COMMUNITY BUYING DIRECTORY AND BUSINESS GUIDE

The Merchants and Business men represented below are co-operating in an effort to prove to the residents of the town and surrounding community that values equal to any of the larger towns or cities may be procured in local stores. A series of educational "Buy-at-Home" editorials will be produced weekly. The benefit of Home Buying will be shown to the general advancement and progress of the community. Read the editorials, take advantage of the weekly specials offered by the merchants and BOOST THE TOWN YOU CALL HOME.

SOMETHING FOR NOTHING

Ruskin says, "Things of quality, necessarily demand high prices; those things which tend toward cheapness demoralize art and manufactures." He realized and knew the value of Quality. So it is today. You cannot buy a wool suit for the same price you pay for a half wool and cotton suit. This same argument applies to every line of merchandise. Don't expect "something for nothing." Your own judgment and knowledge of values are what you should be governed by. Don't use snap judgment. Your merchant in your community will only too willingly assist in explaining values to you. It is his duty to do so. Won't you give him the opportunity? By doing this you, the merchant, and community are all benefited. This is co-operation and finally spells success.
