A FARAWAY SOLDIER

I am not much of a poet.
I can not make words rhyme,
But I keep trying to do my best,
So just give me a little time.

I joined the army a year ago,
And now I am over here,
I joined up of my own freewill,
So that makes me a volunteer.

I left a lot of comrades,
I left a lot of pals,
I left my home and parents,
And also left some gals.

I was only just a greenhorn,
When I signed the dotted line,
But a year makes a difference,
So now I'm doing fine.

I have a lot of new friends
I have put my heart in my work,
And now there is not a single thing
From which I would try to shirk.

I am doing a bit for my Country,
With a great many other boys,
And when our big job is done,
I am sure there will be great joys.

There has been many a Canadian,
Who is doing the same as me,
And we are all looking forward,
When those Canadian shores we see.

We are always thinking of our loved ones,
Our minds are never at rest,
But we know they are thinking,
That we are always doing our best.

Our fathers fought before us,
To save our country dear,
And I know that we shall do the same,
As the end is drawing near.

There is only one more little thing,
To all our country men,
That joys will start all over once more,
When we see those Canadian shores again.

I am sure there will be lots of noise
And maybe a very loud "Hurrah",
I know there are lots of countries,
But there is only one "Canada".

Regional Conferences

Regional conference for school teachers of the province will be held at 12 New Brunswick centres during the first week of September this year, according to a statement issued today by Hon. C. H. Blakeny, minister of education. The chief business before the teachers will be the study of the curriculum. They will be in session five days, from Monday, Aug. 31 to Friday, Sept. 4.

Sites selected for the regional conferences, the statement continued, are Saint John, St. Stephen, Fredericton, Woodstock, Edmundston, Campbellton, Caraquet, Chatham, Moncton, Sussex and Marysville.

Special study of curriculum introduced in Grades 1 to 6 in 1939 and the Grade 7, curriculum introduced last year will take up considerable time at the conferences. Any changes in Grade 8 and high school subjects also will be taken up. The possibility of some adjustments in the courses will be discussed also.

The general policy laid down by

the Department of education, said Dr. A. S. McFarlane, is to have school teachers attend the conferences being held in the inspectorial districts where they expect to teach during the coming term, opening Sept. 8. But should it be more convenient, he points out, for some teachers to attend in inspectorial districts in which they are living at present, then it is suggested that the teachers make arrangements to do so.

It is said that many teachers have been laboring under the impression that the various inspectors in New Brunswick's 12 school inspectorial districts have been arranging for the teachers to be present. Instead, said Dr. McFarlane, the teachers are to make their own arrangements.

As the New Brunswick school cadet army camp will be in progress at Island Park, Woodstock, at the same time the conferences are being held, some confusion has arisen in the minds of male teachers who are duty-bound to be in camp with their respective corps as instructors. Dr. McFarlane said that these teachers will be excused from the regional conferences and it will not in any way discredit them. They will receive the government allowance, to which they are entitled, just the same. About 15 teachers are affected.

Eat Hash— and like it!

"I tell my family that as long as Jack is overseas, we'll eat hash and like it."

"WE ARE at war. It costs lots to win. It would cost everything to lose. So I don't figure that because we'll soon pay a small amount as compulsory savings, I can fold my hands and say 'That's that'! No sir! Some people may need compulsory savings to save something for their own good. But that's the minimum. I'm out to save all I can to buy War Savings Stamps and Certificates to help win the war and have something substantial put by for the days when there won't be all this work and overtime."

"I've christened my garbage can 'Hitler' and believe me he doesn't get anything that's worth anything."

Shipping is Britain's life-line. Launchings in 1941 totalled 1,250,000 tons.

Naval tonnage produced in the last quarter of 1941 was four times as great as that produced in the last quarter before the war; merchant tonnage, twice as great.

SUNRISE

(By Howard Murray Whitman)

The beauty of the setting sun
Is told in song and story,
And no word picture that is done
May overdraw its glory.

But I would sing a little lay
Of the day's gracious dawning,
And heartfelt tribute I would pay
The sun of early morning.

It's breaking beauty is to me
Uplifting and inspiring;
The flaming wonder that I see
Is ever new, untiring.

Sunset bespeaks the end, the night,
The dark'ning gulf a-yawning;
While sunrise spells the morn, the light.

The joy of things a-borning:

You who are weary and forlorn
With worries agonizing,
Turn faces east at break of dawn,
And see the glad sun rising!
