"I think that the increase in unemployment has stopped in the United States and that by the time the Fall comes around, things will be much better," declared Professor Leo Wolman, of Boston, interviewed aboard S.S. Empress of Australia, on his way to the International Wage Conference at Geneva. "The worst has passed," he added, "and things are looking brighter again."

Canada's new championship golf course, the Royal York of Toronto, was opened officially May 19, in the presence of a distinguished gathering of golfers and Canadian Pacific and civic officials. George S. Lyon, Grand Old Man of Canadian golf, drove the first ball, and later in the day, the clubhouse was honored by the inspection visit of Their Excellencies, Lord and Lady Willington. The course is in connection with the Royal York Hotel and will be at the disposal of guests.

W. R. MacInnes, vice-president in charge of traffic, Canadian Pacific Railway, since 1918, and after 45 years' service with the company, retires May 31 at his own request, and will be succeeded by George Stephen, at present freight traffic manager. In announcing the change, E. W. Beatty, chairman and president of the railway, said:—"Mr. MacInnes has been in the company's service for forty-five years and has discharged his exacting duties as freight traffic manager and as vice-president in charge of traffic with conspicuous ability and loyalty to the company's interests. By his retirement the company loses one of its ablest and most respected officers."

More than four hundred varieties of apples have been originated at the Canadian Government Central Experimental Farm at Ottawa within the last 35 years. As thousands of seedlings have fruited, the apples have been tested and the best of them named and perpetuated for future production.

Five years ago the total output of petroleum in Alberta was 168,643 barrels; last year it rose to 999,152 barrels, of which 981,221 barrels came from the Turner Valley, the comparatively new field about 35 miles south-west of Calgary.

Contracts for 65 miles of extensions to the Alberta Railway which run north of Edmonton through the Peace River district, have been let. These extensions are to cost \$2,350,000.

Canada exports more manufactured goods per head of the population than any other country in the world. The figures are:—Canada, \$64.80; Great Britain, \$55.80; Germany, \$32.68; France, \$30.58; and the United States, \$25.13. It takes the exports of one American plus one German plus \$6.99 to equal the exports of one Canadian.

The demand for quarter sections each of 160 acres, of free homestead lands in Western Canada, given by the Canadian Government to settlers, continues to increase. In the first three months of this year there were 2564 entries registered representing 410,240 acres, as compared with 2,405 entries representing 364,800 acres in the corresponding months of last year.

LOCAL FIRM GETS VALUABLE AGENCY

PATTEN'S DRUG STORE SECURES
5 YEAR FRANCHISE FOR SARGON.
THE NEW FORMULA
WHICH HAS RECENTLY BEEN
INTRODUCED IN CANADA.

Local citizens who have heard of the results which have been accomplished by Sargon, will be interested in the announcement that this new and scientific formula can now be obtained in this town.

Sargon was introduced in the United States in April 1928. Since that time it has become a nationally-known, nationally-advertised product. Not in recent years, perhaps, has any other medicine of its kind attained such widespread popularity and were it not for the actual facts and figures given out by some of the leading drug firms of America, the success attained by this product would be hard to believe.

Sargon is now being introduced in Canada, and a new, modernly equipped plant has been established in Ontario to take care of the rapidly growing demand throughout the Dominion.

In awarding the local agency, the manufacturers of the Sargon are carrying out their established policy of confining the sale to one thoroughly responsible and centrally located drug firm in each city, and where-ever introduced the Sargon store will be found to be one of the leading and most representative. Such firms are always anxious and willing to co-operate with the manufacturers of meritorious products, especially internationally known products of proven merit.

Sargon was recently introduced in Toronto, Hamilton, London and other cities in Ontario, and judging from the large initial sales and the repeat business it has enjoyed, it now seems a foregone conclusion that the success attained by Sargon in the United States will be duplicated in Canada.

In the leading cities of the United States some of the most prominent men of the country have been among the hundreds who have come forward to tell what Sargon has done for them, and many thousands have used it with the most gratifying results. Human nature is the same the world over, and when suffering men and women find a medicine that helps them, they want to tell their friends about it, and in this way Sargon is rapidly becoming known throughout the entire American Continent.

The exclusive agency for Sargon Soft Mass Pills for this city and section has been awarded to Patten's Drug Store. In anticipation of the extraordinary demand, this well known firm has just received a large shipment of this celebrated medicine.—Adv.

MEETING OF COUNTY COUNCIL

The regular Semi-Annual meeting of the County Council of the Municipality of Carleton will be held at the Court House, Woodstock, on TUESDAY, the 17th DAY OF JUNE, NEXT, at 11 a. m.

Dated this 26th day of May, A. D. 1930.

J. C. HARTLEY,
Secretary-Treasurer, Municipality of Carleton.

Mrs. O. J. Lavoie returned last week from a visit to Boston and Bangor. She was accompanied from Bangor by her cousins, Mr. and Mrs. C. A. Ring who were enroute to Dalhousie to visit their son, Frank Ring, who is one of the designers and builders of the paper mill at that place.

ALCOHOL AND THE BIBLE

(By Clark A. McBride)

Editor, "The Carleton Sentinel":
During this political campaign we have statements made that would seem to indicate that the Bible does not condemn strong drink, wine, alcohol or booze. Such references to Holy Writ to bolster up the arguments of modern liberty and license are both misleading and mischievous. Preachers of righteousness are condemned for giving advice to their congregations, on the evils of intemperance and the worship of mammon. What are we coming to? Have we lost our standard of right and wrong? Are we bordering on socialism scepticism and atheism?

The Bible tells the truth. It calls a spade a spade. It describes good men and bad men, just as they are, without any veneer or camouflage. If some of our learned friends are quoting Noah, etc., and their frailties why not quote some other Scriptures?

Why not quote Proverbs 20:1, 23:31; Jeremiah 13:12-14; Isaiah 5:11 12 28; I Corinthians 6:10; Revelations 14:10, and various other passages?

If rumselling is legal, fashionable, profitable and commendable, why is it a crime for anybody to sell it? If human history and experience are a delusion in regard to saloons, rum-sellers and license, then we had better rub our eyes and see if we have not lived in a dream world. Would we like to get a revenue from the White Slave traffic? We are now building a small percentage of our roads by a revenue taken from slaves to the liquor traffic. King Mammon sits on the throne, while his foolish subjects bow the knee and laud the great things he is doing with money from the poor man's pocket.

Remember the fate of Babylon and Rome, and do not expect permanent prosperity to any nation that is addicted to drink and rum-sellers. Character and conscience count in the final analysis, and the rum seller will never qualify in any examination, for possessing very much of either character or conscience, unless it is a seared one. Wine is a mocker, and so are some politicians. "Whosoever is deceived thereby is not wise". Thank you Mr. Editor for your valuable space.

"After Baby Came I Was Weak, Skinny Gained 22 Lbs."

"After baby was born I was very weak, skinny. Since taking Ironized Yeast feel fine. Gained 22 lbs."—Mrs. Laura Benoit.

Thousands write new Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Ugly hollows fill out. Bony limbs get graceful roundness. Muddy skin gets clear and rosy like magic. Nervousness, indigestion, constipation vanish overnight. Sound sleep, new pep from very first day.

Two great tonics in one—special weight-building Malt Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmediated Yeast. Results in ½ time. No yeast taste, no gas.

So quit being "skinny," tired, unattractive. Get Ironized Yeast from druggist today. Feel great tomorrow. Money back from manufacturer if not delighted with quick results.

\$1800 FOR SEED COMPETITIONS IN NEW BRUNSWICK

Fredericton, N. B., May 23.—The New Brunswick Department of Agriculture co-operating with the Federal Seed Branch offers \$1800.00 in cash prizes for seed competitions in this Province.

Under the conditions approved by Hon. Lewis Smith, Minister of Agriculture, the seed competitions are restricted to three farm crops,—Oats, Wheat and Potatoes, but are open to entry to all members of Agricultural Societies, and are recommended to the attention of all under government inspection.

Growers of seed and grain who comply with the regulations of these contests are eligible to receive the official seed inspection certificate tag for sacked seed from the Federal Seed Branch, providing the quality is within the grades named by the Seeds Act.

The inspecting of the entries of potatoes will be performed by the Potato Certification Service official,—Dominion Division of Botany. Fields must have been planted with seed of one variety taken from stock which passed the certification requirements last year.

To meet the counties of Madawaska, Kings, Albert and Charlotte, the contests in oats-growing shall be what are termed "Standing Field Crop Competitions", in which the prizes are awarded partly on the basis of the field score and partly on the quality of the seed after cleaning and grading.
