

*Sweeten it with*  
**BEMA Molasses**

The fact that it is the pure juice of the famous Barbados sugar cane makes BEMA Molasses an ideal sweetener. It may be used to advantage even in tea or coffee. It is really delicious on cereals, and imparts zesty flavor to cakes, cookies, pies or puddings.

Serve BEMA often at the table. Use it in baking. It is not only flavorful and appetizing but it is rich in iron and other nourishing elements.

## MINISTERS ALARMED AS LIQUOR EVIL

The Ministerial Association of Saint John and District, representing over forty Churches, desires to express the alarm and indignation with which it views the distressing situation caused by indulgence in intoxicating liquor; both locally and throughout the entire country. The ravages of this evil have always constituted a menace to society; but, especially in an hour when every principle held precious by democratic people is endangered and every National resource is being mobilized in a supreme endeavor to achieve victory, it is a matter of deepest concern that this liquor evil has reached proportions where it injuriously affects the country's war efforts.

Not only is drunkenness manifest upon our streets and in public places, but in the seclusion of railway trains and buses and other resorts, the rowdiness is in evidence which is always the sure result of strong drink. In some cases those in charge of public transportation vehicles have found themselves in situations where they were helpless to preserve order.

There are facts before this Association which prove conclusively that industry keenly feels the effects of this drink evil. There are certain plants where, after each pay day, losses of half-day, a full day, and sometimes more, are suffered through the absence of workmen. In one case the head of a firm declares that he is "afraid to pay his men," because of the absenteeism which always follows.

All Protestant Church Leaders have spoken with no uncertain voice upon this matter. Here is the voice of one of the leaders in the Roman Catholic Church, as reported in the Canadian Press. Archbishop William Duke, speaking in Holy Rosary Cathedral, Vancouver, said, in part, "Vancouver is doing its best to corrupt youth on Saturday nights by the capital sins of liquor and lust. We are called upon to turn to help finance the war; consider the colossal waste of savings on liquor. We are asked to organize to ensure a billet for our soldiers after the war, and now we tempt them by liquor and lust. We must be morally incapable if they return alive. We

are warned to guard our lips lest fifth columnists learn and divulge our defence plans. Have our fighting men no military secrets, and, if so, how can they guard them in liquor?" This Roman Catholic prelate is simply asking questions which are being raised in many minds which no one in authority in the State has sought to answer.

In view of the situation which has arisen and which this Ministerial Association believes to be one in which Canada's War effort is being adversely affected, appeal is made to all classes of citizens to arouse themselves and to assert every influence that some measure of relief may be found. The members of this Ministerial Association have not hesitated for a moment to support every regulation of the Government toward a total War effort. They will continue to the best of their endeavours to give this loyal support. But while taking this attitude they reserve the right to raise the question as to where consistency and fair play are to be found in rationing and regulating the necessities of life, while all the time indulgence is permitted in a luxury like strong drink which makes serious inroads on the well being of the country's manhood and womanhood.

The State has asked co-operation of the Church; has not the Church a right to ask co-operation of the State?

Very respectfully this Ministerial Association of Saint John and District makes these appeals.

1. For the duration of the War, at least, let all classes of citizens turn aside from their liquor glasses and practice whatever self-denial is necessary! Men and women of high rank have set an example in this respect and their example is worthy of being followed.

Before a glass of liquor is lifted let every good citizen ask the question: By this act do I aid my country or aid the enemy? If the Canadian soldiers who made such valiant sacrifices at Hong Kong had been given the privilege of having machine guns to beat off the enemy or having the 600,000 bottles of whiskey which were stored there and which it was necessary to destroy, there is no doubt regarding the choice they would have made. What kind of choices are loyal citizens making on the liquor question? A wonderful opportunity is given to leaders in our civic life to set an example in this matter.

TO THE TAXPAYERS below mentioned and to all persons having mortgages on any of the lands and premises hereinafter mentioned, and to all others whom it may in any way concern:

TAKE NOTICE that it is the intention of the Town of Woodstock to sell under the lien for taxes provided for by Chapter 58 of the Acts of Assembly, 59 Victoria, 1896, and Amending Acts, the property hereinafter in this notice mentioned and set out, together with the expenses of this notice, if not paid to the said Town of Woodstock, or its Solicitor within thirty days from the first publication of this notice. If payment is not made within the time indicated above, these proceedings will be continued and the sale made as provided by the above mentioned Acts.

### "PERENOX" IS HERE!

The New Remarkable Spray for Potato Blight

Here is a copper oxide that dissolves immediately in water. Its control value has been proven in tests throughout Canada. The experimental stations at Fredericton, Charlottetown and Kentville and leading growers have found it highly effective against potato blight—as well as against most other diseases for control of which a copper fungicide is recommended.

All you do is fill your tank sprayer with water (50 gals.) and add 2 to 2½ pounds of PERENOX, and the spray is ready. For early control of potato bugs, add Calcium Arsenate to the mixture of PERENOX and water.

PERENOX USERS HAVE FOUND THESE ADVANTAGES:

- IT GIVES EXCELLENT CONTROL OF BLIGHT
- ELIMINATES NOZZLE TROUBLE
- MAKES MIXING BARRELS UNNECESSARY
- GIVES A MORE EVEN SPRAY
- CLEAN TO HANDLE—SAVES TROUBLE AND TIME

2. In the City of Saint John the demands upon the Police Force are very heavy and enforcement of the Liquor Act cannot be made their sole official activity. Request is hereby made of the Provincial Government that they restore the liquor Squad of the R. C. M. P. which formerly operated, so that an attack may be made upon the dwellings, clubs and other hell holes where law is being violated.

3. While not departing from its position that the sale of liquor ought to be prohibited as a war measure, this Association has a fear that this Province is so involved financially in the traffic that this objective does not seem practicable at present. It is therefore recommended that measures be taken by the Provincial Authorities to so ration strong liquor, that one person may make but one purchase for a stated period. As it is now, the regulation in the Act regarding limited sale is a dead letter, with no attempt made toward enforcement, so that a purchaser may go from store to store and from time to time, and make purchases at

most beyond limit. By the use of coupons, a system could easily be devised which would eliminate these practices and so restrict the sale of hard liquor, that there would be some hope of sobriety in the community being restored.

4. Appeal is being made to parents and Christian teachers that a younger generation be taught by precept and example the principles of temperance and the ruinous effects, which always follow indulgence in strong drink, to body, mind and soul.

5. Above all: Let prayer be offered to Almighty God by every true Christian that His soldiers

upon earth in their moral warfare may be courageous and loyal, and that in His Name, an evil which curses the land, may be removed.

God Bless Canada.  
God Bless Britain and her Allies!  
GOD SAVE THE KING!
