Help the Sailors!

Page Two of this issue of the Sentinel is given to the Navy, sponsored by the Navy League of Canada and subscribed by the merchants whose names appear on the page. Not one of our readers needs to be told of the great work the men of the sea are doing in these terrible days when they suffer hardships and risk their lives every moment in our defence. The purpose of the page is to draw people's attention to the sailors and the importance of their work and to intensify the Navy League's appeal for magazines and other suitable reading materials the need for which is so great when ships are at sea.

What might have proved a more serious accident occurred last Friday morning when a jeep, driven by Captain Oliver, Cadet Instructor, accompanied by Captain Corby of Saint John, left the road on the lower side of the Meductic bridge close by the home of Randolph Nicholson. The vehicle went down a 20 feet embankment, struck a knoll, turned completely over pinning Captain Corby under the car. It took three men, Randolph Nicholson Harry Durling and Captain Oliver, who was not badly hurt, to lift the car far enough to allow Captain Corby to crawl out. He was so badly injured that it was only with the greatest difficulty that he was able to extricate himself. Firewelling's ambulance from Pokok was summoned and he was rushed at once to the Fisher Memorial Hospital where upon examination he was found to have fractured his pel-

INTERESTING PAPERS BROUGHT TO SENTINEL OFFICE

A CARLETON SENTINEL OF 1848 AND AN 1897 DISPATCH RECEIVED

Kinsman Connell brought to the Sentinel Office this week an interesting paper, a Carleton Sentinel printed in Woodstock in the year 1848, almost a hundred years ago. The paper which was the property of his grandfather, is much smaller than the present day Sentinel. The paper states that one William Haley is the editor and that terms are ten shillings a year if paid in advance and that job printing is promptly executed with neatness and care.

The ads. as always, attracted our particular attention. E. W. Cripps announce his intention of opening a school for the instruction of youth where he hopes to receive a share of the patronage from an enlightened public.

William T. Baird offers bay tools for sale and a Mrs. Clark from Halifax "begs to inform the ladies that she will attend to their dressmaking problems in the premises formerly occupied by Jeremiah Connell."

There are no less than nine notices of sale advertised by Sheriff John F. W. Winslow. The rest of the ads. are for patent medicines guaranteed to cure most of the ills of man.

What strikes the reader most forcibly is the lack of local news. But we must remember that in 1848 there were no daily papers circulating in Carleton County and the Sentinel was the only source of world news. Consequently we read of a diamond weighing 104 karats found in Borneo, and details of an ill fated expedition of Sir John Franklin and his gallant companions to Davis Strait.

Another paper equally interesting although of a much more recent date was placed in our hands by Asa Bragdon, Grafton. It is a holiday supplement of the Dispatch, published December 8, 1897. It contains an article on Woodstock describing the town and its industries among which are listed: two foundries, Connell Brothers and Small Fisher's, Dickinson's Tannery, the

Poppy Sales Greater Than Other Years

SUBSTANTIAL SUMS ARE REALIZED FROM DRAWINGS

Reports of Poppy Sales surpassing all previous records were received at the regular meeting of the Ladies' Auxiliary of the Canadian Legion held in the Legion rooms Tuesday evening, Mrs. LaF. Rogers presiding. Mrs. E. R. Finnamore, convener of Poppy Day sales announced that \$360 had been raised. She expressed thanks to the young lady taggers, the Boy Scouts, the committee in charge and all who had assisted in making the event a success.

Miss Jean Riordan reported \$20 received from a birthday party and \$13.33 from a drawing on a blanket held Armistice night. Mrs. Willard Emery was the winner.

Plans were discussed for packing the usual Christmas boxes for needy veterans. Mrs. R. E. Flewelling, and Mrs. Roy Turner were appointed a committee to interview the Legion regarding names.

Mrs. Roy Turner announced that the pillow cases, donated by Mrs. Herbert Morrell had been drawn and that Mrs. Stuart Carr was the winner. The sum of \$12.40 was realized she said.

Plans were made for holding a mixed card party Thursday, December 3rd with Mrs. H. J. Speer and Miss Jean Riordan as conveners.

Miss Jean Riordan was welcomed as a new member and Mrs. Margaret Clark, Mrs. David Jones and Mrs. Cora Putman, both of Houlton were accepted for membership.
