FRESH FROM MARITIME PLANT

A Veteran at 20!

Back from scores of bombing raids over a dozen countries, this young airman has found adventure in the skies! Just out of his teens, an eager youth in years, he's a veteran in experience. He's a first-line fighting man, trained in the science of war at 5-miles-a-minute!

He and his buddies in R.C.A.F. air crew are team-mates. Gunner, Wireless Operator, Bomber, Pilot, Navigator—all work together as a smooth, swift "attack team" in a giant bomber. Their targets accurately surveyed in advance by daring reconnaissance pilots—their flight protected by the blazing guns of fighter planes—the bombers wing their relentless way to smash Nazi nerve-centres.

The expanded Air Training Plan has room for more men who want to be with these fighting comrades of the skies. Right now applications are being accepted for air crew duty, at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 17½, and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

WOMEN TOO—join "that men may fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre, or write address below for booklet.
