PLANNING MEALS

(Continued from Page 7.)

1 teaspoon salt
2 1/2 level tablespoons of Baking powder
2 level tablespoons sugar
2 3/4 cup shortening
2 eggs, well-beaten
1 1/2 cups milk (about)
Sift dry ingredients; cut in shortening until like coarse crumbs. Add combined egg and milk, stirring just until blended. Drop dough in mounds over fruit. Bake as above.

Meat Loaf
2 pounds beef, ground
1 pound pork, ground
1 pound veal, ground
4 slices bread
1 to 1 1/2 cups milk or warm water
2 medium-sized onions, minced
3 tablespoons salt
1-2 teaspoon pepper
4 eggs
2 cups chili sauce (optional)
Mix meats thoroughly with bread softened in the warm milk or water. Add seasonings and beaten eggs. Pack into two 5x4x3 inch loaf pans and cover with chili sauce. Bake in moderately hot oven (375 degrees F.) about 60 minutes or until done. Serves 10 to 12.

Why No Papers
For the Troops

One reason why no papers will be shipped overseas to Canadian troops on active service for the present at least, is explained in a poster prominently displayed in Post Office all over the Dominion.

Wording of the poster explains clearly why this regulation has been put into effect:

"Shipping space reserved for war needs."

"To conserve shipping space for vital war needs it is necessary to reduce the volume of newspapers sent to civilians and the armed forces in the United Kingdom and other Trans-Atlantic destinations as well as to places in Central and South American, Bermuda and the West Indies."

"Complete newspapers or periodicals cannot be mailed to these destinations."

"Instead of mailing the complete newspaper the public are requested to send only clippings of special interest."

Income Tax is Fair to All

In the fourth year of war, Canada will need almost four billion dollars. This is the equivalent of nearly \$350 from every man, woman and child in the country.

Even with the highest income tax in history, 52% only of the money Canada needs will be raised by taxation. The rest will have to be borrowed by means of War Savings Stamps, Certificates and Victory Bonds.

Starting with the first pay period in September representing September earnings only, your employer is required by law to deduct your income tax from your wages or salary, and send it promptly to the Government. Everybody will pay his share as he goes along.

It's going to be tough . . . but not too tough! Here are some good features:

1. You will pay as you earn, so that you will not be faced with a large lump sum payment next year.
2. The National Defence Tax already deducted during the first 8 months of this year has been taken into account in the Table of Tax Deductions.
3. Though the income tax rates show a sharp increase over last year, a large portion of this increase is actually savings, to be paid back to you with interest after the war.
4. The money you are paying for life insurance premiums, annuities, principal repayments on your home, or into a pension fund may be deducted (up to a certain maximum) from the savings portion of your income tax. In many cases this may be sufficient to make payment of the savings portion of the tax unnecessary.

Employers and Post Offices have been requested to display in a prominent place the official Table of Tax Deductions.

Forms TD-1 may be secured from your employer, Post Offices, or local Income Tax offices.

Unless you are single, without dependents, and not making payments of the types mentioned in paragraph 4 above, you should file Form TD-1 with your employer. Otherwise, you may not be allowed the credits to which you are entitled. DO NOT DELAY. File Form TD-1 with your employer at once so that you may get the full allowances from the start.
