WOODSTOCK EXHIBITION SHOWS PROFIT BALANCE ON 1935 OPERATIONS

Substantial Local Branch Of Mount Allison Society Is Re-Organized

Payments Made on Debt

AGRICULTURAL SOCIETY AD-
JOURNS TO SECURE LARGER
ATTENDANCE

The Woodstock Exhibition last September showed a profit of about \$300, it was announced at the annual meeting of Agricultural Society No. 41, which sponsors the exhibition, held in the town hall here on Wednesday afternoon. Total receipts were \$8,765, and expenditures \$8,473. The expenditures, however, included several items which the society had not in the last year or two been able to care for without town assistance. These included insurance premiums on the exhibition plant of \$725. About \$1,500 paid on a note and interest was also charged up to current expenses, so that the showing was considerably more impressive than the profit balance would indicate. The meeting was slimly attended and took the form largely of a round table conference on ways and means. As considerable important business was on the agenda it was decided to adjourn until Saturday, Dec. 7, at 3 p. m., when it is hoped a large number of the members will be present.

The financial statement was as follows:

Fine Buildings Are Arising From Ruins Of Centreville

MODERN BRICK STRUCTURES ARE BEING ERECTED TO REPLACE
STRUCTURES DESTROYED IN LAST MONTH'S DISASTROUS
BLAZE; EMPLOYMENT GIVEN MANY WORKMEN

The new brick block being erected by P. R. Clowater is making rapid progress. A frontage of 60 feet on Main Street and 60 feet on Florenceville Road is now up in brick to nearly the height of the first storey. Several bricklayers and about a dozen local men are engaged and the premises are a scene of great activity and widespread interest to all those visiting or doing business in the village.

A report that the McCall-Frontenac Co., contemplate building a \$12000 structure, garage and fill station on the site of the Kennedy House is another evidence of faith in Centreville as a business centre.

Vernet Tracy is starting to get foundations ready for a warehouse on Mill Street.

J. Chesley Stevens has renovated the interior of his store so it assumes almost as cheerful and attractive appearance as before the fire. When his new brick block is erected on the corner in the spring the village will begin to present quite a modern and up-to-date style of architecture.

POTATO MARKET CONTINUES DULL AND PRICES DROP

ISLAND STOCK CONTINUES TO
MOVE FREELY BY
WATER

The potato market was very dull here this week. Demand was slack both from Ontario and Quebec, and prices dropped thirty cents from their high mark of last week. Yesterday the farmers were receiving \$1.50 a barrel, with little hauling going on and loading quiet. A small amount of stock was being loaded from storage. It is estimated that to date about one third of the total crop has gone forward from this area.

Holdings in Montreal and Toronto were heavy. Montreal had 47 cars on track with a steamer from Prince Edward Island due today. Toronto also had 47 cars on track, 28 of them arriving yesterday from Prince Edward Island. The island potatoes are now moving very heavily, but their volume is expected to diminish when the insurance rates from water shipment go out of effect on Dec. 1.

A few western potatoes are on sale at Toronto at about five cents a bag less than New Brunswick's. Shipments from the west have stopped however, as the lower quotations on Maritime stock have made it unprofitable to buy in Manitoba.

Very little stock was coming in to the warehouses, as the farmers are expecting the price to climb again later on and the roads are now in poor condition for hauling.

The American market was dull this week and in Anroostock county yesterday prices ranged from \$1.60 to \$1.75.

A delightful piano recital was given on Monday evening in the Fawcett Memorial Hall, Sackville, by Miss Jane Schubert Clarke, daughter of Dr. and Mrs. G. F. Clarke, of Woodstock. Miss Clarke, who is taking the Bachelor of Music course at Mount Allison, charmed a large audience by her rendition of a difficult program.

HAS NARROW ESCAPE

CAR AND TRUCK IN REAR-END
CRASH

Frank W. Mitchell, Woodstock manager of the Maritime Merchants' Alliance, had a narrow escape from serious injury yesterday afternoon when his car was in a rear end collision with a heavily loaded wood truck. Mr. Mitchell had just turned from Elm street into Main street when the truck struck his car in the rear. The force of the impact knocked the lighter vehicle off the road and over a ten foot embankment. It came to rest on its wheels on a roadway below the bank. The truck was upset, but neither driver was injured, and the cars were not much damaged.

UNITED CHURCH NOTES

Rev. A. G. Christopher of Houlton was the preacher at the morning service at Woodstock on Sunday, Nov. 24th. He was greatly enjoyed both in his sermon, and in his talk to the Brotherhood. Mr. Bishop preached in Houlton. This exchange was part of a nation wide movement to help deepen the spirit of friendship between the two nations.

The Young People's Union has been following a missionary project in connection with the Foreign Work of the church. On Monday evening Mr. Charles Smith, in a very interesting manner, talked of our work in China.

On Sunday evening the service will be in charge of this Young People's organization. Their choir will lead the singing, and various members will assist the minister.

Mt. A. Field Secretary Is Heard Here

REV. WILLIAM GODFREY TELLS
AUDIENCE OF EDUCATIONAL
PROBLEMS

The Mount Allison Society here, was re-organized at a meeting in the United Church hall on Wednesday evening. Rev. William Godfrey, field secretary for the Mount Allison institutions, was the speaker of the evening. Rev. ROTARY CLUBS HOLD JOINT LUNCHEON

MEMBERS HEAR DESCRIPTION
OF LIFE OF SAVAGE
TRIBES

A joint meeting of the Woodstock and Houlton Rotary Clubs was held at noon on Monday at the Northland hotel, Houlton. J. Gill, of Presque Isle, was the speaker. Mr. Gill is at present recuperating after an illness, which he contracted after several years in Ecuador and Brazil, much of which was spent among the savage tribes of those countries. He gave an interesting description of the habits and manners of the head hunting savages, dealing particularly with their prowess with blow pipes and poisoned darts.

Mr. Gill described experiments he had carried out since coming north in an effort to find an antidote for the poison, but without avail. The poison in which the darts are dipped, he said, is of an origin unknown to white men, and it is absolutely deadly, invariably causing death without pain.

He also dealt with the industrial possibilities of the two countries.

SHORT COURSE IS STILL GOING ON

FOUR WEEKS TRAINING IN
HOME ECONOMICS IS
PROGRESSING

The four weeks' short course in Home Economics, sponsored by the New Brunswick Department of Agriculture and directed by Miss Alma Weldon, Provincial Supervisor of Women's Institutes, is still in progress. This week the girls are continuing dressmaking and knitting under the direction of Miss Clara LeBlanc. Miss Weldon is continuing her lessons in cookery and in tapestry work, while Mr. R. W. Maxwell, B. S. A., Director of the Carleton County Vocational School, is giving lectures in Poultry Raising. Miss Pauline Palmer, R. N., Instructor in Nursing at the Fisher Memorial Hospital, has charge of the classes in Home Nursing.

The girls are taking a keen interest in all phases of the work. The looms are still being kept busy apart from class work. This shows that the present generation is quite willing and eager to revive the handicraft of their grandmothers.

On Wednesday afternoon, December 4, from 3 until 5 o'clock, all work done by the girls will be on display at the Vocational School, and all who are interested in the work are cordially invited to attend.
