## BIG PARADE

Continued from Page 1)  
 of Army Week, Mayor E. R. Jones presided.

A large parade will be held July 1st when 2000 members of the local reserve units as well as the firemen, boy scouts, the Cadet corps, a unit from the Houlton Airport with their band as well as other bodies will participate. Four bands will be in the parade and if possible planes will be over.

In the evening a baseball game will be held at Island Park diamond when two teams from Houlton will play. On Sunday July 5th a mass church service will be held at Island Park for the entire community.

Mayor E. R. Jones is chairman, C. J. Jones is secretary. Other members of the committee are Major J. D. Winslow, Capt. C. M. V. Spence, C. W. Clark, D. R. Bishop, Mrs. LaF. Rogers and Mrs. L. H. Reed. Another meeting of the committee will be held next Wednesday for complete details.

## AGED LADY

(Continued from Page One)  
 ed. Dr. Waldo Currie, Bellingham, Wash., Allan Currie, Virginia, John Currie and Robert Currie in Richmond; three daughters Mrs. Norman Smith, Houlton Road, Miss Martha Currie, Seattle Washington and Mrs. Clara Armstrong, Richmond. Sixteen grandchildren and ten great grandchildren also survive.

Rev. W. P. Stiles, Jacksonville, who lead the devotions spoke briefly on the duties of councillors pointing to Christ as their pattern and guide.

H. J. Speer, acting secretary treasurer gave the financial statement. In referring to the dog tax he pointed out that the dog law, which was an improvement on anything devised to date, still presented problems.

Coun. Tracey said the idea was not to encourage the raising of dogs, but the raising of sheep and that in his opinion the law should be strengthened. Couns. Hubbard, Williams and Thomas were asked to meet with the County secretary regarding putting teeth in the by law.

Coun. Creighton read a letter, signed by F. C. Squires, County Solicitor and P. J. Hughes, counsel regarding the non-assessment of the parish of Aberdeen for the past two years since the re-valuation of the county and which in their opinion had reached a serious pass. Couns. Lamont and Hammington explained that Aberdeen had been discriminated against in the valuation and the review which took place the next year and it was finally decided that the Council, the Aberdeen assessors and the Board of Valuers meet with Mr. Walker, deputy minister of Municipal Affairs Wednesday morning to endeavour to arrive at an agreement.

Coun. Lamont reported for the committee appointed to investigate fire protection on granted lands. Warden Cheney was present and told of the effectiveness of the hand pump.

Coun. Thomas of the Public Health department told of Dr. F. B. Wishart's resignation as District Medical Health Officer. He recommended government inspection of meat and one or two community slaughter houses in the county.

Coun. Dibblee reported the Municipal Home to be running satisfactorily, with the inmates contented and happy. Coun. Vernet Tracey introduced the Fisher Memorial Hospital report and Coun. Clark, chairman of trustees said that about \$4000 was spent in repairs during the past year among them a new elevator. It was decided to finish the discussion on the hospital report on Wednesday.

Present at the Council were Warden C. Gordon Sharpe and Couns. Murray Lamont, Glassville; Fred F. Hartland, Glassville; Clyde E. Rideout, Hartland; F. Clayton Lewis, Coldstream; John L. Mahoney, Bath, John Kinney Bath; Stafford N. Banks, Bristol; C. Gordon Sharpe, Pembroke; J. Frank Cluff, Woodstock, R. R. 4; Frank Baker, East Florenceville; Edward Foster, Peel; Alexander F. Carson, Debec; Douglas Kennedy, Woodstock, R. R. 3; Fred S. Taylor, Florenceville; Guy Christian, Hartland R. R. 1; G. Hastings Kearney, Rosedale; Harry L. Thomas, Lindsay; Vernet Tracey, Centreville; B. D. Carlisle, Florenceville; G. Henry Williams, Lakeville; Henry Emery, Centreville; LeBaron London, Upper Woodstock; Alfred P. Hubbard, Debec; F. O. Creighton, Woodstock; W. J. Dibblee, Woodstock, Charles W. Clark, Woodstock. The only absent member was H. H. Hatfield, M. P. on duty in Ottawa.

## Wednesday

The Carleton County Council continued its June session here yesterday morning. Most of the Wednesday session was taken up with discussion of the 1940 valuation which the Councilors from Aberdeen felt was entirely too high as far as their parish was concerned.

Coun. Tracey said that his parish, Wicklow, was situated much as Aberdeen, far from the railroad and with little paved road. In his parish the valuation was \$9 per acre as compared with \$4.40 in Aberdeen.

W. J. Dibblee wished Woodstock had an industry similar to the Fleming and Gibson mill at Juniper, employing over 200 men. The towns of the county had gone down but the valuation of Woodstock had increased.

F. O. Creighton said he felt the real difficulty was the lack of co-operation on the part of the assessors of the parish of Aberdeen.

Alfred Page, chairman of the board of valuers said he had a little trouble meeting with the assessors from the parish in question.

## Discussion Resumed

Mr. Walker, Deputy Minister of Municipal Affairs, was present at the afternoon session as assessors Robert Ronalds, chairman of assessors for Aberdeen, C. A. Derrah, William Scott and Arthur McIntosh also from Aberdeen; Alfred Page, Lewis P. Boyd and Fred Mallory of the board of valuers were also present. The council resolved itself into a committee and discussion was resumed.

Mr. Ronalds resented the fact when other parishes were lowered Aberdeen was raised. The parish had no paved roads and a long haul to market.

Arthur McIntosh said he felt a mistake had been made by the valuers because the Juniper industry was of more value to other parishes than to Aberdeen.

C. A. Derrah made the statement that his assessment was the same as three merchants of the town of Bristol.

William Scott felt farm values in Aberdeen were altogether out of proportion with the rest of the county.

Alfred Page believed the assessment fair and equitable and much lower than the last valuation with the exception of the Town of Juniper which did not exist at the last valuation.

Lewis P. Boyd said it was easy to see why the valuation of Aberdeen had been raised, the Fleming and Gibson industry.

Fred Mallory, Jacksonville believed that farm properties in Aberdeen were valued \$2 lower than any other parish in the county.

Mr. Walker after listening to both sides declared the matter was growing serious since a levy had been made in the parish of Aberdeen for two years with no legal authority. He suggested that a committee of the chairmen of assessors of the various parishes meet with the warden as chairman, and bring in a finding which will be binding, both to the parish of Aberdeen and to the council. This course was decided upon.

Coun. Lamont recommended, for the committee appointed to look into the dog tax, that lost or destroyed tags should be supplied new and also that persons operating a kennel be exempt from tax on puppies until they are three months of age.

E. A. Neal, Douglas McBride, Councilors for the town of Woodstock appealed to the council for a grant for cigarettes for Carleton County boys overseas. On motion of F. O. Creighton the sum was granted and two representatives were appointed from the County Council, the town council and the Canadian Legion to prepare a list and prevent overlapping.

Rev. Mr. Scott, provincial Children's Aid official and a delegation from the Carleton County Children's Aid Society representing the Hartland and Woodstock L. O. D. E. Rex L. York, Donald Stewart, R. C. Morgan, Rev. Dr. Levy, F. M. Boyd, Hartland, Capt. Rev. S. B. Proffitt, Woodstock all spoke in the interest of the society and solicited the co-operation of the council in securing a large membership in the county.

A demonstration of fire fighting equipment was held by chief forester W. L. Miller and Guy Welch, game warden, on the banks of the Meduxnakeag, which greatly impressed the councilors. Coun. Murray Lamont, chairman of the committee to investigate such equipment, recommended buying 100 of the hand pumps.

Adj. Earl V. Harris was heard regarding the work of the Salvation Army and asked the co-operation of the council for a drive in the fall.

Gladstone W. Perry, M. L. A. was present and spoke briefly.

A short session was held in the evening when hospital bills were approved and charged to the parishes. Warden C. Gordon Sharpe, H. J. Speer county secretary and Coun. Harry Thomas were appointed delegates to the Union of Municipalities.

 for communicable diseases.

Board members present were: R. W. Maxwell, Miss Carolyn Curry, Mrs. J. L. Stone, Mrs. William Miller, Mrs. K. E. MacLaughlin, G. B. True, and H. W. Dick.

## MEETING WILL BE

(Continued from Page 1.)  
 chinery. In short, farm machinery efficiency.

The demonstrations and talks on machinery will be conducted by Professor L. G. Heimpel of the Agricultural Engineering Department, Macdonald College, Quebec. If you are familiar with the Farm Mechanics Page in the Family Herald and Weekly Star, which is edited by Mr. Heimpel, you can fully appreciate the fund of practical and useful information with which he is prepared to deal with the topic assigned him.

Professor Heimpel spoke in March at the Annual Meetings of the New Brunswick Fruit Growers' Association at Fredericton, on "Orchard Machinery," and his demonstrations were received with such enthusiasm and appreciation by those present that his services have been obtained for a series of meetings throughout New Brunswick, of which the one to which you are invited on next Wednesday at Jacksonville is the third.

With haying just around the corner, and harvesting in the offing, mowers, rakes, loaders and binders will receive special attention. So why not plan to take Wednesday afternoon, June 24th off and attend this demonstration at the Imperial Products Farm, Jacksonville?

## TESTIMONIAL OF A BYGONE DAY FOUND

WAS PESENTED TO BANK OF NOVA SCOTIA MANAGER IN 1892

The testimonial printed below, presented to Horace A. Flemming, Esq., manager of the Bank of Nova Scotia in Woodstock July 11, 1892 by prominent citizens of fifty years ago, and contributed to the Sentinel by J. R. Baird, the present manager will be of interest we are sure to many of our readers. The document is an example of perfect penmanship with shaded capitals and illuminated headings. We only wish we could reproduce it as it is written.

Horace A. Flemming, Esq.,

Dear Sir:

Three years have elapsed since your advent in our town. A stranger to all, you entered upon your duties and citizenship, to the faithful and zealous performance of which we have been witnesses.

Whether we view the few years of our coming in and going out together in the aspect of the social or business relation, we find equal pleasure in the retrospect and we feel every freedom and appropriateness, in our act to-day, in testifying that, while representing one of the most conservative of monetary institutions, your courtesy and management have added very materially to the popularity of the Bank of Nova Scotia here. At the same time you have been so imbued with the spirit of citizenship, that every good work has found in you a sympathizing and cooperating friend. It is therefore with a feeling of deep regret, akin to sorrow, we learn that the association with you, auspiciously begun, and pleasantly continued, is to be severed by your transference to another field; a feeling which is only mitigated by the thought, that the change means a recognition of your merits by promotion.

We desire your acceptance of the accompanying testimonial, a token of our goodwill and Try Sentinel Ads. for quick Results.

Yours faithfully,  
 (Fred W. Routley, M.D.)  
 National Commissioner.
