249 CARED FOR

Fredericton, N. B., February 26.—
The Jordan Memorial Sanatorium,
River Glade, cared for a total of 249
patients during the fiscal year ended
October 31, 1931, according to the
nineteenth annual report of that in-
stitution tabled yesterday in the Pro-
vincial Legislature by Hon. A. J.
Leger, Provincial Secretary-Treasurer.
Of the total, 124 had been in re-
sidence prior to October 31, 1930,
and the other 125 were admitted
during the past fiscal year.

Total operating revenue for the
year was \$68,056.08 against an operating
expenditure of \$140,385.88, occasion-
ing a deficit of \$72,329.80.

Commenting on financial conditions
the report refers to "the reluctance
on the part of the Municipalities,
and refusal of others, to finance the
treatment of their indigent cases of
tuberculosis."

An economy which curtail scientific
and public health measures is a
false economy," says the Superin-
tendent. "While the law is specific
on the point discussed above, we
feel that a proper appreciation of the
situation by the Municipal Authorities
involved, is better than legal pro-
cedure. Indigent cases of Tubercu-
losis and all other diseases will sur-
ely be increased by the present un-
employment and its consequent hard-
ship, therefore the necessity of more
active measures to promote better
health is greater than at any time
since the period of the Great War."
