HAPPENINGS AT BATH

This week, a working party has tackled the job of repairing the dam at the town reservoir, thus ensuring an ample supply for the town requirements for pure water.

Amos Stitham, the enterprising owner of the North End Meat Market, is building a good sized warehouse at the rear of the theatre.

Hanford Carig has made some progress on the basement of his new residence, which, when erected, will be a credit to the builder, and a joy to the owner.

M. G. Keenan of the corner store, is taking in more space, and will endeavor to find accommodation for his ever increasing business. In fact, Bath as a general proposition, is determined to grow in size, population and healthy prosperity.

The Missionary Society met at the home of Mrs. Nixon.

The friends of Miss Marcella Bohan will be pleased to learn that she had a very successful termination to her high school course, being the winner of a first prize, and other honors.

It is expected that there will be a record crowd on or near the school grounds on Wednesday, to see the finish of the four games of baseball scheduled to take place that day, and to enjoy all the other attractions, including the Florenceville Band, and an amateur play in the evening, followed by a dance as a finale.

BORN—On July 13th, to Mr. and Mrs. Don. Wheeler, of Wicklow, twin daughters.

On Sunday, July 15th, a Memorial service in memory of former Knights of Pythias, who have finally reached the golden shore, was held in the Baptist church.

The local Knights paraded from the castle hall to the church, where part of the beautiful ritual of the Order was solemnly rendered in the presence of an appreciative audience.

An 'In Memoriam' address was delivered by Rev. I. W. Williamson, a faithful and energetic member of the Order.

Appropriate instrumental music was furnished by the Florenceville Band; also vocal music by the Florenceville male quartet. Jupiter Pluvius favored the brethren with a liberal precipitation of one of the elements which was joyfully welcomed by our farmer members, including the member for Ottawa.

One outstanding feature of the service was the nice display of growing and cut flowers, kindly contributed by thoughtful sisters, and which were selected to silently emphasize in the language of flowers, the cardinal principles of the Order.

There is no doubt at all that every person present felt it was good to be there; and we were truly grateful for the helpful services of our Florenceville friends, and all others who took part in this memorable service.

The installation of officers for the ensuing term, which was postponed from last week, was duly carried through by Deputy Grand Chancellor L. A. Noble, on Monday evening, 16th inst.

ST. STEPHEN'S BIG SHOW

The "big show" in the horse racing world moves on to St. Stephen next week for two days, Wednesday and Thursday, July 25 and 26, when people in this vicinity will have the opportunity to see in action the greatest aggregation of extreme speed that has ever appeared on eastern twice-around tracks. Three big races will be staged each day.

The big event on Wednesday will be the Junior Free-For-All for \$500, with such good ones as Calgary Earl 2.02½, Oro Fino 2.03½, The Problem 2.04½, Dr. Gano 2.06, Roy Volo 2.08½, Zom Q 2.09½, Bud Hal 2.10½, Jennie H. 2.11½, and some others. That's a big enough race in itself to be well worth going miles to see, and if anyone thinks he can name the winner he will find lots of people to dispute his judgment.

Thursday will see the big Free For All for \$1000, with four of the fastest horses now racing anywhere on earth contesting, Jackson Grattan 2.01½, Roy Grattan 2.01½, John R. Braden 2.02½ and Dan Hedgewood 2.04½.

Such horses usually are not seen outside the Grand Circuit, but wealthy and enthusiastic clubs of four towns have poured their money into their purchase price and they are to appear and fight it out over the St. Stephen track next Thursday, the 26th.

If you can see only one of these big races, the greatest and most costly ever staged down east, take your choice and you will not be disappointed, but you will be well repaid if you can plan it so that you can see both.

In addition, four other big races are staged for this great Mid Summer Meet in the Maine and New Brunswick Circuit, a 2.15 Mixed, 2.16 Trot, 2.21 Mixed and 2.23 Trot. Two races will be run each day in conjunction with the two major events, and in them at least half a hundred speedy ones already assembled will participate.

St. Stephen affords ample and excellent hotel accommodation and its track affords ample opportunity for the parking of cars and for camping parties and none who attend will be disappointed in any particular.

In addition a great ball game has been arranged for Wednesday between Woodland, Me., and St. Stephen teams, leaders in the St. Croix League, where the contest is running closely.

QUALITY

NO TREASON

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.
