

Service Every-where At Low Rates

There are 3500 authorized Ford Service Stations in Canada.

Each of these Ford Service Stations is a direct link between the Ford user and the Ford factory.

Each is manned by specially trained Ford mechanics skilled in every operation pertaining to servicing your Ford.

Each carries a complete stock of Genuine Ford Parts which are, in every detail, identical with the original parts in your car and therefore co-ordinate perfectly with every other part.

Every Ford part and every Ford service operation is charged for at a standard low rate. You need not bargain, because you will not be overcharged.

And so, no matter where you buy your Ford or where you use it, there is always a Ford Service Station nearby ready to give you expert and immediate service.

Carnation Milk
"From Contented Cows"

From Canada's Fine Dairy Farms

Comes the rich, creamy milk you get in the Carnation red and white labeled can. It is tested rigidly for purity and richness, evaporated to double richness and kept safe by sterilization.

Open a can when you need it—you will always find it fresh and sweet. You will enjoy it in place of cream on cereal or fruit, and in coffee. For tea, use it diluted, one part Carnation, three parts water.

Add to Carnation a little more than an equal part of water and you have milk of natural consistency, for all milk uses. Carnation Milk is convenient and economical. Order from your grocer several tall (16 oz.) cans or a case of 48 cans.

The Carnation Recipe Book contains many a good recipe such as below. Write for a copy.

CREAM WHITE SAUCE (For Creaming Vegetables):
2 tablespoons flour, 1/4 cup Carnation Milk, 2 tablespoons butter or substitute, 1/4 teaspoon salt, 1/4 cup water.
Melt butter or butter substitute, add flour and stir until thoroughly mixed. Add the milk, diluted with water, and cook about five minutes, or until the mixture thickens, then add seasonings. This recipe makes one cup of White Sauce. All vegetables may be creamed. The vegetables should be cooked by either boiling or steaming. After cooking with salt, drain and add Cream Sauce.

The label is Red and White

Where the Best Tea Grows

The Tea plant flourishes best on the well drained side of a mountain in a country where there is plenty of moisture and a warm sun. Certain parts of Ceylon, India and Java are ideal for the growing of delicious tea, hence from those countries come the finest varieties. "SALADA" is a blend of the choicest qualities grown, in these three most famous tea-growing countries in the world.
