DYSART CHARGES PROVINCE HAS BEEN DRIVEN TO BRINK OF DISASTER

OPPOSITION CHIEF HEARD IN LEGISLATURE

NEW BRUNSWICK FORCED INTO A HUMILIATING POSITION HE TELLS HOUSE

Fredericton, N. B., March 1.—A change that the Government, intoxicated with funds easily acquired, had hidden the province to the brink of financial disaster, was voiced on the floor of the Assembly Chamber this afternoon by A. A. Dysart, leader of the Opposition, as the debate on the Address in Reply to the Speech From the Throne resumed.

"Never perhaps in the history of the province has public attention been so generally focused upon our financial condition," Mr. Dysart declared. "The humiliating position in which the province was recently placed was one wherein the Federal Government on one hand and certain banking institutions on the other, virtually picked this province up from the very threshold of bankruptcy and placed her in a position where she could meet her obligations."

The leader of the Opposition couched his criticism of what he termed the Government's extravagance with a plea for the institution of sweeping economies. He asserted that if the Government made "any honest attempt" to maintain expenditures within the revenues it was assured of the support of the Opposition.

"Bearing in mind the humiliating episode of the last few months," Mr. Dysart commented at another point, "and realizing that the financial adjustments now being made to meet the stern dictates of our banking institutions, in an almost hopeless effort to balance the budget, it is clear to all that the spectre of direct taxation is near at hand."

"It is not improbable that the Government may revive the direct taxation legislation of 1926 or they may seek to impose further taxation burdens upon automobile owners through increased license fees or gasoline tax or possibly a levy on income."

"Right here let me say that the present is no time for further taxation. Industry generally speaking, has been hard hit, and those depending upon our industries for a livelihood with restricted earning power, are in no position to absorb further taxation."

"Therefore," he summed up, "it would seem that our remedy for the present predicament does not lie in the direction of our resorting to taxation."

Triple Blaze Threatens Dunbar Foundry With Destruction

NO DEVELOPMENTS IN CASE OF TAX COLLECTOR FOUND BOUND IN SLEIGH WITH MORE THAN \$183 MISSING

WILLIAM ALBERTON DISCOVERED IN JACKSONTOWN YARD WITH HANDS TIED TO SEAT AND CONSIDERABLE AMOUNT OF TAX MONEY MISSING; POLICE ARE INVESTIGATING

Mystery still surrounds the case of William Alberton, Jacksontown tax collector, who was found on Monday evening in his sleigh in the yard of Harley Hannah with both hands tied and \$183.56 in tax money missing. Provincial police have been investigating the case for several days, but so far without result.

Alberton left his home in Jacksontown on Monday afternoon to do some collecting. He drove to Waterville and from there to Jacksontown, making several calls on the way. About dark he stopped at the residence of Ernest Culbertson and remained there for a few minutes. He left the Culbertson house and started toward the Jacksontown corner, about 600 yards away. He remembers seeing the "United Church." The next thing he could recall, he told the police, was coming conscious about two miles along the Jacksontown road, near the home of Harley Hannah.

He was slumped down on the seat of the sleigh with one hand tied to each side of the vehicle with a halter rope. He could see the lights of the Hannah place, and was able to get the horse to turn into the yard. He called for assistance and Mr. Hannah and his sons heard him and untied him.

Alberton was suffering from exposure and his hands, which were bare, were numb. He was taken into the house and the provincial police were notified. In the meantime the alarm was given and neighbors went over the road, and searched the vicinity as best they could. They could find the tracks of the Alberton sleigh but could not locate any suspicious traces. A heavy snow was falling at the time with a northwesterly gale, so that footprints would have been obliterated in a few minutes.

Constables Jones and Campbell started to work on the case immediately. A hurried check-up showed that a considerable sum of money which Alberton had in a breast pocket was untouched. A more careful check-up the following morning showed that the sum missing was \$183.56 in cash and a cheque for \$26. The cheque and the billfold in which the missing money was carried were later found in the back of the sleigh.

There was no lump or bruise on Alberton's head, but the fact that he had

on a heavy leather cap with a woolen lining might have accounted for the absence of signs of injury. He complained to the police that a spot on the back of his head was very sore and sensitive. Dr. G. N. Belyea made an examination on Tuesday and said that there appeared to be no doubt that he had received a blow heavy enough to cause loss of consciousness, but that there was no indication of the nature of the instrument used.

The police are still investigating and have followed up several leads without result.

RAPID PROGRESS MADE WITH CUT FOR BRITISH MARKET

J. H. HAY & SON'S CUT WILL TOTAL ABOUT 1,500,000 FEET

Rapid Progress is being made by J. H. Hay & Son with their British Hardwood Contracts. Several carloads have already gone forward and more are following. The firm is cutting near Millville and has about 40 men employed.

The season's cut was considerably greater than was expected. The firm was at first doubtful about operating this season and was late getting its men into the woods. It started cutting on a contract for slightly less than a million feet of hardwood, but this figure was later increased until the cut totalled 1,500,000 feet. Their mill at Indian Brook has been cutting for the last month, and has been averaging 20,000 feet a day. It is expected that a hauling will be completed in about a fortnight, but it will be well along toward May 1 before the sawing is finished.

The entire cut will go to the British market.

GOVERNMENT IS EXPECTED TO TAKE STEPS

OFFICIAL ANNOUNCEMENT OF REFUSAL OF BRITISH TO LIFT EMBARGO IS MADE

Official word has been received by the Canadian government that the British government have refused to lift the embargo on Canadian potatoes. This decision, of course, was made known to members of the delegation to England some weeks ago, but no further action could be taken by the government, apparently, until official notification was received.

According to new despatches from Ottawa the delegation to England, while failing to accomplish their purpose, made many contacts which will be valuable to the Canadian government in their efforts to have the embargo removed.

Action of a nature not yet announced is expected by the Dominion government, according to the Canadian press despatches.

In the meantime word has been received that reports that Ireland had plenty of potatoes were untrue. It is now reported that they are scarce and are selling at a very high price. Meantime in Carleton county they remain at 15 to 20 cents a barrel.

SUPERANUATED

COMPLETES 51 YEARS OF SERVICE

St. Stephen, February 28.—After 51 years' continuous service with the Canadian Pacific Railway, Harry Saunders made his last trip as engineer last evening when he brought his train in from McAdam.

In April, 1881, Saunders went to work as wiper at Woodstock. Later that year he went on as fireman, which position he held until 1884, when he was promoted to engineer in which capacity he has acted since. He ran the train from St. Stephen to Edmundston for 20 years and five months without a change or an accident, which is considered an outstanding record. When visitors note came to the southern section of New Brunswick it was always Saunders who was chosen by the C. P. R. to pilot the trains.

BANGOR QUINTET AND SENATORS TO CLASH TONIGHT

The Carleton Light Infantry Senators will make another attempt to break into the win column when they tackle the speedy Bangor School of Commerce quintet at the armories this evening. For the first time this year the squad will be at full strength, with two regular forward lines on deck, one consisting of Oldham, Pickel and Moores, and the other of Chandler, Ward and Brown. Storm, Augherton, Merrithew and Dalling will be on the defence.

OFFICERS DINNER IS ADDRESSED BY BRIG J. L. R. PARSONS

DISTRICT COMMANDER GIVES INTERESTING TALK ON ARMY AND ITS BRANCHES

Brigadier J. L. R. Parsons, C. M. G., D. S. O., G. O. C. M. D. 7, was a visitor to Woodstock on Tuesday and Wednesday. Brigadier Parsons made an informal inspection of the army and the Carleton Light Infantry in training on Tuesday evening. On Wednesday he was guest speaker at the Rotary Club luncheon, and on Wednesday he addressed the Garrison Officers' Mess at a banquet in the Carleton hotel.

Brigadier Parsons gave an interesting resume of the scope of the work of each branch of the army, pointing out the developments which had occurred in each since the close of the war. He dealt particularly on the mechanization of the army and its importance. In closing he gave some amusing anecdotes of army life.

Brigadier Parsons began his remarks by congratulating Col. Dibblee, who was the oldest officer present.

PRICE STILL DOWN

POTATO MARKET AT A STANDSTILL HERE

The potato market continued at a standstill in the Woodstock area this week. The warehouses were closed down with the dealers unable to sell at a profit and refusing to do business when it became impossible to transact their sales at a buying price of cents a barrel for Green Mountain. Elsewhere some shipping was being done with prices to farmers ranging from 15 to 20 cents.

Three Outbreaks Keep Fire Dept. on Jump Wednesday Afternoon and Evening

BLAZE ORIGINATES IN SPARES PARTS ROOM AND SPREADS TO FIRST SECTION OF MOULDING ROOM; TWO MORE ALARMS SOUNDED DURING EVENING

A triple outbreak of fire threatened the Dunbar Foundry, Lower Main street with destruction on Wednesday. Damage estimated at \$5000 was done to the building, plant and machinery. The first outbreak occurred at noon, two more coming during the evening. As a precaution against further damage firemen were kept on guard all Wednesday night. The loss is fully covered by insurance.

The blaze broke out in the spare parts room and gained headway rapidly. An alarm was turned in shortly after 12 o'clock, and when the firemen responded they found tongues of flames shooting from the windows and dense billows of black smoke rolling out of the building. The flames made their way along the roof into the first section of the moulding room, and for a time it looked as if the entire plant was doomed.

Chief Welch ordered a second alarm sounded at 12.20, and the department got to work surrounding the blaze. Five streams were laid, three of which were attached to the motor pumper. The machine, in its first real active service test in Woodstock, fulfilled all expectations. Although not working anywhere near full capacity it provided excellent pressure, and its effect on the fire began to be noted immediately.

The water was drawn from one of the new six inch mains, which

FREDERICTON HIGH CLINCHES INTERSCHOLASTIC PLAYOFFS

Fredericton High School put the Woodstock High cadets out of the running for interscholastic basketball honors when they defeated them at Fredericton on Monday evening by a score of 38 to 23. The game was an extra one, made necessary when the two teams were tied at the end of the regular schedule. The losing team put up a hard battle, but Fredericton was at top form and ran up a commanding lead in the first half. Woodstock was under strength, Jones and Fewer being out of the game through sickness.

Woodstock High is still in the running for Juvenile League honors, and will meet St. Paul's Taxis team of Fredericton in a sudden death game here on Monday evening. The line-up:

Fredericton—Moore 13, Davis, Lasky 11, Close 8, Kyle, Cain 4, Freeze, Cameron, Hatt, Currie, Baird, Lingley 2—total 38.
Woodstock—Craig, Hull 10, Buck 8, Jones, B. Lenehan, MacElhinney, Kennedy 1, D. Lenehan, R. Lenehan Referee—B. Woods.
4—total 23.

CAMP IS ROBBED

BLANKETS AND OTHER EQUIPMENT STOLEN

Provincial Police are investigating a break into a camp owned by Joseph Dow, River road. The camp, which is used for working in the woods, was entered sometime over the week-end, and a quantity of blankets, gloves, and other camp equipment were stolen. Mr. Dow discovered the break on Tuesday and notified the police who searched another camp, but without locating any of the stolen goods.

SENATORS BEATEN BY U. N. B. 22 TO 16

FIRST GAME SINCE REBUILDING IS PLAYED IN WOODSTOCK ARMORY

The Woodstock C. L. I. Senators lost to the University of New Brunswick basketball team on Monday evening by a score of 22 to 16 in the first game to be played in the armories since they were rebuilt. The U. N. B. team had a marked superiority in the second half after trailing at half time by 9 to 8.

Billy Chandler was out of the game with a bad cold, and Oldham, former U. N. B. star, had to go the whole route for his team in that position. Oldham's work was outstanding, although he tired toward the finish. Duke Moores played a fairly good game and Pickel's floor work was effective, although he had tough luck with his shooting. Wally Brown and Ward had an off night, and Augherton and Storm on the defence were hardly up to their usual mark.

Cuthbertson was high scorer for U. N. B.

Chris Appleby and Donnie Hull refereed and made a good job of it.

The line-up:
U. N. B.—Forwards, Cameron 2, Cuthbertson 10, Bell, centre, Thomas 6, Libby, guards, Christmas 4, Stevens, Bell.

Sensors — Forwards, Pickel 1, Ward, Moores 5, Brown, centre, Oldham 8, guards, Augherton 2, Storm, Dalling, Merrithew.

**MASONIC CLUB TAKES LEAD IN SEMI-FINALS
OF INTER-CLUB BRIDGE TOURNAMENT**

WINNERS ESTABLISH ADVANTAGE OF 194 POINTS IN TUESDAY
EVENING SESSION; MATCH TO BE COMPLETED NEXT WEEK
AND SURVIVORS WILL PLAY K. O. P.

The Masonic Club took a substantial lead over the I. O. O. F. Club on Tuesday evening in the semi-finals of the interclub bridge tournament. The winners established a decided advantage of 194 points, three of their teams finishing up with plus scores, and only one on the debit side. The play took place in the K. of C. hall, and the duplicate system was used, north and south at one table playing the same hands as east and west at the next.

hands on which the other three teams playing had deficits.

The scores: C. J. Durling, and A. Gordon Bailey, (Masonic) defeated E. G. Smith and W. Rudge, 245.
D. G. Scott and G. A. Dibblee (Masonic) defeated F. E. MacDiamid and A. G. Bailey, 1333.
J. E. True and J. L. Stone (I. O. O. F.) defeated P. S. Marsten and E. W. Smith, 402.
W. J. Dibblee and W. G. Slipp (Masonic) defeated J. Brody and J. A. Rogers 748.

The semi-finals will be completed next Tuesday evening and the winners will meet the K. of P. Club in the final.
