88th YEAR NO. 50

BRITISH ACTION IS EXPECTED TO BENEFIT MARITIME LUMBER INDUSTRY

Provinces are Well Located For Shipping Personnel of New Town Council is Causing Much Speculation

LOCAL OPERATORS ARE HOPEFUL BUT NOT UNDULY OPTIMISTIC

A substantial gain to the lumbering industry in the Maritime Provinces is being predicted as a result of the decision of the British government to replace Continental softwoods with Canadian in building contracts under their direction. Considerable quantities of pine and spruce will be required, it is said, with these provinces enjoying an advantage because of their position on tide water, eliminating the necessity of long rail hauls. As yet no figures are available here as to approximately the quantities that may be required.

Local lumber operators while hopeful that a genuine benefit will accrue to the industry in these provinces, were not disposed to be unduly optimistic until further details are known.

SENT UP FOR TRIAL

MERLIN CLARK IS IN TROUBLE AGAIN

Merlin Clark, arrested recently on a charge of setting a spring gun in the woods to shoot deer, has been sent up for trial by Magistrate Stewart at Hartland. Clark has been released on bail to await trial by the county court.

Clark was previously sentenced to jail on a liquor charge, but escaped from custody and went to the west. An extensive search was made for him at the time of his escape, but on his return just before the last provincial election he was allowed to remain unmolested. It is reported that political influence was responsible for his immunity.

Charges have been made before now that the administration of justice in Carleton county was being interfered with by politicians. Another serious count which the government supporters here will shortly have to answer to the people.

MOTOR BUS COMPETITION MUST BE REGULATED ROTARY CLUB IS TOLD

Definite action to regulate the competition between railways and motor trucks and busses in the United States will have to be taken within the next few years, B. Perkins, general freight agent of the Bangor and Aroostook railway, told the Woodstock Rotary Club at their weekly luncheon at the Carleton hotel at noon Wednesday. Motor transportation companies, he said, secured the tariffs of the railways and then cut their rates both for long and short hauls, while the railways were prevented from retaliating as they could not change their rates in less than thirty days. He criticized the Interstate Commerce Commission as slow moving and expensive. George B. True was in the chair.

TURKEYS LIKELY TO BE PLENTIFUL CONCERT GIVEN BY MISSION BAND

GOOD SUPPLY OF POULTRY IS EXPECTED FOR CHRISTMAS TRADE

Present indications point to a good supply of local turkeys for the Christmas market. Most dealers here have not made their purchases as yet but in a few cases sales have been reported. There has not been as yet any tendency to establish a price, but it is thought that the choicest grades will be on sale Christmas week at about 30 cents a pound retail, with ducks and geese probably retailing at about 25 cents. Chickens are still very plentiful here and were retailing yesterday at 19 to 20 cents a pound for the choicest stock, while some sales were reported as low as fifteen cents. Eggs were still scarce at 35 to 38 cents. Dairy butter was unchanged at 22 cents a pound.

OBITUARY

SMARIA DICKINSON

The death of Mr. Smaria Dickinson occurred Saturday afternoon, December 3rd, at the home of his brother, Mr. Sherman Dickinson, South Newbridge, after an illness of two weeks. He had been troubled with asthma for some time. His age was 68 years.

Born near Canterbury, the son of the late Mr. and Mrs. Jared Dickinson. His parents being dead for several years. He spent the greater part of his life in Springfield.

He is survived by two sisters, Mrs. Albert Wright, Woodstock; Mrs. Israel Wright, Springfield. One brother, Mr. Sherman Dickinson, South Newbridge. Three nieces and five nephews.

He lived a moral life, and was very charitable, being always ready and willing to lend a helping hand to the

CARLETON LIGHT INFANTRY SENATORS OPEN BASKETBALL SEASON HERE WITH DECISIVE WIN OVER HOULTON

BILLY REARDON AND RAY SMITH BACK WITH TEAM FOR FIRST GAME; VISITORS WILT IN FINAL QUARTER AFTER PUTTING UP GOOD FIGHT

The Carleton Light Infantry Senators opened the basketball season here Wednesday evening with a decisive 34 to 23 victory over the Houlton A. C. quintet. The home team was reinforced by Billy Reardon, star of former years, at present enrolled at St. Francis Xavier University. Reardon pretty well stole the show, with some able assistance from another old timer, Ray J. Smith, who showed that he retains much of the ability he flashed around the basketball courts of the Maritimes a few years back.

The visitors excelled the Senators in floor work but were off color in their shooting. Aided by some sensational basket flinging by Reardon the homesters were able to hold a slim lead until the third period. The Houlton team, which was without relief players, then began to wilt and the winners ran riot to score almost at will for a few minutes.

Lineup and summary:

	G. P.	Pts.
Woodstock	7	0 14
Reardon f.	1	0 2
Brown f.	2	0 4
Smith f.	3	1 7
Pickel c.	3	1 4

POTATO MARKET QUIET THIS WEEK

HEAVY SUPPLIES AT MONTREAL HAVE NOT YET BEEN CLEANED UP

The potato market was quiet here this week with heavy supplies recently received on the Montreal market not yet cleaned up and demand from there dull all week. Prices showed little change with Green Mountains selling at 90 cents a barrel and Irish Cobblers quoted at 80 cents. Hauling was light all week, with farmers

(Continued on page four)

EARLY DECEMBER WEATHER IS EASY ON FUEL BILLS

Carleton County had weather this week more suited to spring than to mid December. The temperature took a jump early in the week, and for several days following conditions were mild and pleasant, with a marked saving on the family fuel bin. The weather took a colder turn about noon yesterday, and lower temperatures are expected for the week-end. There is as yet no snow in this district and the roads are all open, although some of them are badly rutted and rough.

Absence of snow made excellent skating on Skiff Lake last week-end, with the big expanse of water as smooth as a sheet of glass. Several parties from Woodstock motored down and took advantage of the skating, but found the road from Meductic in to the lake in very poor shape.

A Message To Advertisers

For the convenience of our advertisers the Sentinel which ordinarily would be published on Friday, Dec. 23, will be printed one day earlier. This will give advertisers a chance to bring their final messages to the shopping public in plenty of time for the last three days of the Christmas rush.

LATH MILL STARTS

company's mill will start sawing next month.

It has been announced that the Hayden saw mill will probably operate this winter.

K. of C. Club and Rotarians Gain in Card Tournament

The K. of C. club were high scorers in Tuesday evening's session of the Interclub Bridge tournament, a score of 1057. They were closely followed by the Rotarians with 967. The latter club displaced the Canadian Legion, who had a minus count of 1069, from second place in the standing.

The Garrison Club had an offnight with a minus count of 189, which set back was not sufficient to endanger their hold on first place. The Masonic Club dropped further into last place with a minus score of 1069.

The leading individual team is Dr. R. G. Thompson and C. J. Sullivan, of the K. of C. club, with 4596. They are closely followed by F. E. MacDiarmid and E. W. Mair, of the Rotary Club, with 4143, and G. Y. Jones and F. W. Mitchell, of the Garrison Club with 3942.

EVENING SCORE

K. of C. Club	Plus 1057
Rotary Club	Plus 967
Garrison Club	Minus 189
Masonic Club	Minus 762
Legion Club	Minus 1069

TOTAL SCORE

Garrison Club	Plus 6833
Rotary Club	Plus 2459
Legion Club	Plus 1296
K. of C. Club	Minus 1212
Masonic Club	Minus 9416

Garrison Club No 2—G. Y. Jones and F. W. Mitchell, defeated Rotary Club No 4—W. Slipp and W. J. Dibblee 17.

Election To Be Held On January 16

MAYOR PAGE ANNOUNCES THAT HE WILL NOT RUN AGAIN

With the civic year now coming to an end considerable speculation is going on as to the personnel of the next town council. The present council will come together early in January, but only for the purpose of passing bills and attending to necessary routine business. The town meeting will be held on Monday, Jan. 9, 1933, and the election will be one week later. Thursday, Jan. 12, will be nomination day.

The offices of mayor and three councillors must be filled at the January election. Councillors whose terms expire are Thomas Nodden, Harry Webb and Maurice Craig. Mr. Craig was elected only this year, but he was chosen to fill the place of the late B. A. Johnson, whose term would have expired at this time. Councillors whose terms have still a year to run are Dr. L. H. Reed, A. R. Turner and K. Lee Everett.

So far as can be learned no citizens have as yet expressed an intention of running for the vacant offices. Mayor Page, who is completing his second successive year in office, has indicated that he will not be a candidate for re-election.

The council held their first December meeting on Monday evening. A discussion of tax matters occupied much of the session. Coun. Reed said that his notice of motion to amend the existing legislation so that all citizens would have to file tax returns had been withdrawn only temporarily, and that only this year, the matter up again in January. His announcement was followed by a lengthy debate.

Coun. Craig, chairman of the Fire Committee said that no insurance had been placed on the fire truck, for the reason that the company represented by Mr. F. M. Grant would not insure collision without full coverage.

Geo. Y. Jones was heard before the Council. He said he could place the insurance on the truck for collision alone. He was not sure whether his company was a tariff or non-tariff company.

F. M. Grant told the Council that the company he represented was a tariff company, and it would not insure for collision alone.

The Fire Committee will probably make an early decision in the matter. Coun. Reed said the Press misquoted him when it said he had withdrawn his motion regarding the compulsory filling in of assessment blanks. He decided not to put it at that time. When the new Council comes in in January he would make the motion. He spoke of several items such as book debts, unpaid stock, etc. which he thought were not assessable. The assessors simply took their own heads for it. We are here under oath to treat all people right. If we keep on as we are going under the present Act, some day we are going to be faced with a situation that will cause us to make a big reduction in the estimates.

Coun. Turner said the system of filing statements was in vogue in many of the cities and towns in the province. Only the Chief Assessor had access to them.

Coun. Nodden thought we should find out where we stand. As the Act is now we cannot tell what is person al property and what is not.

Coun. Webb said it was a poor time to make any changes. This should have been done when business was normal. If a change is made in the Act it should be done by an expert.

Mr. Hayden was heard before the Council in regard to back taxes. He asked for a few days to straighten out the account. He said they intended to build a saw mill and asked for the same concession as had been given to E. B. Fisher.

Donald Nicholson was also heard in regard to his taxes. He felt that the town had dealt fairly with him. He wanted to carry out the contract with the town, and if given a little more time would make an effort to pay what he could.

Coun. Reed said that in regard to Mr. Myles' letter re paving town or part of town, it would be well to write Mr. Myles to come here and give us some information so that we can get an estimate of the cost of the work.

Coun. Turner said the Salvation Army had been interfered with in their meeting on Saturday evening by
