Mayor Page Prophesies Steady Gradual Improvement

BUSINESS TAKING BETTER SHAPE CHIEF MAGISTRATE TELLS CITIZENS IN STATEMENT AT ANNUAL MEETING

EVENTS OF PAST YEAR IN CIVIC CIRCLES ARE REVIEWED; THREE CANDIDATES ANNOUNCE INTENTION OF RUNNING FOR COUNCIL.

An early gradual revival of trade was prophesied by Mayor Page at the annual town meeting which was held in the council chamber on Monday evening. Mayor Page reviewed the events of the past year and said that he felt that business generally was now in better shape than formerly. Former Mayor G C Campbell was in the chair. Short statements of the work of their departments were given by all the coucillors, and near the close of the meeting Councillors DeWitt and Ridley said that they would not run again this year. Coun. Dibblee told the meeting that he would be a candidate again and A R Turner and A. W. Lutz also announced their intention of running.

The mayor referred to the town having two serious fires during 1931, one at the armory and the other at the upper end of town. He said much credit was due to the Houlton department for their assistance at that time. A thorough investigation had been undertaken of conditions and it was revealed that the hospital and other buildings were without adequate protection. After the experience of the Hayden fire the council purchased a motor pumper at a cost of $6300. No appropriation was made for this purpose as the council felt that with rigid economy it could be paid for out of the revenue. The machine arrived in August, passed the fire underwriters' test and was paid for in cash. The saving to the citizens in reduced insurance rates would pay for this expenditure in about three years.

Two unemployment programs had been undertaken during the year, one in the spring when $10,000 had been spent and the other in the fall when $15,000 was spent. Half the cost was furnished by the Dominion and Provincial governments. The town share of the spring program was assessed for. The fall program was sanctioned by a plebescite and the money was procured from the bank as it was not deemed advisable to issue bonds owing to the unfavorable market. The council had to finance the fall program as the governments were slow in remitting. Since the closing of the books $3,750 had been received from the province and a like amount was expected from the Dominion at any time.

WEATHER MORE SUITABLE TO MAY THAN JANUARY

Weather more suitable to May than January prevailed here this week. Following a heavy downpour Tuesday night and Wednesday, Thursday was bright with a strong sun. The temperature all day was well above fifty in the shade. The unseasonably mild weather has cleared away most of the snow and fields are bare in most places with the roads difficult for sleighs. The ice in the river is covered with water and in the smaller streams it is beginning to show signs of breaking up.

SIX YEAR OLD BOY SERIOUSLY HURT WHILE COASTING

GEORGE STOKES INJURED ABOUT FACE AND BODY IN COLLISION

George Stokes, six year old son of Mr. and Mrs. J. A. Stokes, had a narrow escape from death Sunday when a toboggan on which he was coasting struck a car driven by Albert Babkirk. The youngster was sliding down a sidehill and out of a yard onto Lower Main street. The car was passing as the toboggan shot out onto the street and sideswiped the auto about the rear wheels. The boy was picked up unconscious and bleeding and it was for a time feared that he was dangerously hurt. He was rushed to the hospital in the Babkirk car and Dr. N. P. Grant was called. It was found that his mouth had been badly cut, several teeth knocked out and a part of the upper jawbone splintered. In addition there were bruises about the body and legs. The lad's injuries, while very painful, were found not to be dangerous and he was taken home Monday. No blame is attached to Mr. Babkirk.

Young Brighton Man Convicted Of Having Stolen Pelts in His Possession

WM. JORDAN GETS 4 MONTHS IN COUNTY JAIL

JURY DISAGREES ON STEALING CHARGE; JUDGE RECOMMENDS HARDWOOD PILE

William Jordan, Brighton Parish, was convicted of being in possession of stolen fox pelts at the Carleton County Court and sentenced to four months in the Woodstock jail. In passing sentence Judge Hayward deplored the lack of facilities for manual labor at the county jail and recommended that a large pile of hardwood be procured for manufacture by the prisoners into firewood.

Jordan was charged with stealing three silver black foxes from the ranch of Harold Jordan, two miles above Hartland, and the indictment contained three additional counts charging him with being in possession of the pelts of the above animals knowing them to be stolen. The jury disagreed on the first charge but brought in a verdict of guilty on the three counts charging possession. Sentence of four months was imposed for each charge, all the sentences to run concurrently from Dec. 29, the date of the prisoners arrest.

CHEQUE FORWARDED GATES FAMILY FOR ACTUAL EXPENSES

AUTOMOBILE COLLISION CASE CAUSING ONE DEATH IS NOW CLOSED

The Sentinel learns from reliable sources that the case arising out of the death of James Gates, fourteen year old son of Rev. and Mrs. A. A. Gates, Hartford, Conn., and the injury of his parents and two other children in an automobile accident near Shogomoc last September, has been closed. The car in which the Gates family were driving was in collision with one driven by Sgt. Lambert of the Provincial Police, and the coroner's jury which investigated the fatality found that the police car was to blame.

Several weeks ago negotiations between friends of Rev. Dr. Gates and the Provincial Government were completed. The government denied all liability on legal grounds, but offered to make a cash settlement of slightly more than two thousand dollars on compassionate grounds, the amount of the momentary expense caused by the accident.

A cheque for this amount was accordingly issued from the provincial treasury and was forwarded to Rev. Dr. Gates on Monday last. Payment was made through a group of his friends in the United Baptist church who had interested themselves in his case.

WIDER SCOPE FOR MOTOR CARRIERS' BOARD IS SOUGHT

P. M. A. PROMISE SUPPORT TO RAILWAYMEN TO SECURE AMENDMENTS

The New Brunswick Legislature will be asked to give wider scope to the Motor Carrier Board at the next session it was announced Monday, when a delegation from the New Brunswick Railwaymen's Protective Association conferred with the Retail Merchants' Association at a meeting in the town hall. G. B. True, presichair.

The case for the railwaymen was stated by A. R. Turner who said that the railways sought protection against unfair competition from commercial trucks and busses. This was followed by a discussion during which Mr. Turner stated that it was possible that the government would be asked to impose a license fee on cars used by travellers not resident in the province to make the round of New Brunswick towns,, calling on the merchants.

A committee consisting of J. L. Ross, H. W. Cowan and Godfrey Newnham was appointed to consider a resolution. The committee returned a report favoring the support of the railwaymen in their efforts. This report was adopted by the meeting.

Support to the Association in its endeavors to obtain suitable legislation to the case was also promised at recent meetings of the town council and Board of Trade.

I wish to announce that in the coming Town Election I am entirely independent and in no way connected with any other candidate, as being a newcomer in civic affairs I feel that my election or rejection should be decided solely on my own merits.
