

How the Bank can help the Farmer

THERE are scores of ways in which your Bank can help you—methods that will surprise you by their convenience and safety.

Take the sale of an animal. If it is a cash transaction, you can ask the purchaser to send you a marked cheque or your bank will attach a sight draft to the bill of lading.

If it is a time sale, your banker will handle and collect the note.

Our manager will be only too glad to outline to you the scores of ways in which he can serve.

BANK OF MONTREAL

Established over 100 years

Total Assets in excess of \$700,000,000

Envelopes

The Postoffice Department strongly advises that all envelopes sent through the mails should have the name and address of the sender in the upper left hand corner, in order to facilitate prompt return of undelivered letters. 20,000 pieces of mail remain undelivered in every six months.

Is any of yours among them? Is the worry worth while? If your envelopes haven't your address on them, hadn't you better place an order to day?

We can supply you with good business envelopes at very reasonable prices.

With the cream left in!

The Churches

METHODIST

The Rev. J. T. Cavers will preach Sunday, Feb. 8th, 1925:

11 a. m.—The Bethesda's Pool.

7 p. m.—What do we mean by faith.

A warm and cordial reception is given all those that worship with us. Come with us and we will do the good. If you would train a child in the way he should go, you must walk once or twice in that way yourself.

Sunday School convenes at 12.15 p. m. You are invited to attend our School and enjoy with us the Study of the Word of God.

The Ladies Aid Society meets each Monday from 2 to 6 p. m. All of the ladies of the church are invited to attend.

The League of Society always has a splendid meeting each Monday to which you are invited.

Our Mid-week Praise, Prayer and Study class meets each Wednesday from 7.30 to 8.30 p. m. We study the Sunday School lesson.

NERVES AND FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario.—"After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pains. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' I am sure it will do you good and will save those doctor's bills. So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me."—Mrs. ROBERT G. MACGREGOR, R. R. No. 2, Sarnia, Ontario.

A recent canvass of women users of the Vegetable Compound report 98 out of 100 received beneficial results. This is a remarkable proof of its merit. C

Extraordinary Construction Feat at Famous Mountain Resort

Right, the shell in course of erection. Left, the cover beneath which the construction work is going on. Below, Chateau Lake Louise, as it will appear upon completion.

Architects and builders all over America are much interested in the progress of the re-building of the Canadian Pacific hotel at Lake Louise, Alberta. The site of this building is over a mile above sea level, and the thermometer frequently takes a sensational drop, there being winter days when 50 below zero is on record. It was imperative that the new wing, which is being built to replace that burned down last summer, should be finished and open for the coming season, and that work on it should, therefore, not be interrupted by winter weather.

Several architects and contractors from United States cities, who have visited the site, expressed doubts as to whether the job could
