TWENTY-FIVE YEARS AGO

From the Sentinel, April 3, 1897

The police made a raid on a building on King street, midnight Saturday, where a large party of men and one woman were carousing and fighting. The woman and five young men were arrested, taken before the Police Magistrate Monday morning and fined.

Miss Emma McInnis, a native of Woodstock, and daughter of James A. McInnis, died at Windsor, N. S., aged 26 years on the 24th. Deceased was well and favorably known as a vocal ist and elocutionist.

A meeting for the purpose of organizing was held by the Woodstock Woodworking Company on Monday evening. The result was as follows: Directors—R .K Jones, J. T. Allan Dibblee, Wendell P. Jones, Hubert A. Seeley, James W. Astle. W. P. Jones was elected President and Hubert Seely Sec. Treas. Mr. Seely will have charge of the books, Mr. Astle will be manager of the factory and W. P. Jones consulting manager. The facilities of the company have been largely extended, so that the factory is better prepared than ever before to fill orders for all kinds of woodwork

GLASSVILLE

On the evening of Thursday, the 25th, the Aberdeen F & D A met in the Caledonian Hall, Pres. McLauchlan in the chair. After reading and approval of minutes, reports of delegates to Fredericton convention were called for, when Mr. Archibald Scott and John McLauchlan Esq., addressed meeting, reviewing in an able manner the proceedings of Convention, and expressing themselves highly gratified with much they had seen and heard. Reports were sustained and thanks of Society given them. Pres. McLauchlan then read an able and interesting paper on "Stable Management of Cattle," which was searchingly discussed in very complimentary style by gentlemen present, and received their cordial thanks. Messrs Arch Scott, George B. Reid, William Lyon and Andrew Spence, leading off. Adjourned.

We mean to do no frightening—A loosened nut needs tightening.

Too much stress cannot be laid upon the importance of exact auto-adjustment. Each bolt should be in place and each nut properly tightened. Your steering gear should be working perfectly and every part of the car's mechanism should at all times be doing its bit. It would be well for us to examine your car frequently.
