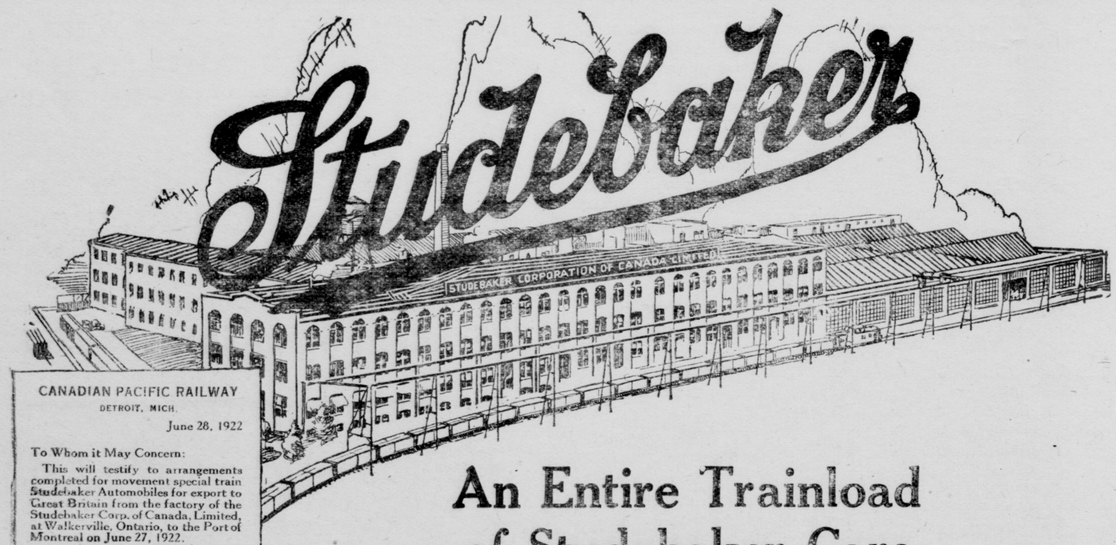

THE Northwest was a barren waste only forty-odd years ago. Today, in a thousand-mile belt across the three prairie provinces, is one of the greatest grain-producing areas in the world. For the year 1921 the total value of the wheat, oats, barley and rye produced throughout Canada was estimated by the Government at $432,984,750.

The Bank of Montreal has a service adapted to the needs of the farmer and a system of branches reaching to all districts.

An Entire Trainload of Studebaker Cars

Shipped From Canada to Great Britain

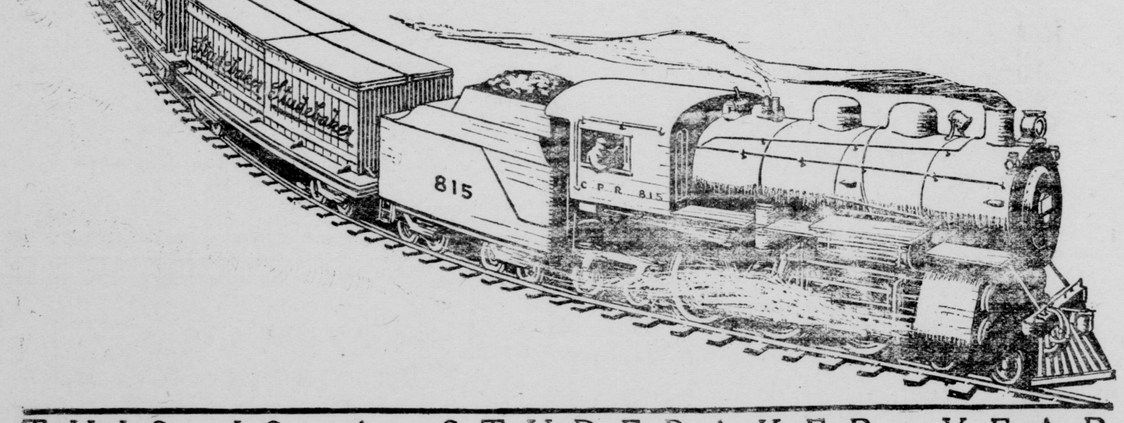

On June 27, one entire trainload of Studebaker automobiles was shipped from the Studebaker factories at Walkerville, Ontario, to the port of Montreal, where it was trans-shipped to Great Britain.

All over the world Studebaker popularity is manifest. From the Studebaker factories at Walkerville, cars are daily shipped to many parts of the world. Canadian workmen are h lping to make this a "Studebaker Year" around the world, just as Canadian appreciation is making it a "Studebaker Year" in Canada.

Widespread recognition of the superior value and quality of Studebaker cars has developed an unusual popularity for Studebaker products.
