New Lamp Burns 94 Per Cent Air Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

ACCIDENTAL DEATH

There was a gloom cast over the district of Canterbury when news was received of the accidental death of Charles Cunningham of Skiff Lake. Whilst yarding logs in the woods six miles below Canterbury on Tuesday morning, Dec. 23rd, he was killed instantaneously through a log falling on him.

Mr. Cunningham was a man of sterling character and was well respected, not only by the residents of Skiff Lake but throughout the entire district.

In religion he was an Anglican and a valued member of the Church Corporation of the Anglican Parish of Canterbury.

He was a widower and left no family. His wife predeceased him 11 months ago. The deceased is survived by two sisters and two brothers.

The funeral took place on Wednesday afternoon at one p. m. The service was held in Holy Trinity Church, Canterbury, and was conducted by the rector, Rev. W. C. V. Martin. The church, which was filled to overflowing, showed the regard and esteem held for the deceased. The rector spoke of Mr. Cunningham's sudden call and the great loss which the church sustained but it was comforting to know that he had lived a life to be copied.

He was a man of a true sympathetic spirit and one who did his duty to God and his neighbor. The community as well as the church would feel his loss.

The chief mourners were Mrs. Baker, Woodstock, sister; John R. Cunningham, Bedford, and Thomas Cunningham, Canterbury; Mrs. J. R. Cunningham and Mrs. T. Cunningham, sisters-in-law. There were also several nephews and nieces present.

PAINS ACROSS THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound

Mitchell, Ontario.—"I have taken your medicine for a number of years. I do not take it steady all the time, but I am never without it. I always keep it in the house. I took it first for pains in the abdomen and bearing-down pains, headaches and pains across the back. I have my home to look after and many a day I could not get up at all. I saw the advertisement in the paper about Lydia E. Pinkham's Vegetable Compound, and Mrs. John Miller told me about it, too. Every time I take it, it makes me feel better and I always recommend it to my friends. I am willing to answer letters from women asking about this medicine and you may use this letter as a testimonial."—Mrs. F. J. WASSMANN, Mitchell, Ontario.

The merit of Lydia E. Pinkham's Vegetable Compound is told by women to each other. Many women know by experience what this medicine will do and they are anxious for others to know. Such testimony should cause any woman suffering from the troubles so common to her sex to give this well-known medicine a fair trial.

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received to the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."

This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.
