

MATERIAL GOES FORWARD

Fredericton, N. B., Jan. 21.—The first consignment of material for use in the erection of the New Brunswick exhibit at Sportsmen's Shows of 1937 went forward to Boston last night.

A corps of guides who will assist in the building of the exhibit in Mechanics Hall will embark at Saint John for Boston via Eastern Steamship lines tomorrow morning. Thus all will be in readiness when the New England Sportsmen's and Boat Show opens its doors on Saturday, January 30th.

Yesterday's consignment included logs for the erection of a woodland cabin; boughs, rocks, evergreens and other material calculated to impart the atmosphere of a New Brunswick woodland scene; and tanks of live fish native to this Province. A third car, to go forward one week from today, will contain thousands of pieces of attractive literature and maps for distribution among persons interested in the vacationing opportunities, the game trails and the angling streams of New Brunswick.

A second corps of guides will proceed to Boston by boat on January 29th. This party will be under the personal supervision of D. W. Griffiths, director of the New Brunswick Government Bureau of Information and Tourist Travel, under whose direction the exhibit is being conducted.

"The sharp rise in the total number of inquiries received and answered by the Bureau in the past year—37,129 in 1936 as compared to 28,641 in 1935—is certainly indicative of the trend," stated Mr. Griffiths today. "Personally, I am confident that the campaign of Sportsmen's Shows will be productive of the proper kind of results and, in anticipation, the Bureau of Information here in Fredericton is aligning itself to handle the largest volume of inquiry correspondence."
