Announcement is made today by the CARLETON SENTINEL of a great circulation boosting campaign. Over \$2000 in valuable prizes will be given to the people who enter the campaign and secure subscriptions for THE CARLETON SENTINEL during the next few weeks.

This is by far the most liberal offer THE CARLETON SENTINEL has ever made. On other occasions the readers have been invited to participate in the efforts of the paper, but never before have such appropriate costly awards been offered to those who will join THE CARLETON SENTINEL in its plans for progressive action in ever-increasing fields of circulation.

The ideas involved in this campaign are sound and practicable. Sound, because they are reasonable from every point of view and practicable because there are no insurmountable obstacles and no surrounding unreasonable restrictions or difficulties. There is nothing hard or impossible of accomplishment connected with THE CARLETON SENTINEL'S big prize distribution campaign.

YOU ARE INVITED TO ENTER

This big \$2000 Prize Competition is open to all reputable people. There will be two free automobiles and more than \$700 in cash prizes and commission awards guaranteed to non-winners of regular prizes--every person in this campaign is bound to win a prize. The prizes will be given to those who secure the most votes in return for subscriptions collected for THE CARLETON SENTINEL.

THE CAPITAL PRIZES

Splendid awards await the candidates who secure the highest total votes in the campaign. Two Ford Touring Cars, Capital Grand Prizes. The territory will be divided into two districts and there will be one Free Auto for each district. Both these valuable prizes should meet with a hearty response from the residents of Woodstock and surrounding towns and rural districts, as this is an opportunity for one ambitious and energetic person to win real prizes. There are many valuable prizes to be given away absolutely free in THE CARLETON SENTINEL'S Great Prize Campaign. It is fortune's greeting to every man and woman, and every boy and girl in every section of the territory covered by THE CARLETON SENTINEL.

MANY VALUABLE PRIZES

There are many costly and valuable prizes in THE CARLETON SENTINEL'S competition and every prize should be well worth the efforts of many ambitious people for the next few weeks--besides the regular prizes there will be 10 per cent cash commission prizes to all non-winners of regular prizes.

A Candidate in THE CARLETON SENTINEL'S competition should find it an easy matter to be a winner of a real prize with very little effort, so send in your name at once and get the early start. Now is the time to get the most votes for your efforts.

HOW TO ENTER THE CONTEST

There is no formality necessary in entering THE CARLETON SENTINEL'S great prize campaign. All that is necessary is to clip out the information blank found below or the nomination blank on the page advertisement and mail or bring it to the Prize Campaign Department of THE CARLETON SENTINEL and receipt books and all information will be given to you. After your name is enrolled as a candidate get your friends and acquaintances to subscribe, get them to pay in advance or pay you their back account. You will receive votes on every subscription turned in by you or for you. Write to your friends and tell them that you are in the campaign and in to win. Early energy spells success. Your friends will subscribe, and will be glad to help you. Nothing is gained by standing back and allowing other people to get the start of you. Whatever else you do, begin at once.

TOWN COUNCIL PAY BILLS

Pass Vote of Thanks, Donate \$25 and Pass Resolutions.

The town council met Friday evening with all the members present.

Albert Fields was heard in reference to a section of sidewalk he built on Connell street. After hearing his explanation the council voted to pay him the amount held back since the work was completed.

A vote of thanks was extended to all citizens who assisted in the reception of Lord and Lady Byng.

Bills in connection with the visit of the Governor General and party were ordered paid. Twenty five dollars was donated by the council to the firemen for decoration purposes for the parade.

The letter from the Power Company (which has already appeared in the Sentinel) was again read and after some discussion the following resolutions were passed:

Moved by Coun. Creighton, seconded by Coun. Page, that the town manager make application to the Hydro Committee for the purchase and distribution of electric energy for the requirements of the town of Woodstock and its citizens should the Commission build the transmission line to Woodstock. Carried.

Moved by Coun. Creighton, seconded by Coun. Augherton, that the town manager be instructed to correspond with the Prime Minister, Hon. P. J. Vernet, and ascertain from him as to whether the Government would consider the matter of passing an order-in-council that legislation will be enacted at the next session of the Legislature to enable the Town to purchase and distribute electrical energy from the Hydro Commission within the Town, if a plebiscite of the property and ratepayers be taken and show a majority in favor of same and also legislation authorizing the issuing of debentures for the monies required for the work. Carried.

Moved by Coun. Gallagher, seconded by Coun. Dunbar, that the town manager and chief of police be authorized to collect a license from every person running a public car or hack and if same is not paid within the car or hack operated under the by-law, then the by-law be fully enforced. Carried.

JULY 11-12

As we go to press immense throngs are wending their way to Island Park. The program has been, so far, carried out in every detail. Miss Canada and Miss Aroostook were welcomed with great enthusiasm. The racing program was undoubtedly the best staged in the east and today's events are the only topic in every corner of the town. In next week's issue the story of Woodstock's brilliant and well conceived festivities will appear in detail.

grants that there will be a gain among the class who were good husbands when sober, but who became 44 calibre fiends when intoxicated, and then asks, "but what of the opposite fellow in whom the milk of human kindness never flowed until it was primed, as the motorist would say, with intoxicating beverage?" In order to determine whether you are one of the new grouches, the paper asks these questions: "Are you sour when sober? Have you become fast, insisting that your children go to bed at 8 o'clock? Do you think everything has gone to the dogs? Do you snarl at the persons you once described as the best folks in the world? Have you thought of resigning from the lodge? If so, sign on the dotted line." The Citizen is still hopeful, however, and looks forward to the day when, from the pressure of necessity, a new Pollyannaesthetic may be discovered.

Miss Canada, (Woodstock Sketch)

THE OBSERVANT CITIZEN

Well, there can't be any more June brides for another year.

Everyone welcomes the re-appearance of the street lights, even if they do cost a little more.

An exchange observes that as an incentive to industry, enterprise and thrift, there isn't anything that can beat twins.

A Houlton lady after meeting Lord and Lady Byng remarked "they are delightful and quite like the rest of us."

The Citizen wishes to revise his suggestion that a load of gravel be placed in the holes at the corner of Chapel and Green streets and now suggests that the quantity be increased to two loads.

Rumors of a provincial election! If you want to know who will be Carleton County's next representatives you will have to consult the Ouija board. The woods are full of patriots anxious to serve the country and incidentally draw the salary.

We all read with the greatest pride the commendation by the daily papers, given the Woodstock Cadets in their exhibition during their stay in St. John. It is gratifying to learn that the boys went through their "paces" with great spirit under the direction of Capt. Palin, their competent instructor.

Is prohibition developing a new lot of grouches? A contemporary

that will be used during the campaign demands that receipt books be used by all candidates. They have been prepared in such a manner as to make the work of the contestants very easy. ENROLL YOUR NAME NOW--ACT AT ONCE.
