WOODSTOCK LOSES WELLKNOWN MAN

LOUIS E. YOUNG, PROMINENT
BARRISTER, DIES AT HIS
HOME HERE

For the second time within a few
days Woodstock lost a wellknown
citizen and member of the legal pro-
fession, when Louis E. Young passed
away on Friday night at his home
here. He had been in poor health for
more than a year, but had improved
sufficiently a few weeks ago to be
able to perform his duties in con-
nection with the spring sitting of the
Carleton Circuit Court. Since that
time, however, he had been confined
to his home and had gradually been
growing weaker.

He was 73 years of age and had
spent practically his entire life in
Woodstock, with the exception of a
few years spent in teaching before he
began the practice of law. For many
years he was clerk of the circuit
court here. He was a member of Iv-
anhoe Lodge Knights of Pythias.

He is survived by his wife and
one son Alan.

The funeral was held Sunday after-
noon. Service was conducted at the
home by Rev. H. S. Bishop. The
pallbearers were L. J. Ross, G. W.
Montgomery, Hon. F. C. Squires
and A. Gordon Bailey. Interment
was made in the Methodist cemetery.

GARDEN POISON MIXTURE

Young seedlings in gardens are fre-
quently destroyed by cutworms which
eat through the stem, just at the sur-
face of the soil, says Isabella Pres-
ton in the Dominion Department of
Agriculture bulletin on annual flow-
ers. A good poisoned bran mixture
for their control is made as follows:
—mix thoroughly 1-2 lb Paris green,
with 20 lbs bran while both are dry.
Dissolve one quart of molasses in 2
gallons or more of water, then pour
this into the poisoned bran and stir
until all the bran is moistened
thoroughly. In smaller quantities,
use one quart of bran, 1 teaspoonful
of Paris green, and one tablespoonful
of molasses, with enough water to
moisten the poisoned bran. Spread on
the surface of the ground near the
plants as soon as they are set out.
The cutworms come out at night, eat
the poisoned bran, and are killed.
