The Important Reason

FATS and oils are not digested like starches or proteins, they must first be emulsified in the body before they can be utilized as nourishment.

SCOTT'S EMULSION

is pure cod-liver oil scientifically emulsified—prepared for easy and rapid digestion, just as Nature provides emulsified fat in milk.

This is the important reason why the cod-liver oil you take—should be emulsified—should be Scott's Emulsion.

THE ANAEMIC GIRL

WHO HAS LOST HER CHARM AND BEAUTY

"She seems to be losing her looks." This remark is often heard about girls who were once noted for their rosy cheeks and their vitality. The cause is not far to seek—they have become anaemic; that accounts for the palor and the loss of charm. The anaemic girl, if she neglects her health, may be a sufferer all her life.

Take heed, you pale, anaemic girls. Plenty of fresh air, nourishing food and rest will help you, but what you need most is good blood. Those wretched headaches; that fickle appetite and those terrible heart palpitations can only be banished if the blood is rich, red and pure.

Good blood—the kind that brings good health is created by Dr. Williams' Pink Pills. The whole mission of these Pills is to build rich, red health-giving blood. The Pills are sold by all dealers in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
