Woodstock Buy-at-Home Campaign

COMMUNITY BUYING DIRECTORY AND BUSINESS GUIDE

The Merchants and Business men represented below are co-operating in an effort to prove to the residents of the town and surrounding community that values equal to any of the larger towns or cities may be procured in local stores. A series of educational "Buy-at-Home" editorials will be produced weekly. The benefit of Home Buying will be shown to the general advancement and progress of the community. Read the editorials, take advantage of the weekly specials offered by the merchants and BOOST THE TOWN YOU CALL HOME.

COMMUNITY CONFIDENCE ESSENTIAL

Your confidence in your community is based solely upon its prosperity. First you judge the community in which it is your desire to become a resident from the standpoint of its churches, schools and its business interests, what protection the community offers you in its fire as well as police systems. You the judge of that community. Should it prove to you to be loose or inefficient in any manner, naturally you look elsewhere and you are justified in so doing. If you locate in any community it is done solely on the basis of the confidence you have in that community and the protection it affords you along with its proven prosperity. Deriving all these benefits it is up to you to protect your merchants and all business interests. Buy from them. Give them an opportunity. These same dollars come back to you. They minimize your taxes. They increase the value of your own personal investments. Your merchants are willing to help you. It is up to you to help them.
