MANY CITIZENS PAY INSPECTION VISIT TO FISHER MEMORIAL HOSPITAL

Newly Added New Woodstock-Houlton Bus Service Goes Into Effect May 15

Equipment Is Inspected

BUILDING IS SHOWN TO VISITORS FROM SUN PARLOR TO KITCHEN

A large number of citizens, both from Woodstock and other parts of the county, took advantage of hospital day, on Tuesday, to visit the Fisher Memorial Hospital and inspect the recently installed new equipment. The visitors were favorably impressed with the plant, which although naturally not so extensive as those in larger centres is steadily being modernized and extended.

They were particularly impressed with the equipment installed this year, the new gas-oxygen machine and the basal metabolism apparatus. In connection with the former piece of equipment the I. O. D. E. several years ago contributed \$200 and last year the Nurses' Alumnae gave \$100. The Ladies' Hospital Aid paid half the cost of the other apparatus.

The gas-oxygen machine is used to administer an anesthetic which does not have the unpleasant after effects of ether, and the basal metabolism machine is used in diagnoses. In addition the new portable X-ray apparatus was demonstrated and films shown. The visitors were taken on a complete tour of inspection from kitchen to sun parlor, and everything was explained to them.

Afternoon tea was served with Mrs. (Please turn to page 4)

THREE SENTENCED IN FARMERS' STORE ROBBERY CASES

TWO MEN TO GO TO DORCHESTER, ONE ALLOWED OUT ON BOND

Robert Watson, sought for several weeks by Woodstock and Fredericton police on charges arising out of a break into the premises of the Woodstock United Farmers Co-Operative Company, Ltd., on April 12, appeared in the police court here on Saturday afternoon. He elected to take the Magistrate's jurisdiction, pleaded guilty and was sentenced to two years in Dorchester penitentiary.

Watson went to Montreal while the police were looking for him but found living there too hard and returned to Fredericton a few days ago. The police of that town located early Saturday morning and arrested him, Chief Barry Schriver, of the Woodstock force, going down Saturday morning and bringing him here.

Watson told the police that he had entered the store by climbing a pole and raising a window in the second story. He remained in the store for several hours, he said, selecting as his loot articles which he believed he could sell easily. While admitting that he was not alone in the break he refused to name any one else.

After leaving the store, he said, his car had a flat tire, and after trying to get the damage repaired at a local service station he drove to Fredericton on the rim.

Two other young Fredericton men, Thomas Atherton and Walter McLaughlin, were convicted of being in possession of stolen goods in the Carleton County Court here last Thursday afternoon. The cases also arose out of the break into the Farmers' Store, last month. A quantity of the stolen goods were found in possession of the two men when the car in which they were driving in on the Hanwell Road, Fredericton, was stopped by officers of the R. C. M. P.

Atherton was sentenced to two years in Dorchester penitentiary. McLaughlin was given two years suspended sentence and ordered to put up a bond of \$1,000 for his future good behavior.

The evidence was completed Wednesday. A night session being held to allow it to be completed. Addresses of counsel occupied most of the morning session. The judge completed his charge in the afternoon and the jury retired immediately. Both cases were tried together. A second indictment charging theft will not be proceeded with. D. R. Bishop appeared for the crown, and G. W. Montgomery for McLaughlin and G. Y. Jones for Atherton.

As the two criminal cases were the only ones on the docket court was adjourned sine die.
