Local Grocery Store Makes Progress

Mr McCloskey doesn't sling on a whole lot of style and then charge it up to his customers at so much per sling but "gets busy" as the small boy would say, sells his goods at a living profit and handles the best the market affords. With a fine line of groceries and provisions coupled with real service.

The Broadway Store is establishing a splendid business, one that he will be able to retain through years. Housewives on Broadway would do well to inspect Mr McCloskey's Store and note the clean fresh stock the clean sanitary condition of this store and we'll wager our, —well, we know the result will be a purchase and a satisfied customer who will return.

Drugs and Prescriptions at Allen Poole's

It is a pleasure at any and all times to enter as conveniently an arranged and tastily kept store as that of McKeen's owned by Allan Poole. It there is any profession in which it is necessary or a man to thoroughly know his business it is that of the druggist and in this regard Mr Poole's competency in compounding drugs is acknowledged. In addition to carrying a complete line of medicine the store is stocked with notions, perfumeries, toilet articles in fact everything that is usually found in a first class store of this character.

The promptness and correctness with which every order is filled is one of the pleasing features which characterize the store.

A. B. Atherton Carries Full Jewelry Line

If its jewelry you are in search of silver plate or a present for a bride stop the search at once by going direct to headquarters. A B Atherton's, King Street, not a great big store scantily filled but a small store, the sides and ends of which are bursting because of the many rich things carried. Its worth one's time to "rubber" at the display window for half an hour. Plenty of pretty things there. Whatever you need in his line—Jewelry Plate, or Watch Repairs, A B Atherton won't set you back very far.
